Dear Ms. Stewart:

Thank you for your recent letter to Dr. Anna K. Nelson regarding the Assassination Records Review Board. She has asked me to respond to you.

I have enclosed an information packet which was distributed at our public meeting in Boston, Massachusetts on March 24, 1995. In addition, I have enclosed copies of various news articles in which the Review Board and the law which created the Board are mentioned. I have also enclosed a 1993 article from the South Texas Law Review on the assassination. I provide this article, without comment on its content, as a source of a wide range of citations. Your local library should have a collection of books on the assassination of President Kennedy.

Thank you for your interest in the Records Review Board. Good luck on your term paper.

Sincerely,

*Thomas E. Samoluk, Esq.
Press and Public Affairs Officer*
