Subject: "Intercept" Document

COMMENTS:

John:

Per your request, I am faxing:

1. The page of the "intercept" document with the paragraph that the Board agreed to keep redacted; and
2. The substitute language (highlighted) the Board released in an effort to "push the envelope" and make as much information public as possible, while protecting the specific text of the document, which they determined still required protection.

Hope it helps.

Tom
