Dear Ms. Young:

I am writing in regard to your recent correspondence with Mr. Max Holland and Mr. William Blair concerning two documents that appear to be missing from the Arthur Krock papers. Mr. Holland provided the Review Board with copies of his correspondence to and from you, as well as a summary of the verbal reply he received from Mr. Blair. In addition, Dr. William Joyce provided us with copies of his correspondence file in this matter.

Dr. David Marwell, the Review Board's Executive Director, asked me to begin inquiries with your office and with Mr. Blair in an attempt to locate the two documents. It appears that Mr. Krock prepared a handwritten table of contents that listed two documents that did not appear in the typewritten table of contents prepared by the Mudd Library staff (I understand the typewritten list indicates these two documents were missing). The two missing documents, as they appear in Mr. Krock's handwritten list, are:

Kennedy, John F.--Death; Memo by Arthur Krock, 11.22.63, page 340A  
McCone, John A. and Robert Kennedy-Comments on November 22, 1963; Memo,  
12/18/63, Page 346.

When conducting an inquiry of this nature, I usually find it best to begin with the "source documents."

Would it be possible for you to send me copies of any and all correspondence, notes, etc. between Mr. Krock and the Mudd Library archivist(s) who handled what I understand were the several accessions of his papers. If you locate other similar documents I would appreciate receiving copies of those, also. After I've had an opportunity to review those documents, I would like to speak with you by telephone.

Thank you for your time and assistance with my requests. I look forward to speaking with you soon.

Sincerely,

Anne Buttimer, Esq.
