Dear Mr. DeBenedictis:

Thank you for the information which you recently left for the Review Board upon your visit to our offices in Washington. We appreciate your taking the time to stop in.

The Review Board has received a significant volume of information regarding materials that people would like to see included in the President John F. Kennedy Assassination Records Collection. All of this information will be reviewed, including what you have provided.

Again, thank you for the information which you left for the Review Board. We appreciate your continuing interest in the Board's work.

Sincerely,

Thomas E. Samoluk, Esq.
Press and Public Affairs Officer
