Dear Dr. Robertson:

Thank you for your October 26, 1994 letter regarding your interest in the personal papers of Warren Christopher that are in the possession of The Jimmy Carter Library and the general issue of compliance by Presidential libraries with The John F. Kennedy Assassination Records Collection Act of 1992. Please accept my apologies for the delay in sending you a response. The Review Board has received a large volume of correspondence to which we are responding as quickly as possible.

Please be assured that your letter will be reviewed carefully. The Review Board will clearly have to make a determination on which records meet the definition of an "assassination record." The Board is committed to ensuring the broadest possible release of records related to the assassination of President Kennedy within the parameters of the law. Although it is not our responsibility to answer the questions that remain concerning the assassination and its aftermath, it is our duty to do our best to find all of the remaining records and secure them at the National Archives so that the public has full access to them.

Again, thank you for your interest in the Review Board. I appreciate your taking the time to convey your thoughts and identify this particular area of concern to you.

Sincerely,

David G. Marwell
Executive Director
