

MEMORANDUM

July 12, 1995

TO: Staff

FROM: David G. Marwell
Executive Director

SUBJECT: Garrison-Era Grand Jury
Testimony

I am attaching a memo from Jeremy (written in his capacity as Acting General Counsel) relating to our receipt today of an unsolicited shipment of records from New Orleans.

Jeremy has recommended that we take certain steps in response to this unusual situation. The one recommendation that applies to the entire staff is the need to keep all information about this matter strictly confidential. I expect that everyone will do so.

I will keep you informed about this matter as events unfold.
