

## MEMORANDUM

August 5, 1998

To: Laura Denk

From: Sarah Ahmed

Subject: Secret Service Request 18, Organized Crime Files

I have completed my review of all the files the Secret Service provided regarding organized crime figures. File Number CO-1-8390 contained relevant material. This material includes lists of names and addresses of organized crime figures, several of these individuals are included in the HSCA organized crime collection. One folder contains a memo from Attorney General Robert Kennedy inquiring about organized crime in March of 1961. The final document is a press release dated January, 1964 from President Johnson commending the efforts of federal officials and the Attorney General against organized crime. These documents add value to the collection because they demonstrate the government's interest in organized crime.
