D R A F T

TO : Chief, Security Research Staff
 FROM : Chief, Technical Branch
 SUBJECT : Information, Request for from ~~CIS~~/TSS
 REFERENCE: TB Letter to ~~██████████~~, 27 July 1954
 A Subject:

Handwritten notes:
 Done
 with [unclear]
 A
 1700 [unclear]

G

1. Referenced letter requested full reports on certain botanicals which you were to be studied and examined by ~~CIS~~/TSS and upon which this office had received no information of value since date of delivery in March-April 1953. This letter also pointed out urgency of such information in view of commitments with ~~██████████~~ on highly classified project now developing.

2. In view of above mentioned project with which you are totally familiar, it is also urgently requested that an official memorandum be addressed to ~~CIS~~ requesting all available information on the items which are set out below. This request, of course, is fully in line with ~~CIS~~ participation and membership in the ARTICHOKE conference.

Z

3. In this connection, it is believed ~~CIS~~ ARTICHOKE representation can be informed (if they have not been already so informed) that a highly sensitive project will soon be set in motion which will require the latest and most advanced scientific information and which will involve ultimate type experiments on human beings never previously attempted.

4. For these reasons this office would like to obtain from ~~CIS~~ all data (including toxicity reports, techniques of administration, experimental studies and results, etc.) of the following substances and any additional

substances previously studied or now being studied by ¹²³ along psycho-chemical lines and not mentioned herein:

X A. LSD-25

B. Mescaline

X C. Cannabis

D. Chlorpromazine

SKF " _____ "

E. Cocaine

F. Desoxyn

G. Dolitrone

H. Harmaline, Harmine

I. Muscarine

J. Nicotinic Acid

K. Pervitin

L. Rauwolfia Serpentina

"Reserpine", "Serpasil", "Serpiloid"

Benzedrine

X Scopolamine (Solanaceae)

X Barbiturates (any new forms)

Methydrine

We should also like to have from TSS experts, their views, opinions and ideas which can be used (or for that matter tested) in the above mentioned project and which bear upon psycho-chemical activity or chemical
