*Jan 18 #2 -- Got package, agrees we should try to release; will check with Peter Maier at DOJ and FBI OGC attorneys and get back to me.*

*[Issue re outstanding FOIA requests -- applying or citing FOIA exemptions instead of Act's exemptions for requests for these documents? Says they do that so they can be sued, if nec. I suggested that was wrong approach, the Act requires processing under more relaxed standards of the act and citing a FOIA exemption implies they didn't apply the proper standard. He says they would have applied the appropriate postponement standard but since they can't be sued under the Act (pending the DC Circuit decision) they would invoke the FOIA. We'll discuss this again in detail later.]*
