

September 8, 1997

Mr. Richard Barnes  
5335 Wisconsin Avenue  
Suite 440  
Washington, DC 20015

Dear Mr. Barnes:

On behalf of the Assassination Records Review Board, I would like to take this opportunity to thank you for your recent donation of Associated Press wire copy to The President John F. Kennedy Assassination Records Collection at the National Archives and Records Administration. This donation to the Collection adds an important dimension to the historical record of the assassination.

Please know that the Board recognizes and appreciates the fact that you reached out to us and advised us of the important records that you had saved all these years. Your cooperation should serve as model for all private individuals who possess historical records that would enrich the record of the assassination and be of interest to the American public.

Again, thank you for the donation and all of your cooperation.

Sincerely,

John R. Tunheim  
Chair
