Dear Mr. Twyman:

Today we received a new copy of your book, *Bloody Treason*. I checked the errata sheet in both the book and on your website, and noticed that there still was no correction regarding the inaccurate information pertaining to Review Board Executive Director Jeremy Gunn on page 386.

This information is incorrect, and we trust that you will take responsibility for including such a correction in an updated errata sheet. I am enclosing the correspondence between you and Dr. Gunn in which this matter appeared to be rectified.

Sincerely,

Eileen A. Sullivan  
Press and Public Affairs Officer
