Fiancé and I are Friends of Nancy Korman

She says that you have given her the best advice and gotten her the best deals

Fiancé and I have planned a honeymoon for Jamaica in October

We have not put any money down

Have reservations at a private villa

No air arrangements

Thought about going to Europe for six days then to Jamaica

Airfare reportedly prohibitive and suggestion was to go round trip to Europe from Boston and then round trip Boston to Jamaica; seems like a lot of traveling

Plus, concerned about weather in Jamaica

Questions:

1. The European idea; any thoughts?
2. Weather in Jamaica in October-November?
3. Familiar with any of these villas, safe, fun?
4. Other islands where private villa, with a pool, staffed - maybe Hawaii?
