

May 14, 1996

Mr. Robert S. Sloan  
City Secretary  
Dallas City Hall  
Dallas, Texas 75201

Dear Mr. Sloan:

I would like to thank you for taking the time out of your busy schedule to meet with me on April 30, 1996 after I had reviewed the collection of Dallas Police Department photographs related to the investigation into the assassination of President Kennedy.

The work that you and your staff have done to preserve and make these photographs available to the public is impressive and an important part of the historical record. Ms. Cindy Smolovik was very helpful during my review of the collection.

As a follow-up to my visit, we would like to contact you again in the near future to discuss in more detail the most cost effective and efficient manner in which to obtain a set of photographs for The President John F. Kennedy Assassination Records Collection at the National Archives.

Again, thank you for the cooperation that you and your staff have given to the Review Board.

Sincerely,

Thomas E. Samoluk, Esq.  
Associate Director
