Dear Bob:

I would like to thank you for taking the time to come back to Santa Monica and review the records in the footlockers with me. Please be assured that I realize that it is a difficult process for you and that we have placed additional burdens on you. Your cooperation and patience is much appreciated by the Review Board.

Given the possibility that your father had possessed records related to the assassination of President Kennedy, it was important for the Review Board to have a representative present to examine what he had saved. As burdensome as this exercise was for you and Dee, it was important under the Review Board's law and for history to know what was there. I am glad that we are in agreement that any records relevant to the assassination should be available to the American public.

Again, thank you for all of your assistance. I was glad that I was able to join you, Dee and Larry for dinner.

We look forward to you contacting us if any records relevant to the assassination become known to you.

Sincerely,

Thomas E. Samoluk, Esq.  
Associate Director for Communications
