Dear Mr. Phelps:

Thank you for your May 28, 1996 letter to the National Archives, which was forwarded to our agency.

The Review Board has received a large volume of information regarding the assassination from the public. All of this information is carefully reviewed to ensure that the Board accomplishes its mandate in an effective and efficient manner.

It is not the Board's responsibility under the law to answer the questions that remain concerning the Kennedy assassination and its aftermath. However, it is our duty to do our best to find all of the remaining assassination records and secure them at the National Archives so that the public has full access to them.

Again, thank you for writing and for your interest in the Review Board.

Sincerely,

Thomas E. Samoluk, Esq.

Associate Director for Communications
