Dear Mr. Ravnitzky:

I am writing in response to your February 18, 1998 letter to me and Tom Samoluk. We reviewed your letter in which you suggested that the Review Board pursue whether or not the Sensitive Records and Information Agency (SRIA) possesses any records that relate to the assassination of President Kennedy. Our inquiry revealed that the SRIA does not hold any information that is relevant to the assassination.

I have attached a memorandum, written by Review Board staff member Jim Goslee, regarding this inquiry. If you have additional questions regarding this matter, please do not hesitate to contact me at (202) 724-008, ext. 253.

Sincerely,

Eileen A. Sullivan  
Press and Public Affairs Officer
