

February 28, 1995

Dear

On behalf of the Assassination Records Review Board, I would like to take this opportunity to thank you for agreeing to address the Board at a public meeting to be held in Boston on Friday, March 24, 1995. The meeting is scheduled for 10:00 a.m. in Room A-1 on the first floor of the State House. Because the Board will hear from you and other experts as one of the first items on the agenda, we ask that you arrive at 9:45 a.m.

As I know you are aware, the Records Review Board is an independent federal agency created to oversee the identification and release of records related the assassination of President John F. Kennedy. The Board is not re-investigating the assassination. The law gives the Board the mandate and the authority to identify, secure, and make available to the American public all records related to the assassination of President Kennedy at the National Archives.

The Congress made clear that the Board is to use the expertise that individuals such as yourself have gained through many years of research. Consistent with this intent, the Board is requesting your assistance in identifying assassination records which have not previously been disclosed to the American public. The Board has set aside 10 to 15 minutes for the presentation of each expert. It would be beneficial if you could provide the staff with prepared written remarks by March 17, 1995.

This letter will be followed by a telephone call from Tom Samoluk to schedule a brief meeting at your convenience to discuss your planned presentation. Tom will be in Boston during the week of March 6th and will contact you to schedule a meeting prior to his arrival.

-2-

Again, thank you for agreeing to join the Board at its public meeting in Boston on Friday, March 24th. Please do not hesitate to contact Tom Samoluk at (202) 724-0088, ext. 227, if you have any comments or questions. We look forward to seeing you and appreciate your cooperation in this matter.

Sincerely,

*David G. Marwell
Executive Director*
