Dear Ms. Gladstone:

Thank you for your recent Internet message to David Marwell. Mr. Marwell has asked me to respond to you.

Please be assured that the Review Board is committed to ensuring the broadest possible release of records related to the assassination of President John F. Kennedy. Although it is not our responsibility under the law to answer the questions that remain concerning the assassination and its aftermath, it is our duty to do our best to find all of the remaining records and secure them at the National Archives so that the public has full access to them.

I have enclosed some materials for your information to demonstrate that the Review Board is attempting to function in a very public way, consistent with the intent of the United States Congress. In addition, I will put you on our mailing list.

Again, thank you for your interest in the Review Board. We appreciate your taking the time to convey your thoughts.

Sincerely,

Thomas E. Samoluk, Esq.  
Press and Public Affairs Officer
