Dear Director Bowron:

Thank you for making time in your schedule to meet with the board members of the Assassination Records Review Board last week. It was a pleasure to meet with you and staff from your agency who are involved in implementing the legislation that created the Review Board and mandated the creation of the John F. Kennedy Assassination Records Collection.

On behalf of the Review Board, I also wish to express our deep appreciation for your expression of support for the Review Board's work and willingness to assist us in the future. The Secret Service's cooperation will be very important to the Review Board's successful completion of the task set for us by Congress. We also greatly appreciate all of the assistance provided by Donald Persinette of the Office of General Counsel in making the arrangements for our meeting.

The Review Board found it extremely useful to meet with you and your staff in what we believe was a mutually beneficial exchange of views. The board members and the Review Board staff look forward to working closely with the Secret Service to identify and place in the John F. Kennedy Assassination Records Collection at the National Archives all assassination records that your agency may have or have generated. If you have any questions, please do not hesitate to give me a call at 724-0088.

Sincerely,

David G. Marwell
Executive Director
