During the past few months the emphasis of studies on drugs has shifted from sternutatory drugs to drugs which may aid in the treatment of the schizophrenic patient either by altering metabolism or producing sedation.

A

[redacted] has been with us since December 1, and has tried many of these drugs in human volunteers. In order to expedite the research he has offered these subjects \$5.00 to \$10.00 per trial for each drug. This, plus other elaborations of our research program will cause us to incur a deficit if we continue spending at our present rate.

We, therefore, wish to request additional funds at the half year mark, namely: February 18, 1954. These needs can be itemized as follows:

	Stipends for volunteers.	200/mo. x 6 =	1200.00
C	Travel of Doctors	30/mo. x 6 =	180.00
C	Assistance of [redacted] (Neurosurgeon)	400/mo x 7 =	2800.00
	Institutional overhead 10%		418.00
			<u>4598.00</u>

Yours sincerely,
