Dear Mr. Greene:

Thank you for all of your cooperation in connection with our public hearing on September 17, 1996. The production looked great and we appreciate your efforts to help make our day a success.

It is always difficult to go into another city and try to put together a hearing. We were fortunate to have several very helpful people, like yourself, with whom to work. You and the rest of your crew made things very easy for us.

Again, thanks for your time and cooperation. You have a very polished and professional operation and we benefited greatly from it.

Sincerely,

Thomas E. Samoluk  
Associate Director
