Dear Mr. Powers:

I recently received prints of the negatives which you graciously provided to me when we met at your house a few months ago. I have enclosed an 8" X 10" print of one of the negatives for you. Upon inspecting the prints made from the three film frames, it became apparent that all of the negatives are of the same frame of your original film; probably the last one.

We have much more work to do with the records at the Kennedy Library and are still interested in pursuing your original film. Hopefully, it will turn up with the boxes of materials which you turned over to the Library.

Again, thank you for your time and invaluable contribution to the work of the Review Board and history. I hope you and your wife are doing well in the new year.

Sincerely,

Thomas E. Samoluk, Esq.
Associate Director
