Dear Mr. Agel:

Thank you for your letter of February 13, 1995 regarding the materials you previously sent to the Review Board.

The Review Board has received a large volume of information regarding the assassination from the public. All of this information, including what you have provided to the Board, will be carefully reviewed to ensure that the Board accomplishes its mandate in an effective and efficient manner. As I know you are aware, it is not the Board's responsibility under the law to answer the questions that remain concerning the assassination and its aftermath. It is our duty to do our best to find all of the remaining assassination records and secure them at the National Archives so that the public has full access to them.

Again, thank you for your continuing interest in the Review Board. 1

appreciate your taking the time to write to us again.

Sincerely,

*Thomas E. Samoluk, Esq.
Press and Public Affairs Officer*

Dear Mr. Agel:

This is to acknowledge receipt of your letter of March 18, 1995.

First, per your request, we will send you a copy of the transcript from the Boston public meeting, when it becomes available to us.

Second, you noted in your letter that you have not received a response from the Board members regarding your "Jackie theory." My responses to you are on behalf of the Review Board.

Third, as I stated in my letter of February 21, 1995, it is not the Board's mandate under the law to solve the assassination or evaluate theories. It is the Board's responsibility to find all of the remaining assassination records and make them available to the American public. It is a responsibility which the Board members take very seriously. If you have information which relates the Board's mandate to locate and make available assassination records, please provide us with such information.

Thank you for your continuing interest in the Review Board.

Sincerely,

*Thomas E. Samoluk, Esq.
Press and Public Affairs Officer*
