Appropriations Subcommittee
United States House of Representatives
B-307 Rayburn House Office Building
Washington, DC 20515

Dear Mr. Chairman:

As I know you are aware, the Assassination Records Review Board is seeking an additional year to complete its mandate. We have been working closely with your staff and appreciate the attention that they have given to this matter.

For your information, I am enclosing letters in support of an extension for the Review Board from the American Historical Association, the Organization of American Historians, and the Society of American Archivists. These are the three professional associations that the President (as mandated by The President John F. Kennedy Assassination Records Collection Act of 1992) consulted before nominating the members of the Board. In addition, I have enclosed letters of support from Dr. Athan Theoharis of Marquette University, who testified at one of the original hearings on the Act that created the Review Board and Dr. Priscilla Johnson McMillan of Harvard University, who testified at a public hearing we conducted in Boston, Massachusetts.

I hope these letters from the scholarly community are helpful as you consider the question of an extension for the Review Board. Please do not hesitate to contact me at (202) 724-0088, ext. 232, if you or your staff have any questions or require additional information.

Sincerely,

David G. Marwell
Executive Director
