Dear Mr. Greenwald:

This is in response to your request received on March 31, 2009, at the NASA Headquarters FOIA Requester Service Center, pursuant to the Freedom of Information Act (FOIA) requesting a *listing of all videos produced by NASA in 2007 and 2008*.

Per our e-mail sent to you on Sunday, December 6, 2009 you were informed that:

- This office has reviewed your request and considers your request very broad. In your FOIA request, you use phrases such as, "all videos produced by NASA", although we are one NASA, each Center maintains its own video production.
- Your request would be processed through the Headquarters FOIA requester service center and would be answered on behalf of our office.
- Also; we would forward your request to each center as a direct reply to you.

Therefore, the NASA Headquarters Television Division located in the Office of Public Affairs conducted a search and from that search provided the enclosed documents responsive to your request.

We apologize for the delay in processing your request and appreciate your patience.

Sincerely,

A handwritten signature in cursive script that reads "Denise Young".
