Dear Mr. President:

On behalf of the Assassination Records Review Board, I would like to take this opportunity to thank you for approving the use of a hearing room for our March 24, 1995 public meeting at the State House. Having the meeting at the State House allowed many more interested citizens to view the proceedings. Your cooperation also allowed us to function in an open and accessible manner, consistent with the clear intent of the Congress in creating the Review Board.

Again, thank you for your cooperation. We appreciated your time and attention to this matter.

Sincerely,

John R. Tunheim
Chair
