ASSASSINATION RECORDS REVIEW BOARD RELEASES  
ADDITIONAL CIA, FBI, AND HSCA RECORDS

The Assassination Records Review Board today released 127 additional CIA, FBI and House Select Committee on Assassinations (HSCA) documents relating to the assassination of President John F. Kennedy.

The Review Board released 57 CIA documents, 23 in full and 34 in part. These documents relate to the CIA's broad post-assassination investigation of Lee Harvey Oswald, as well as Oswald's trip to Mexico City in the fall of 1963, only weeks before the assassination of President Kennedy.

The Board also released 47 FBI documents, 25 in full and 22 in part. These documents relate in part to the Fair Play for Cuba Committee's reaction to the assassination of President Kennedy. Other documents relate to Oswald's trip to Mexico City.

In addition, the Board released 23 HSCA documents in full which relate primarily to David Ferrie's attempt to get reinstated as a pilot with Eastern Airlines after his dismissal by the airline following the filing of 'corruption of minors' charges against him.

The Review Board voted to release these documents on December 12 and 13, 1995.

The original documents being released have been transferred to the National Archives and Records Administration for inclusion in The President John F. Kennedy Assassination Records Collection, which is housed at the National Archives facility in College Park, Maryland. Requests for copies of these documents should be made to the National Archives.
