Subject: Board Meeting Information

COMMENTS:

John:

Per your request, some information on Board meetings:

The Board has convened a total of 29 times

16 meetings have been to consider documents

4 meetings have been public hearings

9 meetings were part of the start-up process involving administrative matters, policy matters, developing guidance on defining "assassination records," before the actual consideration of documents began

Total 29

Other notes: The first Board vote on releasing records came on June 7, 1995

The first records actually released were on July 21, 1995

Our computer person is going to run a program on Sunday to generate some numbers on released information versus sustained postponements (what the agencies want to keep secret). I hope to have those numbers for you on Monday.
