

Memorandum

RE: Review of Church Committee documents in Box 28, Folder 2 on Gerry Hemming
FILE NO: 4.0.2 Hemming

This file dealt with an interview a staffer had with Gerry Hemming. There was nothing of note in the memo the staffer wrote except that he said Hemming had related a number of incidents of attempted assassinations of Castro and Trujillo. The staffer noted that the transcript of this interview was tape-recorded. The folder at NARA did not have the interview in it.
