Dear Mr. McCullough:

Thank you for your April 3, 1997 letter to Chairman Tunheim.

We appreciate your support. However, we are not allowed to accept contributions to support our efforts. This would constitute an unauthorized augmentation of our appropriation. Although it is not standard practice, I have enclosed your original letter to the Board because there is money attached to it. I have kept a photocopy on file here.

Please be assured that the Review Board is dedicated to fulfilling its mandate to identify, review, and place in the National Archives all records related to the assassination of President John F. Kennedy. In fact, the Board recently asked Congress for a one year extension. This time is needed to complete the job and to enhance the historical record as best possible.

Again, thank you for writing and for your support of the Board's efforts.

Sincerely,

Eileen A. Sullivan
Assistant Press and Public Affairs Officer
