Re: United States Secret Service Records Considered at the August 6, 1998 Review Board Meeting

Dear Ms. Vezeris:

At its August 6, 1998 meeting, the Assassination Records Review Board determined that the following Secret Service documents are assassination records. I am writing in order to provide you with additional information to identify these designations.

1. Twenty-five abstracts regarding individuals who were involved in the anti-Castro movement. The case number is 127-CO2-0033115. (March 18, 1959)
2. Organized Crime Files: a list of names and addresses of organized crime figures, a memo from Attorney General Robert Kennedy to Mr. Baughman inquiring about organized crime figures, and a press release dated January 1964 commending the efforts of federal officials and the Attorney General. The case number is CO-1-8390.
3. Four teletypes all from the White House Situation Room to John Campion. All documents are dated in March of 1963.
4. Log Book of Protective Intelligence Files opened during the 1960's.

We ask that you prepare record identification forms and transmit these records to the JFK Collection. If the documents are released in full by Secret Service, please send them to the National Archives by

September 30, 1998. If the Secret Service does have postponements, then the processed documents should be sent to the Review Board to be voted on at the next meeting on September 8-9, 1998.
