Boston Visit Planning Underway

David Marwell has had preliminary discussions with

Brad Gerratt, Director of the John F. Kennedy Library about a Board visit to Boston on March 23rd and 24th. Staff planning for the visit is continuing.

Analysts Travel to Federal Records Center

This week, Jeremy Gunn, Gene Burpoe, Kevin Tiernan, Phil Golrick, Michelle Seguin, and Eric Scheinkopf spent two days

several agencies, including the Drug Enforcement Administration, the Justice Department, the State Department and the CIA.

at the Federal Records Center (FRC) in Suitland, Maryland.

The FRC, which is operated by the National Archives, is a depository for federal agency records.

The Archives has physical, but not legal custody of agency records.

All records stored by the FRC are identified by accession forms. The analysts reviewed these forms which provide valuable information on agency filing systems and records under the control of the agencies. Several good leads were discovered for future inquiries into documents.
