

August 6, 1998

Dear :

Thank you for your interest in the work of the Assassination Records Review Board. The Board has received many comments and requests from the public regarding the recently released medical and autopsy reports.

The Review Board is attempting to respond to the public inquiries regarding the Parkland Hospital medical staff. To the extent that the Review Board obtains additional relevant information on medical evidence or the autopsy, it will be released to the public before September 30, 1998.

Sincerely,

Laura A. Denk
Executive Director
