Research Library

The Beale Cypher Association's Research Library contains a number of published and submitted reports, articles, and technical and scientific memoranda concerning the Beale ciphers as well as the Beale story in its historic and social perspectives. This material is available to you in copy form with the copying done on modern white paper copying machines.

In keeping with the most recent interpretation of United States laws governing copy rights, the Beale Research Library can provide you with a single copy only, of copyrighted material (marked with * in our list below) for your personal use. Unprotected material as well as material in the public domain can be supplied in as many copies as may be desired.

The prices stated in our list include our handling and postage charges for mailing to United States and Canada; for any other countries please add US \$1.00 per order. All our copying are done by volunteer help; thus, some delay may be encountered in filling your order.

Note, all orders for copies must be accompanied by a check or money order made payable to the Beale Cypher Association and must be in US Dollars. Members of the Association are entitled to a 10% discount on all orders. Please, use our order form.

For proper identification use our Reference Number plus a few words from the title of the item.
