16 February 1954

C

On Friday, 12 February, 1954, the writer contacted [REDACTED]

The writer had talked with [REDACTED] on the telephone and explained that he was interested in a device known as the Ace Auto-Injector which was invented and owned by Stanley J. Sarnoff who is associate professor of the Department of Physiology at Harvard University. [REDACTED] procured one of the ACE Auto-Injectors for the writer and a [REDACTED] report on the device. In addition, [REDACTED] who is cleared for contact by this Office, furnished the writer with other devices of a similar nature.

H-B/3

C

[REDACTED] was extremely co-operative and promised the writer he would continue his search through his own channels for devices he believed to be of interest to the writer without disclosing Agency interest.
