Re: Review of Records from Pentagon Telecommunications Agency

Dear Mr. Howard:

As we previously discussed on the telephone, staff members from the Assassination Records Review Board are preparing to review microfilm records from the Pentagon Telecommunications Agency. The PTC records for 1963 and later remain in the custody of the US Army at the Federal Records Repository in Suitland, MD.

We request that you arrange the withdrawal from Suitland of the PTC microfilm records for the years 1963 and 1964, as well as any indexes or finding aids for these records. These materials should be delivered to:

US Army Center of Military History
1099 14th Street, N.W.
Washington, D.C. 20005-3402

The point of contact at the Center of Military History is Dr. Bob Wright, 202-761-5416. Through prior coordination with Dr. Wright, he has assured us that these materials will be kept in a classified storage area while they are at CMH.

Thank you for your assistance. If you have any questions or need to work out any unforeseen difficulties, please call me at 202-724-0088.

Sincerely yours,

Timothy A. Wray
Chief Analyst for Military Records
