MEMORANDUM FOR DR. ~~FLAX~~

VIA: General Berg

SUBJECT: Project UPWARD *file*

Dr. Seamans has gratefully acknowledged your action decontrolling the (-9) mapping camera for NASA application and has provided a brief status report related to the security close out of project UPWARD within NASA.

The "terms of reference" related to the security de-control of the (-9) mapping camera, which your earlier correspondence indicated would be prepared, is currently being negotiated by myself with SAFSP and NASA. I estimate completion by 15 January. Dr. Seamans expresses confidence that NASA can use the hardware within the restraints imposed by your memorandum.
