March 5, 2014

Mr. John Greenwald, Jr.

Dear Mr. Greenwald,

This letter is in response to your Freedom of Information Act (FOIA) request that you sent to Selective Service System DMCSupport and received in this office on March 4, 2014, seeking a copy of the Selective Service System Registration Inquiries Manual – RI Manual. A copy of the Manual is enclosed.

If you consider this response to be a denial of your request, you may file an appeal. Your appeal must be received within 30 calendar days of the date of the initial denial letter by the Director of the Selective Service. Please address your appeal to the following office:

Mr. Lawrence G. Romo
Director
Selective Service System
1515 Wilson Blvd.
Arlington, VA 22209

Your appeal must include a copy of the original request, the response to your request, and a statement of the reason the withheld records should be made available and why the denial of the records was in error. The submission is not complete without the required attachments. The appeal letter and the envelope, should be clearly marked "**Freedom of Information Act Appeal.**"

If you choose not to appeal, but have any questions about the way we handled your request, or about our FOIA regulations or procedures, please contact the Office of Public & Intergovernmental Affairs at 703-605-4100.

Sincerely,

A handwritten signature in black ink, appearing to read "Jim C. Flahavan".
Chief FOIA Officer

CHAPTER I

INTRODUCTION

I. REGISTRATION INQUIRIES MANUAL PURPOSE AND SCOPE

The Registration Inquiries Manual (RI Manual) contains guidance for the handling of registration-related inquiries concerning registrants born after December 31, 1959. It is an internal manual which sets forth specific responsibilities within the Agency for this activity. The Manual includes guidelines for standard and nonstandard responses, written or telephonic registration inquiries, and registrant inquiries from Federal law enforcement and investigative agencies. Samples of and guidelines for other types of standard responses, i.e., Status Information, Compliance, and "Prior" Letters, are included in separate Selective Service publications.

II. DEFINITIONS

A. STANDARD RESPONSES

Standard responses are established standard letters and paragraphs with a predetermined text as set forth in Chapter II. Individually tailored responses, using combinations of standard narrative letters and sentences provided in Chapter II for routine inquiries, are included in the definition of standard responses. Standard responses are issued by the Data Management Center (DMC) and Region Headquarters.

B. NONSTANDARD RESPONSES

Nonstandard responses are those which establish new policy, involve controlled correspondence, or address unique issues not covered by the standard responses. Nonstandard responses are prepared by the appropriate National Headquarters office in accordance with Chapter III.

C. REGISTRATION INQUIRIES

Registration inquiries are written or telephonic inquiries concerning Selective Service registration procedures or individual registrant records. Procedures for responding to written inquiries are defined in Chapter II. Procedures for responding to telephone inquiries are defined in Chapter IV.

D. COMPUTER-GENERATED CORRESPONDENCE

Computer-generated correspondences are letters and postcards produced from Selective Service data bases or computer files. Samples of computer-generated correspondence are included in Chapter V.

E. INQUIRIES FROM FEDERAL LAW ENFORCEMENT AND INVESTIGATIVE AGENCIES

These are written or telephonic inquiries from Federal law enforcement and investigative agencies, such as the Department of Justice, U.S. Attorney's Office, Federal Bureau of Investigation and the Defense Investigative Agency, concerning men's registration records. Federal law enforcement agency request procedures are defined in Chapter VI. Sample responses are provided in Attachment VI-A. Routine court-acceptable affidavits are also provided to requesting agencies. Sample affidavits are provided in Attachment VI-B.

III. RESPONSIBILITIES

A REGISTRATION DIVISION

The Manager of the Registration Division (OP/REG) is responsible for developing registration policies and preparing standard and nonstandard responses concerning registration and compliance issues. Newly-developed policies will be submitted to the Associate Director for Operations (OP) for approval.

B. REGION HEADQUARTERS

Region Headquarters are responsible for standard responses to written or telephonic registrant inquiries received at the Region Headquarters if they do not require a change to, or inquiry of, the Registration and/or Compliance data bases.

C. DATA MANAGEMENT CENTER

The Data Management Center (DMC) responds to inquiries received at the DMC or refers them to other information sources, as appropriate; all record checks and actions on registrant files; all changes to, or inquiries into, the Registration and Compliance data bases, including related standard responses; and produces standard responses to written or telephonic registrant inquiries.

D. PUBLIC AND INTERGOVERNMENTAL AFFAIRS

Public and Intergovernmental Affairs respond to all congressional written and telephonic inquiries, requesting input from OP/REG on registration program and policy issues, as appropriate. It is also responsible for controlling, routing for action, and tracking all Congressional correspondence, White House referrals, Freedom of Information Act (FOIA) and Privacy Act requests, and general correspondence relating to registrations. The Records Manager (PIA) is responsible for responding to all inquiries invoking the Freedom of Information and Privacy Acts.

E. OFFICE OF THE GENERAL COUNSEL

The Office of the General Counsel (GC), National Headquarters, is responsible for responding to all inquiries having legal implications from any Federal law enforcement agency. GC will route requests for record checks from these agencies to the DMC for appropriate action. GC has delegated responsibility to the DMC for issuing standard responses to requests for status information letters for non-registrants, registration status information, and court-acceptable affidavits (see Chapter VI for Federal law enforcement agency request procedures).

IV. REGISTRATION INQUIRIES MANUAL ADMINISTRATION AND MAINTENANCE

A. GENERAL

The Registration Inquiries (RI) Manual is organized and revised in accordance with the requirements of Chapter 765 of the Administrative Services Manual. OP/REG is responsible for the overall maintenance of the RI Manual and will coordinate proposed revisions with the appropriate senior staff.

B. MAINTENANCE AND DISTRIBUTION

As changes occur, the Registration Division is responsible for distributing copies of Change Notices to appropriate RI Manual holders at National Headquarters, the DMC and Region Headquarters.

CHAPTER II

STANDARD RESPONSES

I. GENERAL

The Selective Service System has developed Registration Information (RI) standardized letters, and compliance letters to be used when responding to registration inquiries, concerning registrants born after December 31, 1959. Selective Service also developed standard Status Information Letters (SILs) which are used to respond to registration status requests. Sample copies of all standard letters are contained in Attachment A following this Chapter. They are identified by the letter "L" preceding a 3- or 4-digit alpha-numerical code. Standard paragraphs are contained in Attachment B and are identified by the letter "P" preceding a 3-digit numerical code. Standard compliance letters are contained in Attachment D and are identified by the number "6" or "7", preceding by one or two alphabetical letters. Standard SILs are contained in Attachment E and are identified by the letter "A", "D" or "P" and preceding by a number or a letter.

II. PROCESSING OF INQUIRIES

A. **ROUTING BY NATIONAL HEADQUARTERS MAILROOM**

The National Headquarters mailroom will sort all registration inquiries received at National Headquarters and route them to the Data Management Center (DMC) for response. However, easily distinguishable nonstandard inquiries, such as Congressional or FOIA requests, will be routed to PIA for processing. PIA will assign central file numbers and suspense dates to the correspondence and forward it to the appropriate National Headquarters office for action. (See Chapter III for nonstandard responses.)

B. **DATA MANAGEMENT CENTER PROCESSING**

The DMC will prepare responses to registration inquiries received at the DMC, including those forwarded by National Headquarters, determining the type of response required and whether a change to the data base must be made. The DMC will respond with an appropriate standard letter or combination of standard paragraphs. If the correspondence requires a nonstandard response, the DMC will forward it to PIA for processing and assignment to the appropriate National Headquarters office (see Chapter III

for nonstandard responses). If the nonstandard response requires a change to the data base, the DMC will make the change to the data base before forwarding the package or, in unusual cases, will await National Headquarters' direction before making changes to records. The Action Offices will forward copies of their responses to PIA, together with the original packages. The DMC will receive a copy of the response together with the incoming correspondence.

C. REGION HEADQUARTERS PROCESSING

Region Headquarters will prepare responses to registration inquiries received at Region Headquarters, utilizing standard letters or a combination of standard paragraphs.

Correspondence addressed to Region Headquarters requiring data base changes, requests for registration verification, or notification of the death of a registrant, will be forwarded to the DMC at the following address:

Selective Service System
Registration Information Office
P.O. Box 94638
Palatine, IL 60094-4638
ATTN: Research Department

Correspondence received by Region Headquarters requiring nonstandard responses will be forwarded to PIA for processing and assignment to the appropriate National Headquarters office for action. (See Chapter III for nonstandard responses.)

III. SUSPENSE FILES

Suspense files will be maintained by the DMC for the following correspondence categories:

A. ALIENS

A letter and/or Mail Correction/Change Form (SSS Form 3B) received at the DMC claiming that the individual is an alien and, therefore, not required to register is held in suspense until the originator provides proof of his nonimmigrant alien classification. The DMC will send an RI Standard Letter L002A requesting the proof.

B. DATE OF BIRTH CHANGES

Letters and/or SSS Forms 3B received at the DMC from already registered individuals requesting date of birth corrections that will exempt them from registering (i.e., out-of-range birth date) are held in suspense. The DMC will send the RI Standard Letter L016A to these registrants requesting proof of their date of birth.

C. NAME CHANGES

Letters and/or SSS Forms 3B received at the DMC from already registered individuals requesting name changes are held in suspense. The DMC will send the RI Standard Letter L036A to the registrant requesting official documentation, such as a court order, as proof for the change.

The DMC will retain correspondence in suspense files for a period of six months, after which it will be destroyed if no reply has been received.

IV. RETENTION OF CORRESPONDENCE

A. CORRESPONDENCE WITH CHANGE TO REGISTRANT RECORD

If a change to a registrant's record is deemed necessary as a result of his correspondence, the change will be processed by the DMC and will become a permanent part of the registrant's record. The basis for the change, the correspondence itself and/or an internal change of information form, will only be microfilmed if it involves a Name and DOB change.

B. GENERAL AND CONTROLLED CORRESPONDENCE WITHOUT CHANGE TO REGISTRANT RECORD

General inquiries from the public will be retained by the action office for three months after which the documents will be destroyed. The official record copy of controlled correspondence is retained at NHQ for a period of six years.

C. CORRESPONDENCE SUBSTITUTING AS REGISTRATION FORM

Correspondence that serves as proof of signature and/or the basis for registration will be retained until microfilmed, after which it will be destroyed. This category includes, but is not limited to: (1) RI Standard Letters L028 that have been completed and/or signed by possible registrants and returned to the DMC; (2) handwritten correspondence from individuals to the DMC asking to be registered; and, (3) data on possible registrants submitted to the DMC

by Workforce Investment Act (WIA) Program officials, when signed by the applicants.

V. VARIABLE INFORMATION USED ON STANDARD LETTERS

When keying variable information, only use abbreviations and rules for capitalization and punctuation from guidelines which have been issued by the Director's office. If no internal guidelines exist, refer to the "Style Manual" published by the U.S. Government Printing Office.

When keying the salutation, (Dear...), use the addressee's last name only, preceded by Mr., Mrs., Miss, or Ms., as appropriate. If the addressee is a company, organization, etc., use "Dear Sir or Madam."

When keying the typist's initials, use three initials, in lower case only.

VI. PROCEDURES FOR RI STANDARD LETTER AND PARAGRAPH CHANGES OR ADDITIONS

All RI letter and paragraph changes and additions proposed by the DMC will be coordinated via electronic mail with CD(REG) to eliminate the need for retyping the text during the review, coordination, interim and final approval process. Changes proposed by Region Headquarters should continue to be submitted to CD(REG) via mail. The following examples of file codes which have been established for the automated review and approval process of standard RI letters and paragraphs identify the status of individual change proposals:

| <u>NAME OF FILE</u> | <u>STATUS OF LETTER/PARAGRAPH</u> |
|--------------------------------|---|
| L002.REV | Letter change/addition proposed by DMC |
| L002.APP | Interim approval of letter by MOB |
| L002 | Official approval of letter via Change Notice issuance |
| P102.REV | Paragraph change/addition proposed by DMC |
| P102.APP | Interim approval of paragraph by MOB |
| P102 | Official approval of paragraph via Change Notice issuance |

VII. CHANGE NOTICES

Approved standard RI letters and paragraphs will be distributed by CD(REG) in accordance with the distribution criterion established for Change Notices.

Dear MR. Johnson:

We are responding to your recent inquiry concerning the requirement for noncitizens to register with Selective Service.

Selective Service law provides that a citizen of another country who lives in the United States must register when United States citizens in the same age group are required to register. At this time, registration applies to men who are 18 through 25 years of age. Refugees, undocumented workers, and parolees are aliens residing in this country and must register.

The only noncitizens who are not required to register are those in a lawful nonimmigrant status--for example, those on student or visitor visas and members of diplomatic missions and their families. These people are residing in this country temporarily, and the registration requirement does not apply to them.

To register with the Selective Service a man can complete, sign and return the Selective System Registration card he may get in the mail, fill out a Selective Service SSS Form 1M (UPO) Registration Form at the post office, or register through the Internet on our web site (www.sss.gov). When his registration is processed, he will be mailed an acknowledgment which includes his Selective Service Number.

We appreciate your interest in complying with the registration requirement and hope we have answered your questions.

Sincerely,

A handwritten signature in cursive script that reads "Susan A. Cappel".

Dear Mr. Johnson:

In your response to our recent acknowledgment of your registration, you indicated that you are not required to register with the Selective Service System because you are a nonimmigrant alien.

To remove your name from our list of persons required to register, you must send us a copy of your Form, such as an I-94 (Arrival-Departure Record), I-95A (Crewman's Landing Permit), I-185, I-186, I-444, I-586, or DSP-150 (Border Crossing Documents), or I-20-ID (Certificate of Eligibility or Nonimmigrant (F-1) Student Status), to verify your status as a legally admitted nonimmigrant alien who lawfully resides in the United States.

To ensure the fastest processing, please attach a copy of the requested proof to this letter and send both to us in the enclosed envelope. We can then adjust our files accordingly.

Sincerely,

A handwritten signature in cursive script that reads "Susan A. Capps".

Dear Mr. Johnson:

As proof that you are not required to register with the Selective Service System, you recently provided a copy of your Form I-94. However, the date on your form shows that it has expired.

To verify your status as a legally admitted nonimmigrant alien who lawfully resides in the United States, you must send us a valid copy of your Form, such as an I-94 (Arrival-Departure Record), I-95A (Crewman's Landing Permit), I-185, I-186, I-444, I-586, or DSP-150 (Border Crossing Documents), or I-20-ID (Certificate of Eligibility or Nonimmigrant (F-1) Student Status), with an unexpired date.

To insure the fastest processing, please attach a copy of the requested proof to that letter and send both in the enclosed envelope. We can then take action accordingly.

Dear Mr. Johnson:

We are responding to your recent letter expressing your views about Selective Service registration and national defense.

The purpose of Selective Service registration is to compile a list of names and addresses for use in the event of a national emergency. It is not a resumption of the draft. The draft can only be resumed with the approval of the Congress and the President. The United States now relies on volunteers for the armed forces.

Registration with the Selective Service System is an integral part of the all-volunteer force concept. In an emergency, if the armed forces require more men than those who volunteer, Selective Service would provide a third level of augmentation, after activation of the Reserves and the National Guard.

Registration at this time does not preclude anyone from claiming a deferment or exemption from military service, or from requesting a conscientious objector classification, if induction is instituted at a later time.

We understand your concern and share your hope that it will never again be necessary for us to resort to a draft. However, we believe that the best way to avoid war is to be prepared for it. Registration will improve our preparedness.

Sincerely,

A handwritten signature in cursive script, reading "Susan A. Capps".

Dear Mr. Johnson:

We are responding to your recent request for classification as a conscientious objector.

We understand your concern; however, the only Selective Service process presently in effect is registration. Determination of a person's status as a conscientious objector is a part of the classification process which is not in effect at this time. We cannot accept unsolicited documents pertaining to any classification. We are returning your letter and suggest you keep it for future use.

If at some future time we do institute classification of registrants, we will provide an adequate process for registrants to file claims for exemption or deferment. We will, at that time, also provide ample instructions on how to apply for status as a conscientious objector.

We hope this information will be of assistance to you.

Dear Mr. Johnson:

We are responding to your recent request for information about conscientious objection.

Classification for conscientious objection is an integral part of Selective Service law, but a person does not register as a conscientious objector. That classification is made only after registration, and only if inductions are authorized by Congress and the President.

One of the qualifications for classification as a conscientious objector is that a registrant be sincerely opposed to participation in war in any form.

In the event classification is resumed in the future, a registrant will be given instructions on how and where to submit a claim for classification as a conscientious objector. Determination of classification will be made by members of a local board in the registrant's area of residence.

Your interest in satisfying your registration requirement is commendable. However, according to the Registration Form we received from you, you attempted to register after you reached age 26.

After a man reaches age 26, he is no longer eligible to register. Therefore, we are unable to process your form as a registration.

If you are denied Federal student aid, job training under the Workforce Investment Act, employment in the Executive Branch of the Federal Government or in the Postal Service, or other Federal benefits as a result of not being registered, you may appeal the denial of these benefits, pursuant to section 1366, Division A of Public Law 99-661, approved November 14, 1986. We recommend that you write to the head of the Federal Agency administering the benefits you are seeking, summarize the relevant facts pertaining to your case, and request that he/she take appropriate action under the new statutory language. You must present evidence that your failure to register was not a knowing and willful failure to register.

Dear Mr. Johnson:

We are responding to your recent letter concerning the Selective Service registration requirement as it may affect your son.

We recognize there are some men who may be physically unable to comply with the requirement to register. If your son is institutionalized or hospitalized, he is not required to register until he is released. Upon his release, he must register within 30 days of his release or before reaching age 26, whichever is earlier.

We recommend that disabled men register with Selective Service even if they may not be required to do so. We make that recommendation because certain Federal benefits, particularly job training and rehabilitation benefits under the Workforce Investment Act (WIA), are contingent upon Selective Service registration. Evidence of registration eliminates the need to get a letter from us which acknowledges the man's exemption from registration. Having registered, the man is in no jeopardy of induction into the military. Whatever option you may wish to follow for your son, be assured that we will handle the matter with concern and sensitivity.

If you want your son to register without having to go to a U.S. Post Office, we are enclosing a Selective Service System Registration Form (SSS Form 1M) which he may complete, sign, and mail back to us for processing. You may help your son complete the form if he cannot do it by himself. He can also register through the Internet on our web site (www.sss.gov). When his registration is processed, he will be mailed an acknowledgment which includes his Selective Service Number.

We understand your concern in this matter. If you have any questions concerning Selective Service registration, please call our Registration Information Office at 1-847-688-6888 or write to the above address.

We are responding to your recent letter concerning your son's registration with Selective Service.

The form which you completed for your son constitutes a valid registration and will be entered into our master file. Your son should receive an acknowledgment within 90 days.

The only Selective Service process now in effect is registration. Once a person has registered, his only obligation is to keep Selective Service informed of changes in his current address until January of the year he reaches age 26. At this time, we are not classifying registrants nor are we determining whether they qualify for a deferment or exemption and whether they meet the physical, mental, and moral standards of acceptability for military service. When a draft is in effect, the final decision concerning who is acceptable for military service is made by the armed forces. The Selective Service System does not make these decisions.

We are responding to your recent inquiry concerning registration with Selective Service.

In the Presidential Proclamation setting forth the requirements for Selective Service registration, provision was made for persons who are physically unable to register. The proclamation states that persons who are in hospitals, institutions, or correctional facilities are not required to register until they are released. Such men must register within 30 days after release or before reaching age 26, whichever is earlier.

RE: Lindsay Johnson

Dear Mr. Johnson:

We are responding to your concerns about Selective Service registration and qualification for military service.

The only process now in effect is that men between ages of 18 and 26 register with Selective Service and keep their registration record current during that period. Neither the Military Selective Service Act nor the Presidential proclamation provide an exemption from registration because of a man's mental or physical condition unless Selective Service is provided with documented evidence that the man is hospitalized or institutionalized; or home-bound and unable to function outside the home, with or without physical assistance; or is in such a physical or mental condition that he would not comprehend the nature of his registration with the Selective Service System. A determination is then made by Selective Service as to whether or not the man qualifies for exemption from registration.

Registration does not necessarily result in induction into the military service. In any event, there is no draft at the present time. If a draft is authorized by law in the future, each man who is registered and called for service would be evaluated by the armed forces to determine whether or not he is fit for military service at that time. If, at that time, there is persuasive evidence that a man is unfit for military service, even without an examination, he would not be inducted.

We recommend that disabled men register with Selective Service even if they may not be required to do so. We make that recommendation because certain Federal benefits, particularly job training and rehabilitation benefits under the Workforce Investment Act (WIA), are contingent under Selective Service registration. Evidence of registration eliminates the need to get a letter from us which acknowledges the man's exemption from registration. Having registered, the man is in no jeopardy of induction into the military. Whatever option you may wish to follow, be assured that we will handle the matter with concern and sensitivity.

We appreciate your concern in this matter and hope this information is of assistance.

Sincerely,

A handwritten signature in cursive script that reads "Susan A. Capps".

Dear Mr. Johnson:

We are responding to your recent request concerning Selective Service registration.

U.S. males citizens who reside outside the United States may register with the Selective Service at any U.S. Embassy or Consulate office, or through the Internet on our web site (www.sss.gov). When a registration is processed, the registrant will be mailed an acknowledgment which includes a Selective Service Number. This acknowledgment formally documents his registration.

We recognize that a person may not be able to travel to a U.S. Embassy or Consulate during the period he is scheduled to register. In such cases, those who could not comply with the scheduled registration because of circumstances beyond their control may register as soon as it becomes possible for them to do so, either at a U.S. Embassy or Consulate, or through the Internet while they are outside the United States, or at a U.S. Post Office or through the Internet when they return to this country. An individual cannot register if he is age 26 or older.

This information has been provided to your church authorities in Salt Lake City who have assured us they are making the information available to all of their missions.

We appreciate your interest in complying with this requirement.

Sincerely,

A handwritten signature in cursive script that reads "Susan A. Capps".

Dear Mr. Johnson:

We are responding to your recent inquiry concerning Selective Service registration.

Selective Service law provides that men who are on active duty in the armed forces, including the U.S. Coast Guard, are exempt from the registration requirement. This exemption includes cadets and midshipmen at the service academies.

The exemption applies only when a man is continuously on active duty between the ages of 18 and 26. If discharged from active duty before reaching age 26, the ex-serviceman must register within 30 days after his discharge or before reaching age 26, whichever is earlier.

To register with the Selective Service a man can complete, sign and return the Selective Service Registration card he may get in the mail, fill out a Selective Service SSS Form 1M (UPO) at the post office, or register through the Internet on our web site (www.sss.gov). When his registration is processed, he will be mailed an acknowledgment which includes his Selective Service Number.

Sincerely,

Dear Mr. Johnson:

We are responding to your recent letter concerning your Selective Service status.

Our present procedures are different from what they were at the time you registered. Selective Service registrants are not required to carry a draft card. No one is currently being classified. Therefore, there is no requirement to inform Selective Service of information which might affect a classification. The only registration requirements currently in effect are that a man register with Selective Service within 30 days of his 18th birthday and report to us any changes of address until January of the year he reaches age 26.

We appreciate your interest in complying with what you believed to be your obligation.

Dear Mr. Johnson:

We are writing about the information you recently supplied which might affect your status with the Selective Service System.

The only Selective Service process now in effect is registration. Once a man has registered, his only obligation is to keep Selective Service informed of changes to his address until January of the year he reaches age 26. At this time, we are not classifying registrants nor are we determining whether they meet the physical, mental, or moral standards of acceptability for military service or are entitled to an exemption or deferment. When a draft is in effect, the final decision concerning who is acceptable for military service is made by the armed forces. The Selective Service System does not make these decisions.

In the event inductions are resumed, instructions will be provided on how to submit information which might have an effect on a registrant's classification. Until that time, we are maintaining only the information requested on the registration forms.

We understand your concern in this matter and appreciate your interest.

Sincerely,

Dear Mr. Johnson:

We are responding to information received indicating that you are a member of the armed forces.

From the information received we cannot determine the exact nature of your military status. Therefore, we cannot be certain whether or not you are required to register. The enclosed "Who Must Register" chart outlines registration requirements according to the Military Selective Service Act. Please use it to find the category which most accurately fits your particular situation.

If you have entered on active duty and are registered, you should list your "permanent" address as your "current" mailing address. This will eliminate the need for you sending in frequent changes of address. When you are released from active duty, you should then notify us of your new address.

Once a registration has been filed with the Selective Service System, the Military Selective Service Act contains no provision for withdrawing it. Neither is there a separate category of records set up for registrants in the armed forces. If after reviewing the chart you determine you are required to register, you may complete and sign the enclosed Selective Service System Registration Form (SSS Form 1M) and return it to us. You should receive an acknowledgment of your registration within 90 days listing your Selective Service Number.

We hope this information is helpful to you. If you have further questions, you may write to us at the above address or call our Registration Information Office at 1-847-688-6888.

Dear Mr. Johnson:

We are writing to clarify the registration procedures of the Selective Service System as they relate to females.

The law under which the Selective Service System operates, the Military Selective Service Act, specifically refers to "male persons" in setting forth the requirements for registration. Because the law is very specific in this regard, Congress would have to change the wording in the Military Selective Service Act before females could be registered.

The matter of whether females should be included in the registration requirement was considered by the Supreme Court (Rostker v. Goldberg). On June 25, 1981, the Court ruled that a male-only registration as specified in the Military Selective Service Act does not violate the Constitution. At the present time, we do not have authority to establish or maintain registration files for females.

We appreciate your interest and concern in this matter, and hope this information will be of assistance to you in understanding why we are unable to maintain a record of your attempted registration.

Sincerely,

A handwritten signature in cursive script, appearing to read "Susan A. Cappel".

Dear Mr. Johnson:

Thank you for your correspondence notifying us that you are a female. In order to deactivate your Selective Service file, we need documentation that you are a female, such as a copy of your birth certificate, driver's license, or similar document (please send a copy only, NOT the original).

Please attach this letter to your document copy and return both in the enclosed envelope. We can then deactivate your file as requested.

Dear Mr. Johnson:

A review of your Selective Service record reveals that although you stated you were a female on your registration form, we incorrectly processed that registration as though you were a male.

The Selective Service registration requirement applies only to men. Accordingly, your registration is being canceled.

The registration acknowledgment you received, stating that you are a male, is not valid. We regret any inconvenience our error may have caused you in this matter.

Dear Mr. Johnson:

This letter will explain the reason your name is not printed out completely on your Selective Service registration record.

Our computer system limits the number of characters for a person's first and middle names, combined, to 20 characters. The last name is also limited to 20 characters. Because either your first and middle names combined equal more than 20 characters or your last name is longer than 20 characters, your full name cannot be printed out completely.

Programming limitations prevent us from being able to print out your complete name. Please, consider using an initial for either your first or middle name, rather than have the record show an incomplete name. If one of your names is multiple or hyphenated, you may choose to omit one of the names. Additionally, please keep in mind that our computer program replaces punctuation, including hyphens, with spaces. We are returning your change of information form and will await your decision in this matter.

We will be glad to make any changes you indicate on the change form, such as showing your initials or, perhaps, dropping one of your names. If you do not return the change form, your record will remain in its current format.

Sincerely,

A handwritten signature in cursive script that reads "Susan A. Capps".

Dear Mr. Johnson:

Thank you for the information you gave us recently concerning the name on your registration with the Selective Service System. So that we may correct our file, please provide official documentation confirming your name change.

In many states, a name cannot be changed legally unless approved by a court of law. If approved, the court issues a court order to reflect that change. If you reside in one of those states, we will not record a change in your name without a copy of the court order.

If you reside in a state that does not require court approval, we will record your name change if you present copies of at least two of the following documents: your Social Security Account card with your new name, a state or Federal income tax return showing your new name and current Social Security Account Number, a state driver's license showing your new name, school records showing your new name, or your naturalization certificate with your new name.

If you cannot provide copies of any two of the documents listed above, documentation you submit will have to be evaluated to determine if it is sufficient for us to change your name on our record. Please do not send original documentation.

Please place the required evidence of name change with this letter in the enclosed envelope and mail it to us. We will notify you of our action.

Sincerely,

Dear Mr. Johnson:

We are responding to your request for verification of Selective Service registration. The enclosed list provides the information you requested.

Names that appear on the list without an asterisk identify those who are registered with Selective Service. This letter, together with the enclosed list, may be used as proof of their registration.

If we were unable to verify a man's record but all necessary personal information was provided, we have used that information to register him. He will receive an official registration acknowledgment within the next 90 days.

If we were unable to verify a man's registration and we did not have enough information to register him or he has already reached his 26th birthday, his name on the list has been marked with an asterisk. Men whose names are marked with an asterisk who have reached age 18 but not yet reached age 26 should register immediately. To register a man should complete, sign and return the Selective Service Registration card he may get in the mail, fill out a Selective Service SSS Form 1M (UPO) at the post office, or register through the Internet on our web site (www.sss.gov). Registrations can also be checked/verified on our web site.

Thank you for the information you sent to us recently concerning your registration with the Selective Service System.

Under the Military Selective Service Act, men born on or after January 1, 1960, who have attained their eighteenth birthday are required to register with the Selective Service System. There is no provision under the act to allow for an exemption for a man that undergoes a sexual transformation. However, should a draft be resumed, and you are inducted, you will have an opportunity to file a claim for exemption from military service.

To register with the Selective Service a man can complete, sign and return the Selective Service Registration card he may get in the mail, fill out a Selective Service SSS Form 1M (UPO) Registration Form at the post office, or register through the Internet on our web site (www.sss.gov). Dear Mr. Johnson:

We are responding to your letter requesting information as to whether members of the Navajo Nation are required to register.

Under the Military Selective Service Act, all males residing in the United States who have reached age 18 but have not reached age 26 must register with the Selective Service System. Because American Indians reside in the United States, male American Indians must register with the Selective Service System. The Military Selective Service Act applies only to those men who were born after December 31, 1959. There is no treaty which exempts a member of any Indian nation from registration.

To register with the Selective Service a man can complete, sign and return the Selective Service Registration card he may get in the mail, fill out a Selective Service SSS Form 1M (UPO) Registration Form at the post office, or register through the Internet on our web site (www.sss.gov). Dear Mr. Johnson:

We are writing in response to the recent Separatee's Registration Status Form you filed with Selective Service.

Your Registration Status Form was not processed as a registration because you completed the form after you reached age 26. The law does not allow us to register a man after he reaches age 26. Our records, however, indicate that you may have been in the service during the entire time that you were eligible to register with Selective Service. If this information is correct, you were continuously in an exempt status and were not required to register.

The following information applies to men on active duty with the U.S. Armed Forces, including the U.S. Coast Guard:

A man who is on active duty in the U.S. Armed Forces when he reaches age 18 plus 30 days is exempt from the registration requirement as long as he remains on active duty. However, if discharged from active duty before age 26, he must register within 30 days or prior to his 26th birthday, whichever is earlier.

A man who was continuously in an active duty status between age 18 plus 30 days and the day before his 26th birthday was not required to register.

If you need a statement from the Selective Service System certifying that you are not required by law to be registered, you may request it by writing to the Registration Information Office at the address on the top of this letter. Include a statement describing your status for the period you were between the age of 18 plus 30 days, and age 26. Attach a copy of the documentation which supports your statement. Please do not send original documents.

We hope this information is of assistance to you.

Sincerely,

A handwritten signature in cursive script that reads "Susan A. Capps".

Dear Mr. Johnson:

We are responding to your recent inquiry concerning registration with the Selective Service System.

Lindsay Calvin Johnson was registered as a result of applying for Federal student financial aid under Title IV of the Higher Education Act for which Selective Service registration is an eligibility requirement. As part of his application for financial aid, he checked the box on the form that reads: "Mark this box if you give Selective Service permission to register you." As a result of his approval to be registered, the Department of Education provided Selective Service with his name as a Selective Service registrant.

We appreciate the fact that Lindsay Calvin Johnson has complied with the Selective Service registration requirement. Once a man has registered, he is required to report all address changes to Selective Service until January of the year he reaches age 26 so that his record may be kept current.

Sincerely,

A handwritten signature in cursive script, appearing to read "Susan A. Cappel".

Dear Mr. Johnson:

We are responding to your recent inquiry with regard to the requirement of adding your Social Security Account Number (SSAN) to your Selective Service registration record and your request for information to apply for an SSAN in the United States.

Only those registrants who already have obtained an SSAN from the Social Security Administration are required to provide it to Selective Service. In your case, because you do not currently have an SSAN, you are not required to include it on your registration form. However, if you would like to receive information on how to apply for an SSAN, you may write to:

Social Security Administration
Baltimore, Maryland 21235
U.S.A.

If you reside outside of the United States, you may contact any U.S. Embassy or consulate office who will be able to assist you in obtaining an SSAN. They will provide you with the appropriate form and will forward your completed form to the Social Security Administration in Baltimore for immediate processing.

We hope this information is of assistance to you.

Sincerely,

Dear Mr. Johnson:

We are responding to your recent letter concerning cancellation of your registration with Selective Service.

Once a registration has been filed with the Selective Service System, the Military Selective Service Act contains no provision for withdrawing it.

The only Selective Service process now is that of registration. Once a man has registered his only obligation is to keep Selective Service notified of changes in his current address until he reaches age 26. At this time, we are not classifying registrants; that is, we are not determining whether they qualify for a deferment or exemption and whether they meet the physical, mental, and moral standards of acceptability for military service. We only make these determinations if we start inducting young men into the armed forces during a mobilization in a national emergency.

We hope this information is of assistance to you.

Dear Mr. Johnson:

We are writing in response to your recent letter concerning registration with the Selective Service System.

Our computer system uses reminder postcards to publicize Selective Service registration and remind young men of their legal obligation to register as they turn 18. The list of names to whom these notices are sent is made available to us by the Department of Defense recruiting program. This list is composed of data from several commercial mailing list companies and is not always 100 percent accurate. Occasionally, through some error, names of individuals are incorrectly recorded on those lists and thus do not match the correct name in our registrant data base. Whenever that occurs, the reminder notice is mailed. We exercise appropriate steps to prevent such occurrences, but have opted to make the mailing whenever a match is not achieved so that every young man is advised of his responsibility to register.

We understand your concern and hope this information is of assistance.

Sincerely,

A handwritten signature in cursive script that reads "Susan A. Capps".

Dear Mr. Johnson:

We are responding to your recent inquiry concerning your registration with the Selective Service System (SSS).

You were registered as a result of the application you submitted to apply for resident alien status. The application contained a statement which informed you that by filing the application you were authorizing the Immigration and Naturalization Service (INS) to provide the registration information necessary to the SSS for the purpose of registering you. Under Federal law, all male United States citizens and immigrants age 18 through 25 are required to register with the Selective Service. Once a man has registered, he is required to report all address changes to SSS until January of the year he reaches age 26.

We appreciate the fact that you have complied with the Selective Service registration requirement.

As much as he would like to, the President is personally unable to respond to everyone who writes to him. Each agency of the government is established to deal with specific matters, and the President often asks one or more of these agencies to answer letters which are within the scope of its activities. For this reason, we are writing to you from the Selective Service System.

P-108

Because of the heavy volume of mail he receives, the Vice President is personally unable to respond to everyone who writes to him. He has asked this office to answer your recent letter concerning the Selective Service System.

P-109

The Military Selective Service Act as it is presently written refers only to "male persons." In order for women to be required to register, the law would have to be changed.

P-110

The matter of whether females should be required to register with Selective Service was considered by the Supreme Court (*Rostker v. Goldberg*). On June 25, 1981, the Court ruled that a male-only registration as specified in the Military Selective Service Act does not violate the Constitution. Therefore, Selective Service does not have the legal authority to establish or maintain registration records for females.

Attachment B

P-111
NOT IN USE

P-112
NOT IN USE

P-113
A change in the draft law to permit the registration and induction of women would not necessarily mean that many women would be drafted.

P-114
The Selective Service Number which appears on the Registration Acknowledgment is only a control number which identifies that registrant's records in the computer. It is not a lottery number, and it has absolutely no bearing on a person's relative likelihood of being drafted.

P-115
We are committed to the development of an equitable program which will insure that all persons applying for status as conscientious objectors are accorded their rights. Please be assured that we will adhere to the provisions contained in Selective Service laws and regulations as we develop our plans for the classification of conscientious objectors and the program under which they would perform alternate service if an active draft were resumed.

P-116
The first step to be taken in the event of a draft would be to assign random sequence (lottery) numbers to determine the order in which individuals will be called. This system is designed to minimize, as much as possible, a person's uncertainty about whether he will be drafted.

P-117
Lottery numbers are assigned by matching a sequence number drawn from one container with a date of birth drawn from a second container. Because the lottery drawing is completely random, a man's chances of drawing a high number are just as good as his chances of drawing a low number.

P-118
A person would be most likely to be drafted during the calendar year in which he turns 20 years of age. The next year, he drops into the second priority group, and the people born the year after he was born become those in first priority. Each year he continues to drop into a lower priority group until he reaches his 26th birthday, at which time he is over the age of liability for the draft.

P-119
Young men born in 1960 and 1961 began to register with Selective Service on July 21, 1980. Those born in 1962 began to register during the week of January 5, 1981. At the same time, continuous registration began for young men born in 1963 and later years, who are required, by law, to register within 30 days of their eighteenth birthday.

Attachment B

P-120

When the all-volunteer force was instituted in 1973, it was never intended to stand alone in time of emergency. Should a conflict break out, the Reserves and National Guard would be called to active duty, and Selective Service would be brought out of standby to provide the first level of manpower support to the all-volunteer force. As a matter of fact, in the design of the all-volunteer force, it was always contemplated that Selective Service would have ongoing registration.

P-121

The purpose of registration is to have a list of names and addresses for use in the event of a mobilization in a national emergency. It is not a resumption of the draft itself. A draft could only be resumed with the approval of the Congress. The United States is still relying on volunteers for the armed forces.

P-122

There was registration without a draft in 1973, 1974, and the early months of 1975. During that time, no one was drafted. However, young men were still required to register.

P-123

P-126

The penalty for violating the Selective Service law is a fine of up to \$250,000, and imprisonment for up to 5 years. Failure to register, failure to keep Selective Service notified of one's current address, or failure to report for examination or induction when ordered to do so, all constitute violations of the law. A person who knowingly counsels and assists another person to violate the law is also violating the Selective Service law and is subject to the same penalties.

P-127

Selective Service law provides that a citizen of another country who is living in the United States has the same obligation to register as a United States citizen in the same age group. Undocumented illegal aliens, refugees, and parolees are also aliens residing in this country and therefore must also register.

P-128

The only non-citizens who are not required to register are those who are in a lawful non-immigrant status -- for example, those on student or visitor visas, members of diplomatic missions and their families. These people are only in this country temporarily and are not required to register.

Attachment B

P-129

An alien who is not residing in the United States, even if he has been given permanent status, is not required to register with the Selective Service System until he enters the United States. When he enters this country, he has 30 days in which to register.

P-130

Because the draft is used to fill vacancies when there are not enough volunteers, a draftee has little choice about his branch of service. There is nothing to prevent any branch of service from using draftees; but the Navy, the Air Force, and the Marine Corps usually have been able to attract enough volunteers to meet their needs. Therefore, the majority of the draftees have been inducted into the Army.

P-131

NOT IN USE.

P-132

NOT IN USE.

P-133

Both the Administration and Congress have considered the issue of universal national service; however, they have recommended against such a program at this time.

P-134

The law under which the draft operates -- the Military Selective Service Act -- contains in its first section the following sentence: "The Congress further declares that in a free society the obligations and privileges of serving in the armed forces and the reserve components thereof should be shared generally, in accordance with a system of selection which is fair and just, and which is consistent with the maintenance of an effective national economy."

P-135

When there are more men available for service than are needed, the difficult decision must be made as to who will serve when not all are required to serve. It is our intention to make these decisions in as equitable a manner as possible.

P-136

The law under which this agency operates is the Military Selective Service Act (50 U.S.C. App. 451 et seq). Our regulations are contained in Chapter 16 of Title 32 of the Code of Federal Regulations (32 CFR Chapter 16). We do not maintain stocks of these documents for distribution, but they may be purchased from the Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402. They are also available in the government documents section of major libraries.

Attachment B

P-137

Your suggestion that prisoners be drafted has been offered by a number of people. However, it must be kept in mind that the purpose of the armed forces is defense, not rehabilitation. The need for some sort of rehabilitation program is recognized, but such a program is not a proper function of the armed forces. For this and other reasons, military law and regulations provide that, in general, persons who have been convicted of crimes are not eligible for military service.

P-138

Physical, mental, and moral standards of acceptability for military service are established by the armed forces. Since these standards are subject to change, and since an individual's condition may also change in some instances, we cannot say with certainty at this time who would be acceptable for service if the draft were resumed.

P-139

One of the basic inquiries of the draft during the 1960's, and one which caused widespread dissatisfaction, was the availability of a wide range of deferments, especially those for college students. The decision to abolish student deferments, which was included in the 1971 amendments to the draft law, was made after careful study.

P-140

Full-time ministers of religion are exempt from military service, but not from the requirement to register. The fact that a person has been ordained is not sufficient for the exemption; he must preach and teach as his customary vocation. Students preparing for the ministry in a recognized theological or divinity school may be deferred from military service.

P-141

After three months have gone by, if the young man has not received his Registration Acknowledgment, he should contact the Selective Service System. For his record to be located, he should be ready to give his full name, date of birth, address, and approximate date of registration. He may call us at 1-847-688-6888 with the information.

P-142

Please bear in mind that no classification actions are being taken at this time. If classification were resumed, a registrant will be given full instructions on how and where to submit a claim for a particular classification.

P-143

NOT IN USE.

P-144

Generally speaking, a citizen of another country who lives in the United States and who is not in a non-immigrant status may be required to serve in the armed forces in the event of a draft. There are a number of special circumstances that may be taken into account; such as, the man's country of citizenship, whether he has served in another country's armed forces, and how long he has resided in the United States. In certain cases, a non-citizen may request an exemption from the draft, but this action may permanently bar him from becoming a U.S. citizen.

Attachment B

P-145

Provision for conscientious objectors is an important part of the draft laws of the United States. A person does not register as a conscientious objector; the classification is made after registration.

P-146

In order to qualify for classification as a conscientious objector, a registrant must be conscientiously opposed to participation in war in any form. The opposition to participation may not be based on political, sociological, or philosophical views, or merely a personal code.

P-147

A conscientious objector may serve his country in one of two ways, depending on the nature of his opposition to participation. He may perform a period of civilian alternative service in the national interest. Or he may become a member of the armed forces but without training in or being required to use weapons. Many of the latter serve as medical technicians.

P-148

If classification of Selective Service registrants should be resumed at some time in the future, a registrant who is among the group subject to imminent induction will be given an opportunity at that time to submit a claim for conscientious objector status.

P149

The issue of whether an only son should be subject to the draft is a matter of great concern to the public, and there are many misconceptions of how the draft laws apply to only sons.

P-150

Selective Service law contains an exemption from peacetime military service for anyone whose parent or sibling was killed in action, died in line of duty, or died later as a result of disease or injuries incurred in line of duty while serving in the armed forces, or is in a captured or missing status as a result of such service. The exemption does not remove the requirement to register, and it does not apply in time of war or national emergency declared by the Congress.

P-158

The effectiveness of the all-volunteer force is indeed crucial to our national defense and the matter is receiving a great deal of serious study within the government. Accordingly, we have taken the liberty of referring your letter to the appropriate Selective Service staff members so that they may be aware of your observations and suggestions.

P159

We appreciate your support and will keep your thoughts in mind as we plan for the future. Although we hope it will not become necessary for this country to resort to military action as a solution to international problems, we do recognize that we must be prepared as a nation for whatever the future may bring.

P-160

The only information which is being entered in the master file is the information we specifically requested from you on the registration form. For this reason, any additional notations you made on your registration form do not appear on the Registration.

P-161

NOT IN USE.

P-162

We recognize that there are some persons who, for various reasons, cannot comply with the requirement to register. A man who is institutionalized is not required to register until he is released. Upon his release, he must register within 30 days.

P-163

Postal authorities have assured us that they will attempt to handle special cases in special ways. It may be possible, for instance, to have a postal clerk come outside with the form or have a private room or area made available to reduce any tension which may exist. Also, a friend or relative may help a registrant complete the form if he cannot do it by himself. All in all, the system is designed to be reasonable and I am sure any necessary arrangements can be made by contacting the local postmaster prior to going to register. If you want further assistance and information concerning this problem, please call us at 1-847-688-6888.

Attachment B

P-164

Be assured that if at some future time we do resume classifications, there is a process for registrants to file claims for exemptions or deferments. Anyone who receives an order to report will be given instructions on how to submit information which might have an effect on his classification. Until that time, we are maintaining only the information provided to us on the registration forms.

P-165

Proposed changes to Selective Service Regulations are published for comment at least 30 days before they go into effect, and then are published again when they become effective. Publication in both cases is in the Federal Register. We do not have the funds or facilities to maintain a subscription service for regulation changes.

P-166

A "hardship" deferment may be available in cases where a registrant's induction into the armed forces would cause unreasonable hardship to members of his family who depend on him for support.

P-167

Each claim for a hardship deferment will be considered individually. A number of factors must be taken into account in deciding hardship claims; for example, the family's income and expenses, the pay and allowances the registrant would receive in the armed forces, and whether anyone else is able to assume part of the responsibility. In general, the entire family situation will be considered.

P-168

Although some married men or fathers may appear to qualify for a hardship deferment, the standards which must be met relate to unreasonable hardship and not simply the fact that a man has a family.

P-169

As a part of the draft reforms of the early 1970's, many categories of deferments were abolished in an effort to make the draft more equitable. One of the deferment categories, which is no longer available without regard to hardship, is that for fathers and married men.

P-170

The requirement for a man to carry a draft card was abolished in 1974. We are not issuing any draft cards in connection with this registration, nor are we replacing draft cards which were issued in the past. It is no longer a requirement for a man to carry a card to prove that he registered with Selective Service.

P-171

Because of restrictions imposed by the Privacy Act and our own regulations, we are not allowed to release information of a personal nature to any third party without the specific written authorization of the person to whom the record pertains.

Attachment B

P-172

The surviving son or brother exemption is not reserved for only sons. If a father or mother dies as a result of military service, all the sons qualify for exemption. In the same manner, if a mother, brother, or sister dies as a result of military service, all the remaining brothers may be exempted.

P-173

An only child or only son is not exempt from service simply because he is the last to bear the family name. If he qualifies for the surviving son or brother under the provisions of the law, he may be exempted for that reason.

P-174

Sons or brothers of disabled veterans do not qualify for the exemption, because the exemption is based on a death and not on disability.

P-175

The Selective Service System does not decide who is acceptable for military service. Even when the draft was in effect and Selective Service was ordering draftees for induction -- which, as you know, is not the case now -- the armed forces conducted the examinations and made the determination of who was qualified for service and who was not.

P-176

The Congress believes that it would not be fair to all those who complied with the registration requirement if others were allowed to evade this obligation of citizenship, as evidenced by the fact that the penalties for failure to register (up to \$250,000 fine and/or 5 years imprisonment) are contained in the Selective Service law itself.

P-177

The names of those who are identified as not having registered will be referred to the Department of Justice for investigation and possible prosecution. Final disposition of each case prosecuted is the responsibility of the courts.

P-178

When the President asked the Congress for funds to resume the registration of men, he also asked for the authority to register women. The President recognized that women are making important contributions in all types of professions, including the armed forces, and it was for this reason that he asked Congress to amend the Selective Service law to include women. However, Congress did not grant the request.

P-179

Young men register by completing a Selective Service registration form at the post office in their area or through the Internet (www.sss.gov). For those United States citizens who are overseas, the forms are available at all U. S. embassies and consular offices.

Attachment B

P-180

A person who is a dual national of the United States and another country is required to register regardless of where he lives, because he is a U.S. citizen.

P-181

In the early 1970's, many of the deferments previously available were abolished in an effort to make the draft process more equitable.

P-182

We recognize that there are many physical and mental conditions which might render a man unacceptable for military service. However, we cannot at this time provide anyone with a determination of his fitness for military service. We are currently only registering young men with Selective Service. Determining who would be fit for service is a part of the classification process, and we are not classifying anyone at this time.

P-183

Under our current plans, if we ever resume classification, the determination of fitness of registrants would be based on standards set by the Department of Defense. Each man's case would be decided individually. We will, of course, provide registrants with adequate instructions on how to file a claim for exemption, deferment, or postponement.

P-184

Registration does not prevent anyone from claiming a deferment or exemption from military service if a draft is reinstituted.

P-185

The only Selective Service process now in effect is that of registration. Once a person has registered his only obligation is to keep Selective Service notified of changes in his current address until he reaches age 26. At this time we are not classifying registrants; that is, we are not determining whether they qualify for a deferment or exemption and whether they meet the physical, mental, and moral standards of acceptability for military service. We will only make these determinations if we start inducting young men into the armed forces during a mobilization in a national emergency.

P-186

NOT IN USE

P-187

If we start inducting young men, anyone who received an induction order would have ample opportunity to submit a claim for exemption or deferment.

Attachment B

P-189

Once a person enters the armed forces, he comes under the jurisdiction of the Department of Defense. Decisions on the type of job he does, where he is assigned, and his eligibility for advanced training or promotions are made by his branch of service.

P-190

You may wish to ask a military recruiter in your area about opportunities in the armed forces.

P-191

We understand your concern. We hope you can understand that there is no way, at this time, that we can make any definite statement about who might be drafted at some time in the future. That decision would be made depending on the man's age and situation at the time the draft would be resumed. The most we can do is to reassure you that there are no plans to draft anyone except in the event of a national emergency. We hope as much as you do that such an emergency will not occur.

P-192

We understand your concern and share your hope that it will never again be necessary for this country to resort to military action as a solution to international problems. However, we do believe that the best way to avoid a war is to be prepared for it. Selective Service registration improves our preparedness.

P-193

We appreciate your views and understand the concerns that motivate them. Please be assured that your letter will receive appropriate consideration by members of the Selective Service staff.

P-194

We appreciate your views and understand the concerns that motivated them. Thank you for writing and for taking the time to share your thoughts with us.

P-195

Your interest in the security and future of our nation is appreciated.

P-196

Thank you for your interest in complying with this requirement.

P-197

We appreciate your concern in this matter and hope we have answered your questions.

Attachment B

P-198

Ongoing registration with Selective Service, even at a time of no draft, was an integral part of the all-volunteer force concept when it was instituted in 1973. In an emergency, if the armed forces require more men than those available through volunteers alone, Selective Service procedures would be reactivated to provide a third level of military manpower to augment the active armed forces, the Reserves, and the National Guard. The resumption of registration is merely a return to that part of the original all-volunteer force concept which was discontinued in 1975.

P-199

We recognize that there will be some people who were unable to register on schedule due to various reasons. If you were unable to register within 30 days of your 18th birthday, you may still register, but should do so as soon as possible before reaching age 26. Registration forms are available at the post office. You may also register through the Internet (www.sss.gov).

P-200

Registration forms are available at the post office at all times and late registrations are accepted. Anyone who is unable to register on schedule should do so within 30 days of the time he becomes able to register. If you find that a post office employee will not accept a late registration, we recommend that you contact the postmaster and show him this letter. You may also register through the Internet (www.sss.gov).

P-201

In the event of a mobilization, the President would make a further determination concerning the registration of the other age groups, but at this time, Selective Service can only register males 18 through 25 years of age.

P-204

Under Selective Service law, if a draft is resumed a college student could have his induction postponed until the end of the current semester. A college senior could have his induction postponed until after completing his senior year.

P-205

Your letter addresses one of the major issues facing American society today -- ensuring that the American people can live in peace. As you know, there are those who believe that the only way we can protect our freedom is to return to the draft, and there are others who hope that a draft will not be needed but recognize that the need might arise. This divergence of opinion is a healthy situation, because it guarantees that all sides of an issue are examined.

Attachment B

P-206

Military preparedness is crucial to this nation's security and future. It goes without saying that no one, whether government official or private citizen, wants to see the U.S. armed forces involved in combat operations now or in the future. While each of us may possess a strong desire for a true and lasting peace in the world, we must be cognizant of the possibility that situations could arise where military action might become necessary. We believe that the best way to avoid such conflicts is to be prepared for them. The problem, of course, is determining how much preparedness is necessary.

P-207

None of us pretends to have all the answers. We must explore the various alternatives leading to a stronger national defense and weigh the advantages and disadvantages of each, giving careful thought and study to how each option might affect our society if that particular course of action was ultimately adopted. For this reason, we appreciate your views on the security and future of our nation and understand the concerns which motivate them. Be assured that your letter will be considered as we analyze and attempt to resolve these very important issues.

P-208

Selective Service law provides that men who are on active duty in the armed forces are exempt from the registration requirement. This exemption includes cadets and midshipmen at the service academies and students enrolled in the military officer procurement program attending The Citadel, North Georgia College and State University, Norwich University, Virginia Military Institute, Texas A&M University, or the Virginia Polytechnic Institute and State University; however, men are required to register within 30 days of their release from active duty if they are not yet 26 years old at the time of such release. Members of the National Guard and Reserves, including those in the Delayed Entry Program, who are not on active duty are required to register.

P-209

P-210

The present registration requirement applies only to those men who are 18 through 25 years of age. Selective Service cannot register anyone who is 26 years of age or older.

P-211

On January 7, 1982, President Reagan announced his decision to continue the requirement for young men to register with Selective Service in peacetime.

P-212

In the statement announcing his decision to continue registration, the President provided for a grace period during which late registrations would be accepted. Anyone who should have registered prior to January 8, 1982, but did not do so was able to register without fear of prosecution until February 28, 1982.

Attachment B

P-213

After the grace period ended and after we identified the names of those who complied with registration during the grace period, the Department of Justice, in cooperation with the Selective Service System, undertook the prosecution of men who had not registered. This included any of those men whose names were previously referred to the Department of Justice and who did not register during the grace period.

P-214

P-215

The President recognizes that registration could save as much as six weeks in mobilizing manpower in an induction. He also made it clear that registration is in no way a sign that the draft will be resumed and reemphasized his firm commitment to the all-volunteer force.

P-216

Our computer system uses reminder postcards to publicize Selective Service registration and remind young men of their legal obligation to register as they turn 18. The list of names to whom these notices are sent is made available for use by the Department of Defense recruiting program. This list is composed of data from several commercial mailing list companies and is not always 100 percent accurate. Occasionally, through some error, names of individuals not required to register are included.

P-217

Our computer system uses reminder postcards to publicize Selective Service registration and remind young men of their legal obligation to register as they turn 18. The list of names to whom these notices are sent is made available to us by the Department of Defense recruiting program. This list is composed of data from several commercial mailing list companies and is not always 100 percent accurate. Occasionally, through some error, names of individuals are incorrectly recorded on those lists and thus do not match the correct name in our registrant data base. Whenever that occurs, the reminder notice is mailed. We exercise appropriate steps to prevent such occurrences, but have opted to make the mailing whenever a match is not achieved so that every young man is advised of his responsibility to register.

P-218

We obtained the mailing list for only limited use. None of the information from the mailing list is made part of our permanent records.

P-219

A young man should register within 30 days of his 18th birthday. This schedule gives him 60 days in which to fill out the registration form – 30 days before his birthday and 30 days after.

Attachment B

P-220

Approximately three months after a man registers, he will receive a Registration Acknowledgment from the Selective Service System that verifies his registration. That acknowledgment is the only proof of registration that Selective Service issues to registrants. If a registrant wishes to cut off the perforated bottom portion and carry it in his wallet, he may do so voluntarily. However, the Military Selective Service Act does not require a registrant to carry any proof of his registration on his person.

P-221

Change of address must be reported to the Selective Service System until a registrant reaches age 26. After that, address change notifications are no longer required.

P-222

When a registrant reaches age 26, his record will be transferred from our active files to our inactive files, where it will remain to show compliance with the registration requirement.

P-223

Please note that there are no active local boards at this time and no one is being classified.

P-224

The Selective Service System registration number assigned to a man when he registers is public information. We are able to release it to Financial Aid Offices, Workforce Investment Act Offices (WIA), the FBI, and anyone who requests it.

P-224a

Selective Service registration is required for eligibility for most Federal and student loans and job training benefits. Other programs may also require registration.

P-225

We are responding to your request of [DATE OF REQUEST] for a Selective Service Registration Form.

P-225a

Enclosed is the requested Registration Form. Please enter all required information. Then sign and date the form. Remember to add First Class postage and mail it. Check to be certain your name and complete return address are entered on the address side of the form before you mail it.

P-226

The block containing the Date of Record does not necessarily refer to the date you registered. It refers to the last action that was taken on your record. Because of your letter and others like it, we are changing the words "Date of Record" to "Last Action Date."

P-227

P-229

Each man who enlists in the armed forces signs an Enlistment/Reenlistment Document, DD Form 4, that includes the following paragraph:

"12. **FOR ALL MALE APPLICANTS:** This form registers me under the Military Selective Service Act. The Department of Defense may transmit information from my personnel records, including name, social security number, birth date, and address to the Selective Service System to meet registration and information reporting requirements."

A computer tape of all male enlistees who signed DD Forms 4 is provided to the Selective Service System to be used as the basis for registration. Each man will then be sent a Registration Acknowledgment as proof of registration.

P-230

To register with the Selective Service a man can complete, sign and return the Selective Service Registration card he may get in the mail, fill out a Selective Service SSS Form 1M (UPO) Registration Form at the post office, or register through the Internet (www.sss.gov). When his registration is processed, he will be mailed an acknowledgment which includes his Selective Service Number.

P-231

To register with the Selective Service you can complete, sign and return the Selective Service Registration card you may get in the mail, or fill out a Selective Service SSS Form 1M (UPO) Registration Form at the post office, or register through the Internet (www.sss.gov). When your registration is processed, you will be mailed an acknowledgment which includes your Selective Service Number.

P-232

U.S. male citizens who reside outside the United States may register with the Selective Service at any U.S. Embassy or Consulate office, or through the Internet (www.sss.gov). When a registration is processed, the registrant will be mailed an acknowledgment which includes a Selective Service Number.

We recognize that a person may not be able to travel to a U.S. Embassy or Consulate during the period he is schedule to register. In such cases, those who could not comply with the scheduled registration because of circumstances beyond their control may register as soon as it becomes possible for them to do so, either at a U.S. Embassy or Consulate, or through the Internet while they are outside the United States, or at a U.S. Post Office or through the Internet when they return to this country. An individual cannot register if he is age 26 or older.

Dear Mr. Johnson:

This is in reference to your registration status. We were notified that you were released from prison on or about 5/1/2010.

According to the Military Selective Service Act; if you are 18 years of age or older and have not reached the age of 26, you are required to register within 30 days after your release. Failure to register is a felony punishable by up to 5 years in prison, a \$250,000 fine, or both.

You may register by completing and signing the bottom of the enclosed Registration Status Form (SSS Form 3C) and returning the form in the envelope provided. You may also register through the Internet on our web site (www.sss.gov). Upon receipt of this form or the Internet information your name will be removed from the list of potential non-registrants. When your registration is processed, you will be mailed an acknowledgment which includes your Selective Service Number.

Sincerely,

A handwritten signature in cursive script that reads "Susan A. Cappel".

Dear Mr. Johnson:

This concerns the Registration Status Form (SSS Form 3C) which you mailed to Selective Service. The information that you provided does not exempt you from the registration requirements.

The only process which is in effect now is that of registration, and once a person has registered his only obligation is to keep Selective Service notified of his current address. At this time, we are not classifying registrants - that is, we are not determining whether they qualify for deferment or exemption and whether they meet the physical, mental and moral standards of acceptability for military service. Under our current plans, we would only make these determinations if we start inducting men into the armed forces during a mobilization because of a national emergency.

If we ever start inductions, anyone who received an order to report would be given instructions at that time on how to submit information which might have an effect on his classification. Until that time, we are maintaining only the information on the registration forms.

Please complete Section A and sign the bottom of the enclosed Registration Status Form (SSS Form 3C) and return the form within 10 days in the envelope provided. You may also register through the Internet on our web site (www.sss.gov). Upon receipt of this form or the Internet information, your name will be removed from the list of potential non-registrants. When your registration is processed, you will be mailed an acknowledgment which includes your Selective Service Number.

Dear Mr. Johnson:

This concerns the Registration Status Form (SSS Form 3C) which you forwarded to Selective Service. We recognize the fact that you are the only son. However, this does not exempt you from the registration requirement.

According to the Military Selective Service Act, you must register if you have reached your 18th birthday and are not yet 26 years of age.

Please complete Section A and sign the bottom of the enclosed Registration Status Form (SSS Form 3C) and return the form within 10 days, in the envelope provided. You may also register through the Internet on our web site (www.sss.gov). Upon receipt of this form or the Internet information, your name will be removed from the list of potential non-registrants. When your registration is processed, you will be mailed an acknowledgment which includes your Selective Service Number.

At the present time, the Selective Service System is only registering eligible young men. If at some future time we do resume classifications we will provide a process for registrants to file claims for exemptions. Thank you for your cooperation.

Dear Mr. Johnson:

Reference is made to your communication of 5/15/2010, stating that you are a citizen of an Indian Nation and not a United States citizen.

We appreciate the problems that some Indian Nations have with the United States Government concerning United States citizenship, imposed or otherwise. However, residents of the United States, including members of Indian Nations, are subject to the Military Selective Service Act, as amended. Accordingly, you are required to register even if, as you insist, you are not a citizen of the United States. The Selective Service Act provides that a citizen of another nation, permanently residing in the United States, has the same obligation to register as a United States citizen.

If you can refer us to a specific provision in a treaty between your Indian Nation and the United States Government which appears to exempt you from the provisions of the Military Selective Service Act, upon receipt, we will give due consideration to it. Otherwise, please complete Section A and sign the bottom of the attached Registration Status Form (SSS Form 3C) and return it within 10 days, in the envelope provided. You may also register through the Internet on our web site (www.sss.gov). This will enable us to remove your name from the list of potential non-registrants. When your registration is processed, you will be mailed an acknowledgment which includes your Selective Service Number.

We appreciate your cooperation.

Dear Mr. Johnson:

We are responding to your recent letter concerning your son's registration status with Selective Service.

Even though your son may have physical and mental conditions which might render him unacceptable for military service, he should register if at all possible. If your son is institutionalized, he is not required to register until he is released. Upon his release, however, he must register within 30 days.

The only process in effect at this time is registration. There is no draft, classification or induction. Therefore, there is no evaluation of a registrant's fitness for service.

Should inductions ever start, each registrant's fitness would then be decided individually, based on standards set by the Department of Defense. At that time all registrants would receive instructions on how to file a claim.

If you want your son to register without having to go to the U.S. Post Office, we are enclosing a Selective Service Registration Form (SSS Form 3C) which he may complete, sign, and mail back to us for processing. He can also register through the Internet on our web site (www.sss.gov). When his registration is processed, he will be mailed an acknowledgment which includes his Selective Service Number.

We understand your concern in this matter and sympathize with what we know must be a difficult situation. Any effort you make to assist your son in complying with the registration requirement is appreciated.

Sincerely,

Dear Mr. Johnson:

Thank you for the information you sent to us recently concerning your registration with the Selective Service System.

Under the Military Selective Service Act, men born on or after January 1, 1960, who have attained their eighteenth birthday are required to register with the Selective Service System. There is no provision under the Act to allow for an exemption for a man that undergoes a sexual transformation. However, should a draft be resumed, and you are inducted, you will have an opportunity to file a claim for exemption from military service.

Please complete Section A and sign the bottom of the enclosed Registration Status Form (SSS Form 3C) and return the form within 10 days, in the envelope provided. You may also register through the Internet on our web site (www.sss.gov). When your registration is processed, you will be mailed an acknowledgment which includes your Selective Service Number. Dear Mr. Johnson:

In response to our earlier letter, you claimed that you are not required to register with the Selective Service System because you are an alien. We cannot remove your name from our list of non-registrants. Male aliens, including any undocumented citizens of another country, parolees, refugees, and asylees, who reside in the United States, must register within 30 days of their 18th birthday. The only exceptions are those legally admitted non-immigrant aliens who are temporarily in this country.

As we stated in our earlier letter, failure to register is a serious Federal offense. It is a felony punishable by up to 5 years in prison, a \$250,000 fine, or both. To remove your name from our list of person required to register, you must send us an unexpired copy of your Form I-94 (Arrival - Departure Record), I-95 (Crewman's Landing Permit), I-185, I-144, I-586, or DSP-150 (Border Crossing Documents), or I-20-ID (Certificate of Eligibility or Non-immigrant (F-1) Student Status). If you do not have any of these Forms, you may have your name removed from our list of non-registrants by completing Section A, signing the bottom of the enclosed Registration Status Form (SSS Form 3C) and returning it to us within 10 days in the envelope enclosed. You may also register through the Internet on our web site (www.sss.gov). When your registration is processed, you will be mailed an acknowledgment which includes your Selective Service Number.

To insure the fastest processing, please send your documents to us in the enclosed envelope.

Dear Mr. Johnson:

I am writing in response to your recent letter concerning your registration with the Selective Service System.

The Military Selective Service Act does not exempt young men from registering because they do not read or write the English language.

If you cannot read or write English, a translator should be used to explain the attached Registration Status Form (SSS Form 3C) so that you can complete Section A, sign the bottom and return the form within 10 days, in the envelope provided. You may also register through the Internet on our web site (www.sss.gov). When your registration is processed, you will be mailed an acknowledgment which includes your Selective Service Number.

Thank you for your cooperation.

Dear Mr. Johnson:

This is in response to your recent inquiry concerning Selective Service registration.

A man is exempt from registration while he is on active duty in the U.S. Armed Forces, but once he has been released from active duty, the exemption no longer applies. Regardless of the nature of his discharge, length of service or his apparent ineligibility for further military service, a man must register after his release from active duty if he has reached the age of 18 and has not yet reached the age of 26. Members of the Reserve and National Guard who are not on active duty are also required to register.

The fact that you must register does not mean that you will be drafted. If a national emergency should make it necessary for the draft to be resumed, your previous service and the nature of your discharge will no doubt be taken into consideration.

You may register by completing Section A and signing the bottom of the enclosed Registration Status Form (SSS Form 3C), and returning the form in the envelope provided. You may also register through the Internet on our web site (www.sss.gov). Upon receipt of this form or the Internet information, your name will be removed from the list of potential non-registrants. When your registration is processed, you will be mailed an acknowledgment which includes your Selective Service Number.

Members of the Reserve and National Guard who are not on active duty are also required to register.

We also recognize that there are physical and mental conditions which might render a person unacceptable for military service. However, we cannot at this time provide anyone with a determination of his fitness for military service. We are currently only registering individuals. Determining who would be fit for service is a part of the draft classification process which is not in effect at this time.

You may register by completing Section A and signing the bottom of the Registration Status Form (SSS Form 3C), and returning the form in the envelope provided. You may also register through the Internet on our web site (www.sss.gov). Upon receipt of this form or the Internet information, your name will be removed from the list of potential non-registrants. Dear Mr. Johnson:

We are writing to remind you of your obligation to register with Selective Service. You are not exempt from registration because of your former military service.

Under the Military Selective Service Act, men who are on active duty with the United States Armed Forces or United States Coast Guard at the time they are scheduled to register are exempt from registration while on active duty. Once a man is released from active duty this exemption no longer applies and he must register if he has reached 18 but not yet 26. Members of the Reserve and National Guard who are not on active duty are also required to register. Registration does not mean that a man is certain to be drafted. If Congress decides that resumption of inductions is necessary, a man's previous service and the nature of his discharge would be taken into account in determining his eligibility for induction into the military service.

Failure to register is a felony. Anyone convicted of willful refusal to register is subject to a fine of up to \$250,000 and/or 5 years in prison.

Selective Service does not have the authority to accept registrations from men after they turn 26. Men who fail to register are forfeiting their eligibility for Federal employment as well as their eligibility to obtain certain student and job training benefits. Additionally, registration with Selective Service is a requirement in some states for certain jobs, such as law enforcement positions and admission to the bar to practice law.

We urge you to avoid the loss of your eligibility for these benefits. You may register by completing and signing the enclosed Registration Status Form (SSS Form 3C) and returning the form in the envelope provided. You may register at any U. S. Post Office or through the Internet on our web site (www.sss.gov). When your registration is processed, you will be mailed an acknowledgment which includes your Selective Service Number.

Dear Mr. Johnson:

In response to our earlier letter, you claimed that you are not required to register with Selective Service because you are an alien.

However, it has been noted that your I-94/I-95 form is expired, invalid or illegible.

To remove your name from our list of men required to register, you must send us a valid, unexpired copy of your Form I-94 (Arrival/Departure Record) or Form I-95A (Crewman's Landing Permit) to verify your status as a legally admitted non-immigrant alien who lawfully resides in the United States.

To insure the fastest processing, please attach a copy of your valid, non-expired document to this letter and return both to us in the enclosed envelope. We can then adjust our files accordingly.

If you are now required to register with the Selective Service complete section A and sign the bottom of the enclosed Registration Status Form (SSS Form 3C) and return in the enclosed envelope, or register through the Internet on our web site (www.sss.gov). Dear Mr. Johnson:

We are responding to your recent letter concerning your registration status with Selective Service.

Even though you may have physical and mental conditions which might render you unacceptable for military service, you should register if at all possible. If you are institutionalized, you are not required to register until released. Upon your release, however, you must register within 30 days.

The only process in effect at this time is registration. There is no draft, classification or induction. Therefore, there is no evaluation of a registrant's fitness for service.

Should inductions ever start, each registrant's fitness would then be decided individually, based on standards set by the Department of Defense. At that time all registrants would receive instructions on how to file a claim.

If you want to register without having to go to the U.S. Post Office, we are enclosing a Selective Service Registration Form (SSS Form 3C) for you to complete, sign, and mail back to us for processing. You can also register through the Internet on our web site (www.sss.gov). When your registration is processed, you will be mailed an acknowledgment which includes your Selective Service Number.

We understand your concern in this matter and sympathize with what we know must be a difficult situation. Any effort you make to comply with the registration requirement is appreciated.

Dear Mr. Johnson:

In the proclamation setting forth the requirements for Selective Service registration, provision was made for persons who are unable to register as scheduled due to circumstances beyond their control. The President specifically stated in the proclamation that persons who are in hospitals, institutions or correctional facilities are not required to register until they are released. If you are 18 years of age or older and have not reached the age of 26, you are required to register within 30 days after your release. Failure to register is a felony punishable by up to 5 years in prison, a \$250,000 fine, or both.

We acknowledge notification that you are not required to register until released. Please have an official of the penal institution complete the statement below and return the entire letter in the envelope provided. Upon receipt of this statement, your name will be removed from the list of potential non-registrant.

Dear Mr. Johnson:

We have received your inquiry as to whether you are required to register with Selective Service.

Based upon our records and the information you provided, you were not required to register with Selective Service because you entered the United States for the first time after your 26th birthday.

You should submit this letter to any agency concerned about your registration status with Selective Service.

Sincerely,

A handwritten signature in cursive script that reads "Susan A. Capps".

LINDSAY CALVIN JOHNSON
ROUTE 1 FALL BRANCH ROAD
BLOUNTVILLE, TN 37617-9801

Dear Mr. JOHNSON,

We have received your inquiry concerning your eligibility for a benefit or program contingent upon your registration with the Selective Service System.

A search of our files reveals that you are not registered, but were required to do so within 30 days after your discharge from military service if you have not reached age 26 at that time. If you entered the military after attaining age 18, you should have already registered within 30 days of your 18th birthday. Registration after reaching age 26 is prohibited by law.

Given your present situation, the following passage of the Military Selective Service Act (50 App. U.S.C. 462(g)) is applicable:

"(g) A person may not be denied a right, privilege, or benefit under Federal law by reason of failure to present himself for and submit to registration under section 3 (of the Military Selective Service Act) if-

- (1) the requirement for the person to so register has terminated or become inapplicable to the person; and
- (2) the person shows by a preponderance of the evidence that the failure to register was not a knowing and willful failure to register."

The purpose of this provision is to clarify that a non-registrant is not to be denied any federal benefit, conditioned upon registration compliance, if he can demonstrate that his failure to register was not knowing or willful. Thus, a man who served on active duty in the U.S. Armed Forces but who did not register before turning 26 is presumed eligible to receive the benefit because it's reasonable to conclude that he was not trying to avoid registering. He should submit this letter along with his DD Form 214 or military ID card to document his military service.

Sincerely,

A handwritten signature in cursive script, reading "Susan A. Capps".

Dear Mr. Johnson:

We have received your inquiry regarding your Selective Service registration status. You are not registered. Our records indicate that we sent one or more pieces of correspondence informing you of the requirement to register, which were not returned as undeliverable. You cannot register after attaining age 26.

Section 12(g) of the Military Selective Service Act (50 App. U.S.C. 462(g)) reads as follows:

"(g) A person may not be denied a right, privilege, or benefit under Federal law by reason of failure to present himself for and submit to registration under section 3 (of the Military Selective Service Act) if-

- (1) the requirement for the person to so register has terminated or become inapplicable to the person; and
- (2) the person shows by a preponderance of the evidence that their failure to register was not a knowing and willful failure to register."

The purpose of this provision is to clarify that a non-registrant is not to be denied any Federal benefit if he can demonstrate that his failure to register was not knowing or willful.

Any explanation to justify your failure to register must be made to the agency administering the right, benefit, or privilege you seek for which Selective Service System registration is required. Therefore, you should submit this letter to them for consideration along with a copy of any documentation you believe may be helpful to your case. The final decision regarding your eligibility is within the authority of that agency.

NONSTANDARD RESPONSES

I. GENERAL

Inquiries that require nonstandard responses, such as inquiries concerning registration policies and ALL Congressional inquiries and Freedom of Information Act (FOIA) request, will be forwarded to Public and Intergovernmental Affairs (PIA) for assignment of central file numbers and suspense dates, and subsequent referral to the appropriate National Headquarters office for action.

II. POLICY DECISIONS

Inquiries that require development of policy before a response can be made will be forwarded to PIA for control purposes and referral to the Call & Deliver Division (Registration) for action. When correspondence is addressed to the Region Headquarters or the DMC, but is being forwarded to National Headquarters for response, the addressee (Region Headquarters or DMC) is responsible for sending an interim reply, such as Standard Letter L044, to the originator of the correspondence. A copy of this interim reply will accompany the original correspondence to be forwarded to RMR. Copies of CD(REG)'s reply and incoming correspondence will be provided to the DMC or the appropriate Region Headquarters. A copy of the reply together with the original incoming correspondence will be forwarded to PIA.

III. LEGAL INQUIRIES

Inquiries from the Department of Justice, the Federal Bureau of Investigation, the U.S. Attorney's Office, the U.S. Citizenship and Immigration Services, or any other Federal law enforcement agency that require nonstandard legal responses will be forwarded to PIA for control purposes and subsequent referral to the General Council's Office (GC) for action. A copy of the GC reply, together with the original incoming correspondence, will be forwarded to PIA. In addition, when the GC reply changes or add to registrant or compliance records, a copy of both the inquiry and the response will be forwarded to the DMC.

IV CONTROLLED CORRESPONDENCE

Headquarters Order on Correspondence Tracking System and Central Files (No. 90-9, dated November 21, 1990) addresses the logging and tracking procedures for all controlled correspondence. Refer to Headquarters Order on Controlled Correspondence (NO. 90-1, dated January 4, 1990; and Directives 700-4, dated January 4, 1990; and 700-8, dated August 19, 1991) when preparing replies.

TELEPHONE INQUIRIES

I. GENERAL

Telephone inquiries received at National Headquarters and Region Headquarters which require research of registrants' records will be referred to the Data Management Center Registration Information Office (RIO) by providing the caller the 1-847-688-6888 telephone number. Region Headquarters may respond to telephone inquiries that do not require record searches or explanation of DMC procedures or processing. **DO NOT DISCLOSE EITHER THE LOCATION OR THE BUSINESS TELEPHONE NUMBER, OTHER THAN THE RIO TELEPHONE NUMBER, OF THE DMC!**

II. PROCEDURES FOR RESPONDING TO TELEPHONE INQUIRIES

When responding to telephone inquiries, the employee should:

- ! Establish the reason for the call;
- ! Determine what information is needed by the caller;
- ! Obtain the necessary information and relay it to the caller; or,
- ! If the information is not immediately obtainable, ask for caller's area code and telephone number and call the individual as soon as the information has been obtained. However, if the caller cannot leave a telephone number, ask him/her to call back at a predetermined time.

III. REQUESTS FOR SELECTIVE SERVICE NUMBER - DMC ONLY

A. **QUESTIONS TO ASK THE CALLER:**

1. **Why is the Selective Service Number (SSN) Needed?** If possible, find out why the caller needs the SSN, i.e., job application, security clearance, ROTC enlistment, student loan application, Federal or state benefits, citizenship application, nonreceipt or loss of Registration Acknowledgment, or receipt of a Registration Reminder Card or Letter etc.
2. **Who is the Registrant?** Ask for the registrant's full name, date of birth, and Social Security Account Number (SSAN), and address. (Note: Address request is only for registrants age 18 - 25).

3. **Was a Compliance Letter/Postcard Received?** If the caller received a letter or postcard reminding him to register, perform the applicable research of data bases and respond to the caller.

B. SELECTIVE SERVICE NUMBER FOUND:

1. Give the SSN to the caller and update information on the file if requested by the registrant.
2. To a caller other than the registrant, release only the registrant's SSN, date of registration and date of birth. The Privacy Act prevents the release of addresses, telephone numbers, and SSAN's except to the registrant himself or as specified in Chapter VI.
3. If the registrant requires written proof of his registration, send a Registration Acknowledgment. If he states that he needs immediate proof of his registration, send a TEL-25 (an overnight on-line Computer-generated Letter/Postcard) or an L025(RI Standard Letter). Either letter will serve as interim proof pending receipt of his official Registration Acknowledgment. If a third party requests written proof, send a TEL-38 letter/postcard.

C. SELECTIVE SERVICE NUMBER NOT FOUND:

In the event an SSN is not found, a certain amount of diplomacy is required.

1. **It is preferable to say, "I could not find your record,"** implying that the fault may be ours, than to say, "Your name is not on the file," implying that the person did not register.
2. Ask for the correct spelling of the name, for previous addresses, or any possible discrepancies in birth date. Then do another computer search.
3. Ask for the exact date of the registration because the form may still be in the processing cycle.
4. If the record still cannot be located, but sufficient time has passed for processing, suggest that the person register again. Explain that the first registration may been delayed (**avoid using the word "lost"**), and point out that it is an easy matter to cancel a duplicate registration if the first one should be located at a later date.

IV. WHO MUST REGISTER

- A. **Aliens.** Yes, in most cases. Selective Service law requires the registration of male aliens residing in the United States, including permanent resident aliens (i.e., those with "green cards"). Undocumented illegal aliens, refugees, alien parolees, and special agricultural workers who live in the United States must also register. Lawful nonimmigrant aliens, such as members of diplomatic missions and their families and those on student or visitor visas, do not have to register. See Attachment IV-B for visa symbols and other documents of lawful nonimmigrant aliens—those who are **NOT** required to register.
- B. **Dual Nationals.** Yes, because of their U.S. citizenship.
- C. **Current Members Of The Armed Forces Or U.S. Coast Guard.** No. They are exempt from registration **as long as they are on full-time active duty continuously from age 18 to age 26.**
- D. **Members Of The Reserves Or National Guard, Not On Active Duty.** Yes, because their military service is only on a part-time basis.
- E. **Enrollment In The Delayed Entry Program.** Yes. They are not yet on active duty.
- F. **Cadets Or Midshipmen At The Service Academies.** No. They are considered to be on active duty.
- G. **Men With Prior Service Who Have Been Discharged.** Yes. The exemption from registration no longer applies after discharge or release from active duty unless active duty has been continuous from age 18 to age 26.
- H. **Men Previously Rejected By The Armed Forces.** Yes.
- I. **ROTC Students.** Yes, except students who are enrolled in the officer procurement program at The Citadel, North Georgia College and State University, Norwich University, Virginia Military Institute, Texas A&M University, and Virginia Polytechnic Institute and State University are exempt from registration. Students enrolled in other curriculums at these schools must register.
- J. **Members Of The Merchant Marine Academy.** Yes.
- K. **Members Of The Merchant Marine.** Yes.
- L. **Members Of The Civil Air Patrol.** Yes.

- M. **Disabled Or Handicapped.** Yes, with certain case-by-case exceptions. See RI Standard Letter L011 or L017. These responses require tact and understanding on the part of Selective Service personnel.
- N. **Hospitalized, Institutionalized, Or Incarcerated.** No, they are exempt until released. They must register within 30 days after their release date or before they reach age 26, whichever is earlier.

For more information on who must register, please refer to the “**Who Must Register**” chart, Attachment IV-A of this chapter.

V. **OTHER COMMON CATEGORIES OF QUESTIONS**

- A. **Information About The Armed Forces.** Explain that the Selective Service System is not a part of the Armed Forces and refer the caller to a military recruiter. Addresses and telephone numbers can be found in the caller's local telephone book under “U.S. Government.”
- B. **Change In Status - Marital, Occupational, Health, Etc.** Selective Service is not classifying anyone at this time. Therefore, this information is currently not maintained in Selective Service records. See RI Standard Letters L022, L023, and L024.
- C. **Statement Of Conscientious Objection.** Same as above. See RI Standard Letters L005 and L006.
- D. **Late Registrations.** All registrations submitted through age 25 are being accepted.
- E. **Registration After Age 26.** Selective Service does not have the authority to register men who complete registration forms after they reach age 26. Men who failed to register may have forfeited their eligibility for Federal employment as well as their eligibility to obtain certain student financial aid, job training benefits or United States citizenship. Additionally, registration with Selective Service is a requirement in some states for certain jobs, such as law enforcement positions and admission to the bar to practice law.

In 1986, a statutory provision was added to the MSSA to clarify that a non-registrant is not to be denied any Federal right, privilege or benefit if he can show by a preponderance of evidence that his failure to register was not knowing and willful. The provision was added so that a man with an obvious disqualifying handicap, such as total paralysis of limbs, or a man who has been honorable discharged from the armed services, who believed that he was not required to register, would not be penalized.

Men who would like to request a Status Information Letter from Selective Service may do so by calling or writing the Registration Information Office and requesting a **Status Information Form**. Selective Service, however, does not make a determination whether a man who failed to register is eligible for any Federal rights, privileges or benefits. Rather, a non-registrant must present his evidence to the official representing the agency from which the benefit or program eligibility is sought (i.e., a college financial aid official, or government agency hiring official in the case of job eligibility). Requests for Status Information Letters may be made by writing to:

Selective Service System (SIL)
Registration Information Office
P.O. Box 94638
Palatine, IL 60094-4638

After receiving the completed Status Information Form, the DMC sends a Status Information Letter to the individual who requested information about his registration status. The DMC has been delegated responsibility for responding to standard types of requests, as specified by the National Headquarters General Counsel (GC). GC will respond to non-standard inquiries.

- F. **How To Register Overseas.** Men can register at any U.S. Embassy or Consular office. Men can also register through the Internet (www.sss.gov).
- G. **Address Changes For College Students.** Address changes must be submitted promptly, including changes between school and home addresses.
- H. **How Long Must Registrants Submit Address Changes?** Address changes must be submitted until January 1st of the registrant's 26th birth year.
- I. **Men Born Before 1960:**
 - **"Draft Cards"** - No replacement draft cards are being issued. The requirement to carry a draft card is no longer in effect.
 - **Address Change** - No change in address or status needs to be submitted.
 - **Men born from March 29, 1957, to December 31, 1959,** were never required to register because registration was not required at the time they turned 18.

J. **Comments Or Complaints About The Post Office.** Determine the nature of the complaint (such as forms not being available, post office clerk refusing to accept registration form, misinformation, etc.) and the post office location and Zip Code. Send a brief account of the complaint to National Headquarters, Selective Service System, ATTN: Registration Division, 1515 Wilson Blvd., Arlington, VA 22209-2425. As necessary, Selective Service makes an effort to resolve the problems. Those problems that cannot be resolved at this level are forwarded through channels to the U.S. Postal Service. Ask the prospective registrant to register at another post office, if necessary.

K. **Exempt Status**

1. **Movement Between Exempt Categories** - A man may move from one status in which he was exempt from the registration requirement to another status which also makes him similarly exempt, such as from an active duty military status to an incarcerated status. When a man who is not registered moves from one exempt status to another with a break of less than 30 days, he is considered to have been continuously exempt for the entire period covered by both situations. If the break in his exempt status exceeded 30 days, however, he is then required by law to register, even if he currently is in a status that would otherwise make him exempt. Once a man fails to register timely, he is required by law to register, regardless of his current status, unless he is age 26 or older and can no longer register.
2. **When Exemption Has Not Been Continuous Since Age 18** - A man who is not registered and who was not continuously in an exempt status between age 18 through 25 is **NOT** in compliance with the law requiring registration. The general 30-day period for registering after leaving an exempt category does not permit one to register after reaching age 26. A man who leaves an exempt category more than one day before his 26th birthday is required by law to register prior to his 26th birthday.
3. **When Exemption Has Been Continuous Since Age 18** - A man who was continuously in an exempt status from age 18 through 25 is not required by law to register.

* Must register within 30 days of release unless already age 26, or already registered when released, or unless exempt during entire period age 18 through 25.

** Residents of Puerto Rico, Guam, Virgin Islands, and Northern Mariana Islands are U.S. Citizens. Citizens of American Samoa are nationals and must register when they are habitual residents in the United States. Habitual residence is presumed whenever a national or a citizen of the Republic of the Marshall Islands or the Federated States of Micronesia resides in the United States for more than one year in any status, except as a student or employee of the government of his homeland.

NOTE: Immigrants who did not enter the United States or maintained their lawful non-immigrant status by continually remaining on a valid visa until after they were 26 years old were never required to register. Also, immigrants born before 1960 who did not enter the United States or maintained their lawful non-immigrant status by continually remaining on a valid visa until after March 29, 1975, were never required to register.

CHAPTER V

COMPUTER-GENERATED CORRESPONDENCE

I. GENERAL

Selective Service has developed standard computer-generated letters and postcards. Sample copies of computer-generated correspondence are shown in Attachments B through J. The names and addresses on the samples are fictitious.

II TYPES OF COMPUTER-GENERATED CORRESPONDENCE

A. PRIVACY ACT STATEMENT

The Privacy Act Statement (Attachment V-K) is included in all computer-generated correspondence.

B. REGISTRATION ACKNOWLEDGMENTS

Registration Acknowledgments (Attachments V-B-1 through V-B-7) are mailed to all new registrants after their records have been processed by the DMC. An updated copy is sent each time a registrant submits a change to his name and/or DOB, or if specifically requested by the registrant. The first page/section of the Registration Acknowledgment is to be retained by the registrant for his personal record. The second page/section of the Registration Acknowledgment is a change of information form to be used by the registrant when a change to his record is necessary, such as new current or permanent mailing addresses, a legally changed name, or a correction to his date of birth.

C. VERIFICATION LETTER/POSTCARDS

The direct mail verification of addresses and other registrant information was discontinued in 1992. The decision was made as a result of an Address Verification Survey which confirmed that Selective Service is able to reach 97.8 percent of the most recent registrants.

A new verification system, matching the USPS National Change of Address (NCOA) file against the registrant 20 YOB group records, was implemented in June 1992. The new system changes the addresses of those records that have not had their addresses changed within the last 17 months. The match is performed annually.

D. ERROR LETTERS/POSTCARDS

Error letters (Attachment V-D-1 through V-D-10) are sent to registrants who submitted Registration Forms (SSS Form 1) with a missing or out-of-range date of birth, sex indicated as female, left blank, or both, but who listed a valid name and address.

E. COMPLIANCE LETTERS/POSTCARDS

1. Initial Letter/Postcard

- a. **Other than Military.** An initial Compliance Letter (Attachment V-E-3) and a Registration Status Form (SSS Form 3C: Attachment V-E-1), or a SSS 3D Compliance Postcard (Attachment V-E-2), is mailed to individuals identified as possible nonregistrants through computer matched. The C11 letter/postcard is used for Department of Motor Vehicles and Miscellaneous, and the C14 letter (Attachment V-E-6) is used for Department of Education benefit applicants, such as Pell Grants and financial aid.
- b. **Active Military Separatist, VA List Individuals, and Reservists.** An initial compliance Letter (C12: Attachments V-E-5 and SSS Form 3C) will be sent to these individuals.

2. Final Letters

If an individual does not respond to the first Compliance Letter, a Final Notice: Referral to DOJ Letter (C60: Attachments V-E-28 and SSS Form 3C) is mailed to him.

3. Letter in Case of Inappropriate Response

If the individual responds with an inappropriate reason for not registering, or Selective Service requires additional information, one of the follow-up letters (Attachments V-E-8 through V-E-22) and SSS Form 3C (if required) will be mailed to him.

4. Not Required to Register

If an individual may not be required to register, an appropriate letter, e.g., C42 (Disabled), C43 (Prison), C44 (Active Military), C49 (Alien), and C55 (Military School), together with the SSS Form 3C, will be sent to him (Attachments V-E-23 through V-E-27).

5. **Registration Not Found**

If a registration for an individual is not found, a Registration Not Found Letter (C19: Attachment V-E-7) together with the SSS Form 3C will be mailed.

F. REMINDER MAIL-BACK REGISTRATION POSTCARDS

Reminder Mail-back Registration Postcards (Attachments V-F1 through V-F 4) are sent to individuals on high school senior lists obtained from the Department of Defense (DoD), data from individual Department of Motor Vehicle lists, and various other sources. When the date of birth is known, a Reminder Postcard is mailed within a few months before the individual turns 18 years of age. However, dates of birth are often missing on DoD lists which are compiled from commercial sources. The Reminder Postcard mailings to individuals on DoD lists are usually done annually, most likely at the beginning of the year, spread over a four-week period.

G. EARLY REGISTRATION LETTER/POSTCARD

An Early Registration Postcard (Attachment V-G-1) or Letter (Attachment V-G2) will be mailed to individuals who submitted registration forms before reaching age 18. The young man is informed that his registration form will be processed during the 30-day period before he turns 18 years of age.

H. INTERIM ACKNOWLEDGMENT LETTERS/POSTCARDS

An Interim Acknowledgment Letter or Postcard (TEL-25 or TEL-38, Attachments V-H-1 through V-H-4) is forwarded to registrants or third party individuals who called the Registration Information Office to obtain Selective Service Numbers and require prompt written proof. Interim Acknowledgment Letters/Postcards serve as proof of registration.

I. MAINTENANCE LETTERS/POSTCARD

If a registrant requests a change to his name and/or date of birth, an appropriate Maintenance Letter (Attachments V-I-1 through V-1-6) is forwarded to him requesting official documentation to confirm the change, such as a court order, birth certificate, or similar document. If a registrant has been assigned more than one Selective Service Number (SSN), a Duplicate Registration Postcard (Attachment V-I-7) or Letter (Attachment V-1-8) will be forwarded to him, advising him that he will receive a new Registration Acknowledgment in the near future listing his correct SSN. If an individual who is maintaining a lawful nonimmigrant status requests cancellation of his registration, a Cancellation of Nonimmigrant Registration letter (Attachment V-I-9 or V-I-10) will be forwarded to him advising him that his registration has been canceled.

J. DISCONTINUED LETTERS/POSTCARDS /SUPPLEMENTALS

Attached are copies of all discontinued letters, postcards and supplementals. RIO Contact Representatives need to refer to them when receiving inquiries on letter or postcards which are no longer in use.

Dear Mr. JOHNSON,

This is your Registration Acknowledgment Letter, which you should keep as proof of your registration with the Selective Service System. A Change/Correction Form has also been included. Use the form to correct information currently in your Selective Service record.

Federal law requires that until January 1 of the year you reach age 26 you:

1. Notify Selective Service of errors and changes within 10 days of the date of change. Examples are listed below.
 - Errors in your record (such as date of birth).
 - Changes in your current address (the place where you currently live).
 - Changes in your permanent address (a place where you can always be reached; for example, your parents' address).
 - Legal name change.

2. Provide your Social Security Account Number to Selective Service.

Failure to comply with these requirements is a violation of the Military Selective Service Act. The maximum penalty for a violation of this Act is a \$250,000 fine or five years in prison or both.

IMPORTANT NOTE:

Federal and State laws require registration-age men applying for some benefits (such as student financial aid, Federal employment, job training, etc.) to be registered with Selective Service. Please keep this letter as legal proof of your registration. Or, you may keep only the wallet size Registration Acknowledgment provided below for your convenience.

Dear Mr. JOHNSON,

This Registration Acknowledgment Letter confirms that you are registered with Selective Service and shows the information currently in your registration record as the result of your enlistment/reenlistment. PLEASE PROVIDE THE INFORMATION REQUIRED FOR THOSE BLOCKS CONTAINING AN ASTERISK ON THE ATTACHED CORRECTION/CHANGE FORM AND RETURN IT WITHIN TEN DAYS IN THE ENVELOPE PROVIDED.

For your current address, enter your residence address if you live off-post or off-base; otherwise enter your military mailing address. Enter an address through which you may always be reached, such as the address of a relative, as your permanent address.

While on active duty, you do not need to provide us with changes in your current address or telephone number. Enter it now, however, so we may update our records.

If you separate from active duty before reaching age 26, even if you enter a reserve component, you must then keep all information in your registration record current. Registrants separating from active duty after reaching age 26 need not report new information.

IMPORTANT NOTE:

Federal and State laws require registration-age men applying for some benefits (such as student financial aid, Federal employment, job training, etc.) to be registered with Selective Service. Please keep this letter as legal proof of your registration. Or, you may keep only the wallet size Registration Acknowledgment provided below for your convenience.

Abstract

LINDSAY CALVIN JOHNSON
RT 1 FALL BRANCH RD
BLOUNTVILLE, TN 37617-0001

Date of birth: 05-16-77

Dear Mr. JOHNSON,

This is your Registration Acknowledgment Letter, which you should keep as proof of your registration with the Selective Service System.

Your date of birth according to your registration record, and as shown above, indicates that you have already attained age 26 or will do so in the current calendar year. Under current law and regulations you no longer are subject to being drafted into the Armed Forces and you are NOT required to notify Selective Service of any future changes of address or changes to any other items in your Selective Service registration record.

Although you are no longer subject to being drafted, I want you to know that along with the registrations of millions of other young men your registration was an important part of America's peacetime military preparedness. Your registration played a part in maintaining peace and protecting the citizens of our Nation and their freedom.

Sincerely,

Crocodrilus *sp.*

Ernest Garcia
Acting Director

IMPORTANT NOTE:

Federal and State laws require registration-age men applying for some benefits (such as student financial aid, Federal employment, job training, etc.) to be registered with Selective Service. Please keep this letter as legal proof of your registration. Or, you may keep only the wallet size Registration Acknowledgment provided below for your convenience.

Your date of birth according to your registration record, and as shown above, indicates that you have already attained age 26 or will do so in the current calendar year. Under current law and regulations you no longer are subject to being drafted into the Armed Forces and you are NOT required to notify Selective Service of any future changes of address or changes to any other items in your Selective Service registration record.

Although you are no longer subject to being drafted, I want you to know that along with the registrations of millions of other young men your registration was an important part of America's peacetime military preparedness. Your registration played a part in maintaining peace and protecting the citizens of our Nation and their freedom.

Sincerely,

*Ernest Garcia*Ernest Garcia

Dear Mr. JOHNSON:

Our records identify you as a man who may be required to register with Selective Service, but has not done so. You may register online via the Internet at www.sss.gov, by telephone, or indicate you are registered by completing Section A of the enclosed Registration Status Form. If you believe you are not required to register, complete Section B of the form and provide supporting evidence (copies only). Please verify and, if necessary, correct all information on the form. Sign and date the form and return it to us in the enclosed envelope within 10 days.

Failure to register with Selective Service is a Federal crime punishable by a fine and imprisonment. Men who fail to register may be unable to obtain U.S. citizenship, and are not eligible for certain Federal benefits, such as job training, student financial aid and government employment. Registration protects that eligibility. Our objective is to register you, not to have you prosecuted.

If you need help in completing the form, or have questions about registering, phone us at: 1-888-655-1825.

Sincerely,

March 12, 2010

Our records identify you as a man who may be required to register with Selective Service, but has not done so. With few exemptions, Federal law requires men 18 through 25 years of age to register with Selective Service unless they are on full-time active duty (not annual training) with the U.S. Armed Forces. Men serving in the National Guard, the Reserves, or the Delayed Entry Program must register, unless they are on full-time active duty.

The law excuses men from registering while on active duty, and exempts them from the requirement if their active duty is continuous from 18 through 25 years of age. However, men entering active duty more than 30 days after their 18th birthday are required to register as well as those who leave active duty before age 26. They must register within 30 days of leaving service. Men cannot register after becoming age 26.

Refusal to register is a Federal crime punishable by a fine and imprisonment. Men who refuse to register may be unable to obtain U.S. citizenship, and are not eligible for certain Federal benefits, such as job training, student financial aid, and employment in the Executive Branch of the Federal Government. Our objective is to register you, not to have you prosecuted.

Sincerely,

Dear Mr. JOHNSON:

Our records identify you as an applicant for, or recipient of, financial aid and one who may be required to register with Selective Service, but has not done so.

You may register, or indicate you are registered, by completing Section A of the enclosed Registration Status Form. If you believe you are not required to register, complete Section B of the form and provide supporting evidence. Please verify and, if necessary, correct all information on the form. Sign and date the form and return it to us in the enclosed envelope within 10 days.

Refusal to register with Selective Service is a Federal crime punishable by a fine and imprisonment. Men who refuse to register may be unable to obtain U.S. citizenship, and are not eligible for certain Federal benefits, such as job training, student financial aid and employment in the Executive Branch of the Federal Government. Registration protects that eligibility. Our objective is to register you, not to have you prosecuted.

If you need help in completing the form, or have questions about registering, phone us at: 1-847-688-6888.

Sincerely,

L. J. R.

Dear Mr. JOHNSON:

Thank you for advising us that you are presently confined in an institution.

The law relieves men from the obligation to register with Selective Service while they are confined in an institution, and exempts them from the requirement if their confinement is continuous from 18 through 25 years of age. But men whose confinement began more than 30 days after their 18th birthday are required to register, and those released from confinement before reaching age 26 must do so within 30 days of their release. Men cannot register after reaching age 26.

Our earlier letter indicated that refusal to register is a Federal crime. We also reminded you that men who are required to register, but refuse to do so, may be unable to obtain U.S. citizenship, and are not eligible for certain Federal benefits, such as job training, student financial aid and employment in the Executive Branch of the Federal Government. Because registration protects that eligibility, we urge you to register now, even though you may not be required to do so.

You may register by completing Section A of the enclosed Registration Status Form. If you believe you are not required to register, complete Section B of the form and provide supporting evidence. Please verify and, if necessary, correct all information on the form. Sign and date the form and return it to us in the enclosed envelope within 10 days.

If you need help in completing the form, or have questions about registering, phone us at: 1-847-688-6888.

Dear Mr. JOHNSON:

Your statement that, as a conscientious objector you are not required to register, is not in accordance with law. A claim for conscientious objector status can be made only after a man receives an induction order. Before that can happen, the Congress would have to authorize, and the President order, a return to conscription. Be advised that you are required to register.

You may register by completing Section A of the enclosed Registration Status Form. Please verify and, if necessary, correct all information on the form. Sign and date the form and return it to us in the enclosed envelope within 10 days.

Our earlier letter indicated that refusal to register is a Federal crime. Such refusal is punishable by a fine of up to \$250,000 and five years imprisonment. If you ignore this correspondence, we will send your name to the Department of Justice with a request that you be prosecuted for refusing to register.

Men who refuse to register may be unable to obtain U.S. citizenship, and are not eligible for certain Federal benefits, such as job training, student financial aid and employment in the Executive Branch of the Federal Government. Registration protects that eligibility. Our objective is to register you, not to have you prosecuted.

Our records identify you as a man who may be required to register with Selective Service, but has not done so. With few exemptions, Federal law requires men 18 through 25 years of age to register with Selective Service unless they are on full-time active duty (not annual training) with the U.S. Armed Forces. Men serving in the National Guard, the Reserves, or the Delayed Entry Program must register, unless they are on full-time active duty.

The law excuses men from registering while on active duty, and exempts them from the requirement if their active duty is continuous from 18 through 25 years of age. However, men entering active duty more than 30 days after their 18th birthday are required to register as well as those who leave active duty before age 26. They must register within 30 days of leaving service. Men cannot register after becoming age 26.

Refusal to register is a Federal crime punishable by a fine and imprisonment. Men serving in the National Guard, the Reserves, or the Delayed Entry Program must register, unless they are on full-time active duty.

The registration requirement also applies to students at a service academy preparatory school or Senior ROTC students, with few exemptions. Among the exemptions are students enrolled in officer procurement programs at The Citadel, North Georgia College and State University, Norwich University, Virginia Military Institute, Texas A&M University, or Virginia Polytechnic Institute and State University. The programs at these institutions have been approved by the Secretary of Defense as temporarily registration-exempt. However, men enrolled in one of those programs must have an official of the school verify their enrollment.

The law excuses men from registering while on active duty, and exempts them from the requirement if their active duty is continuous from 18 through 25 years of age. However, men entering active duty more than 30 days after their 18th birthday are required to register as well as those who leave active duty before age 26. Dear Mr. JOHNSON:

Based on the documentation provided, you are not required to register with Selective Service at this time.

The law relieves men from the obligation to register while they are confined in an institution and exempts them from the requirement if their confinement is continuous from 18 through 25 years of age. Men whose confinement began more than 30 days after their 18th birthday are required to register, and those released from confinement before reaching age 26 must do so within 30 days of their release. Additionally, the law exempts men from the obligation to register if they are home-bound and unable to function outside the home, with or without physical assistance. Men cannot register after reaching age 26.

Men who are required to register but refuse to do so may be unable to obtain U.S. citizenship, and are not eligible for certain Federal Benefits, such as job training, student financial aid, and employment in the Executive Branch of the Federal Government. Although men with disabilities might not lose their eligibility for benefits by refusing to register, they probably will face administrative delays when applying for benefits. To avoid delay, we urge you to register now, even though you may not be required to do so.

You may register by completing Section A of the enclosed Registration Status Form. Please verify and, if necessary, correct all information on the form. Sign and date the form, and return it to us within 10 days.

If you need help in completing the form, or have questions about registering, phone us at: 1-847-688-6888.

Based on the active duty documentation provided with your recent letter, you are not required to register with Selective Service at this time.

Our earlier letter indicated that refusal to register is a Federal crime punishable by a fine and imprisonment. Men who refuse to register may be unable to obtain U.S. citizenship, and are not eligible for certain Federal benefits, such as job training, student financial aid, and government employment. Because registration protects that eligibility, we urge you to register now, even though you are not required to do so.

If you need help in completing the form, or have questions about registering, phone us at: 1-847-688-6888.

Based on the information you sent us, you are not currently required to register with Selective Service.

With one exception, all male aliens who live in the United States and are 18 through 25 years of age, are required to register. The only aliens exempt from the requirement are certain lawfully admitted nonimmigrants; for example, those on visitor, student or diplomatic visas, and their families.

An alien's nonimmigrant status remains in effect only so long as the expiration date on his Bureau of U.S. Citizenship and Immigration Services (USCIS) Form I-94 has not passed. If your status changes before age 26, and if you continue to reside in the United States more than 30 days after that change, you must register. If you are required to register, you should know that refusal to do so is a Federal crime punishable by fine and imprisonment. You should also know that men who refuse to register may be unable to obtain U.S. citizenship, and are not eligible for certain Federal benefits, such as as job training, student financial aid and employment in the Executive Branch of the Federal Government.

If you have questions about registering, please phone us at:
1-847-688-6888.

Sincerely,

L. J. R.

You Must Register With Selective Service

1 What Is Selective Service Registration?

Registration is the process by which the U.S. Government collects names and addresses of men age 18 through 25 to use in case of a national emergency, determined by Congress and the President, which would require rapid expansion of the Armed Forces. Men are required to register within 30 days of their 18th birthday. Once men reach their 26th birthday they can no longer register, as stated in the Military Selective Service Act.

2 What Happens If I Don't Register?

Not registering is a felony. Young men prosecuted and convicted of failure to register may be fined up to \$250,000, imprisoned for up to five years, or both. Failure to register also may cause men to permanently lose eligibility for student financial aid, government employment, job training, and U.S. citizenship for male immigrants.

3 Who Must Register?

Male U.S. citizens and immigrants, documented and undocumented, residing in the U.S. and its territories must register if they are age 18 through 25.

4 How Do I Register?

Please print all the requested information including your Social Security Account Number if you have one, sign your name, peel the seal strips off, seal the card, put a stamp on the front, and mail the sealed card. Or, register online at www.sss.gov.

Fill Out This Card

5 What About After I Register?

You should receive a Selective Service Acknowledgment with your Selective Service Number. Keep your acknowledgment in a safe place for future reference. You can also verify your Selective Service Number by going to www.sss.gov to "Check a Registration". If you move, you are required by Federal law to provide address changes to Selective Service, which can be done at www.sss.gov to "Report a Change of Address Online", or by filing out and mailing a SSS Form 2 (Change of Information) at the post office.

Privacy Act Statement

The Military Selective Service Act, Selective Service regulations, and the President's Proclamation on Registration require that you provide the indicated information, including your Social Security Account Number. The principal purpose of the indicated information is to establish or verify your registration with the Selective Service System. This information may be furnished to other government agencies for the stated purposes as a selective basis.

a Department of Justice - for review and processing of suspected violations of the Military Selective Service Act, or for review and for defense of a civil action arising from administrative proceedings under such Act.

a Department of State & U.S. Citizenship and Immigration Service - for collection and evaluation of data to determine a person's eligibility for entry into the United States and for U.S. Citizenship.

a Department of Defense & Coast Guard - for exchange of data concerning registration, classification, location, and assessment of registrants and for identification of prospects for recruiting.

a Department of Labor - to assist veterans in report of data concerning re-employment rights, and continuing eligibility for benefits under the Veterans' Readjustment Act.

a Department of Education - to determine eligibility for student financial assistance.

a Office of Personnel Management & U.S. Postal Service - to determine eligibility for employment.

a Department of Health and Human Services - to determine a person's proper Social Security Account Number and for sending parents' notices to the Child Support Enforcement Act.

a State and Local Governments - to provide data which may constitute evidence and facilitate the enforcement of state and local law.

a Alternative Service Employers - for exchange of information with employers regarding a registrant who is a conscientious objector for the purpose of placement and supervision of performance of alternative service in lieu of induction into military service.

a General Public - Registrant's Name, Selective Service Number, Date of Birth and Classification, Primary Selective Service Act, Section 8, 38 U.S.C. App. 4500a.

a Bureau of the Census - for the purpose of obtaining or carrying out a census or survey or related activity pursuant to the provisions of Title 13.

Failure to provide the required information may violate the Military Selective Service Act. Penalties for such a violation may result in imprisonment for up to one year or a fine of not more than \$250,000.

Dear Mr. JOHNSON,

This is in reply to your letter requesting that your registration with the Selective Service System (SSS) be canceled based on your nonimmigrant status. Based on the information you sent us, you are not currently required to register with Selective Service because you are maintaining a lawful nonimmigrant status in the United States. Accordingly, your registration is being canceled.

Your nonimmigrant status will remain in effect up to the expiration date on your U.S. Department of State (DS) nonimmigrant visa, or until you otherwise fail to maintain the status and conditions under which you were admitted. Valid nonimmigrant visas include, but are not limited to, student visas, visitor visas, temporary work visas, and diplomatic visas for diplomats and family members.

If your lawful nonimmigrant status changes before you reach age 26, and you continue to reside in the United States, you must register with Selective Service within 30 days. By law, a person cannot register after attaining age 26. Failure to register as required is a Federal crime punishable by fine and imprisonment. In addition, men who are required to register but fail to do so may be unable to obtain U.S. citizenship, and are not eligible for certain Federal benefits, such as job training, student financial aid, and employment in the Executive Branch of the Federal Government including the U.S. Postal Service.

If you have questions about registering, please phone us at: 1-847-688-6888.

Sincerely,

Dear Mr. JOHNSON,

This is your Registration Acknowledgment Letter, which you should keep as proof of your registration with the Selective Service System. A Change/Correction Form has also been included. Use the form to correct information currently in your Selective Service record.

Federal law requires that until January 1 of the year you reach age 26 you:

1. Notify Selective Service of errors and changes within 10 days of the date of change. Examples are listed below.
 - Errors in your record (such as date of birth).
 - Changes in your current address (the place where you currently live).
 - Changes in your permanent address (a place where you can always be reached; for example, your parents' address).
 - Legal name change.
2. Provide your Social Security Account Number to Selective Service.

Failure to comply with these requirements is a violation of the Military Selective Service Act. The maximum penalty for a violation of this Act is a \$250,000 fine or five years in prison or both.

IMPORTANT NOTE:

Federal and State laws require registration-age men applying for some benefits (such as student financial aid, Federal employment, job training, etc.) to be registered with Selective Service. Please keep this letter as legal proof of your registration. Or, you may keep only the wallet size Registration Acknowledgment provided below for your convenience.

For information about your rights and obligations, and the claims and appeals process in effect if inductions are authorized, write to the Consumer Information Center, Department 588R, Pueblo, CO. 81009, for a free copy of "Information for Registrants."

Dear Mr. JOHNSON:

Because you have not responded to our earlier letter, your name remains on our list of men who may be required to register with Selective Service, but have not done so. We are reminding you again of your legal obligation to register.

You may register, or indicate you are registered, by completing Section A of the enclosed Registration Status Form. If you believe you are not required to register, complete Section B of the form and provide supporting evidence. Please verify and, if necessary, correct all information on the form. Sign and date the form and return it to us in the enclosed envelope within 10 days. If your response is adequate, we will remove your name from our list of suspected nonregistrants.

If you ignore this correspondence, we will send your name to the Department of Justice with a request that you be prosecuted for refusing to register. Your refusal to register is a Federal crime punishable by a fine of up to \$250,000 and five years imprisonment. Men who refuse to register may be unable to obtain U.S. citizenship, and are not eligible for certain Federal benefits, such as job training, student financial aid and government employment. Registration protects that eligibility. Our objective is to register you, not to have you prosecuted.

If you need help in completing the form, or have questions about registering, phone us at: 1-708-688-6888.

Sincerely,

A handwritten signature in cursive script, appearing to read "Robert W. Gambino".

Dear Mr. JOHNSON:

In response to our earlier letter, you claimed that you are not required to register with the Selective Service System because you are a nonimmigrant alien. However, we cannot remove your name from our list of possible nonregistrants until we receive proof that you are a lawfully admitted nonimmigrant lawfully continuing to reside in this country. In general, male aliens who have reached age 18 but are under age 26 are required by law to register within 10 days of their entry into the United States for residence. This includes aliens who are parolees, entrants, asylees, and refugees. The only aliens in the United States who are not required to register are those who are determined by Selective Service to be in a lawful nonimmigrant status, such as students, visitors, or members of a diplomatic or trade mission.

Willful failure to register is a serious violation of the law punishable by 5 years in prison, a \$250,000 fine, or both. If you are a lawfully admitted nonimmigrant alien and possess an I-94 Form (Arrival-Departure Record) or I-95A Form (Crewman's Landing Permit), you should complete Section 8 of the enclosed form and send it with a copy of your I-94 or I-95A to us within 15 days.

If you do not possess either of these forms, you are required by law to register. You may register by completing and signing Section 4 of the enclosed Registration Status Form and returning it to us within 15 days.

Your Case Control Number is shown under the date of this letter. To ensure the fastest processing, please write your Case Control Number on any separate documents and send them to us along with the enclosed Registration Status Form, in the envelope provided.

If you have a question about the registration requirement, please contact us at 1-800-621-5383, a toll-free number.

IMPORTANT NOTE

Federal laws, and laws in some States, require men applying for some benefits or jobs (such as student financial aid, Federal employment, certain State jobs, job training, etc.) to have complied with the Selective Service registration requirement when they were of registration age in order to be eligible for those benefits or jobs. In addition to making a man subject to prosecution, failure to register may cause him to permanently forfeit eligibility for these benefits and jobs.

Sincerely,

SAMUEL X. LESSEY JR.
Director

Dear Mr. JOHNSON:

We advised you that you are required to register with the Selective Service System. After several letters from us, you have neither registered nor have you provided us with proof of your being exempt from the registration requirement.

We have sent your name to the Department of Justice for possible investigation and, if appropriate, your prosecution for failure to register as required by the Military Selective Service Act. The maximum penalty for willful failure to register is a \$250,000 fine, 5 years imprisonment, or both.

In order to preclude the possible investigation by the Department of Justice leading to indictment and prosecution, the enclosed form must be completed and returned immediately, and, if applicable, appropriate proof submitted with the form.

If you have a question about registration requirements, you may contact us by telephone at 1-800-621-5388, a toll-free number.

Sincerely,

Dear Mr. JOHNSON,

This is in response to your inquiry concerning verification of your selective service registration.

We are unable to locate a record of your registration at this time. It can take up to 90 days after registration to receive the letter acknowledging your registration. That letter is called an Acknowledgement letter and will include your Selective Service number.

If after 90 days, you have not received an Acknowledgement letter, please notify us.

Sincerely,

PRIVACY ACT STATEMENT

The Military Selective Act, Selective Service Regulations, and the President's Proclamation on Registration require that you provide the indicated information, including your Social Security Account Number if you have one. The principle purpose of the requested information is to establish or verify your registration with the Selective Service System. This information may be furnished to other government agencies for the stated purposes on a selective basis.

DEPARTMENT OF JUSTICE – for review and processing of suspected violations of the Military Selective Service Act (MSSA), for perjury, and for defense of a civil action arising from administrative processing under such Act.

DEPARTMENT OF STATE & U.S. CITIZENSHIP AND IMMIGRATION SERVICE - for collection and evaluation of data to determine a person's eligibility for entry/reentry into the United States and for United States citizenship.

DEPARTMENT OF DEFENSE & U.S. COAST GUARD – for exchange of data concerning registration, classification, induction, and examination of registrants and for identification of prospects for recruiting.

DEPARTMENT OF LABOR – to assist veterans in need of data concerning reemployment rights, and for determination of eligibility for benefits under the Workforce Investment Act.

DEPARTMENT OF EDUCATION – to determine eligibility for student financial assistance.

OFFICE OF PERSONNEL MANAGEMENT & U.S. POSTAL SERVICE – to determine eligibility for employment.

DEPARTMENT OF HEALTH AND HUMAN SERVICES – to determine a person's proper Social Security Account Number and for locating parents pursuant to the Child Support Enforcement Act [42 U.S.C. 653 (e) (2)].

CENSUS BUREAU – for the purposes of planning or carrying out a census or survey or related activity pursuant to the provisions of Title 13.

STATE & LOCAL GOVERNMENTS -- to provide data that may constitute evidence and facilitate the enforcement of state and local law.

ALTERNATIVE SERVICE EMPLOYERS – for exchange information with employers regarding a registrant who is a conscientious objector for the purpose of placement and supervision of performance of alternative service in lieu of induction into the military service.

GENERAL PUBLIC – Registrant's name, Selective Service (registration) Number, date of birth, and classification. (Military Selective Service Act, 50 U.S.C App 456h)

Failure to provide the required information may violate the Military Selective Service Act. Conviction for such violation may result in imprisonment for up to five years and/or a fine of not more than \$250,000.

INQUIRIES FROM FEDERAL LAW ENFORCEMENT AND INVESTIGATIVE AGENCIES

I. GENERAL

The DMC is responsible for responding to telephone or written requests from Federal law enforcement and investigative agencies such as the Department of Justice (DOJ), U.S. Attorney's Office, Federal Bureau of Investigation (FBI), or the Defense Investigative Agency (DIA) concerning men's registration records.

II. PROCEDURES

The following procedures have been established to facilitate confirming the authenticity of such inquiries.

A. ORAL REQUESTS FOR REGISTRATION STATUS INFORMATION

1. Authentication Procedures

- a. The DMC will establish the name of a fictitious employee for use by name when the above agencies make such inquiries to the DMC. A caller asking to speak to this fictitious employee will be construed by DMC employees as prima facie evidence of the identification of the caller as an employee of one of these agencies and as adequate authority for the disclosure of appropriate information from the registration and compliance files.
- b. The DMC will forward the name of the fictitious employee to the agencies through the General Counsel's Office (GC), together with the DMC telephone number to which such calls are to be directed. Documents with the fictitious code name will be designated "**FOR OFFICIAL USE ONLY.**"

2. After Authentication

After the caller has been authenticated, he or she will be referred to one of the individuals designated by the DMC Manager to respond to such official inquiries. These DMC employees will conduct a thorough research of

the DMC data bases and available documents before informing the official as to whether a man is registered or not required to register.

3. Suspicious Calls

If, under the above procedure, the DMC receives any calls believed to be from other than one of the authorized agencies, the employee either refers the caller to the National Headquarters GC or provides only that information which is normally given to the general public on a registrant. The DMC will then immediately advise the GC of the nature of the suspicious call.

4. Disclosure Accounting Record

Disclosures under these procedures require logging on a disclosure accounting record, as set forth in Chapter I of the RIMS Manual. If the information provided is only that normally available to the general public, a disclosure accounting record is not required.

B. WRITTEN REQUESTS FOR REGISTRATION STATUS INFORMATION

The DMC may respond directly to written requests from Federal law enforcement and investigative agencies such as the FBI, U.S. Attorney's Office, DOJ, or the DIA. Sample responses are provided in Attachment VI-A. These letters do not substitute for an affidavit, as specified in the following paragraph.

C. AFFIDAVIT PROCEDURES

Routine court-acceptable affidavits will be prepared and approved by IM and forwarded to the requesters through the GC. Copies of affidavits are provided in Attachment VI-B.

DECLARATION

Pursuant to Section 10 of the Military Selective Service Act (MSSA) (50 U.S.C. App. 451 et seq.), the Selective Service System maintains the records of those persons who have registered with the Selective Service System in accordance with Section 3 of the MSSA.

The Selective Service System operates the Data Management Center (DMC) in Palatine, Illinois, which is the central repository of the records of all men who have registered in accordance with the MSSA and Presidential Proclamation 4771 of July 2, 1980, and Selective Service Regulations 32 C.F.R. Chapter XVI).

I, [NAME OF PERSON SIGNING], am the duly appointed Director of the Selective Service System's Data Management Center (DMC). In this capacity, I am the custodian of all records contained in the Selective Service computer data base at the Agency's DMC. I am responsible for operation of the DMC which includes entry, maintenance, and control of all computerized and back-up information concerning each person who has registered with the Selective Service System since July 21, 1980, and concerning those persons who have come to the attention of Selective Service as possible non-registrant violators of the law.

I certify that I had instructed a qualified employee under my supervision to conduct a diligent search of the Selective Service registrant data base to determine whether or not there is any record of the registration of [FULL NAME], date of birth: [DOB], Social Security Account Number: [SSAN], and to certify to the results of that search.

I further certify that in the regular course of operations of the DMC, had [FULL NAME] completed and submitted an official Selective Service registration form to the Selective Service System, his record of registration would have appeared in the computerized data base record of registrants at the DMC.

Pursuant to my instructions, a diligent search has been made of the Selective Service computerized data base record of registrants at the DMC by a qualified employee of the Selective Service System under my supervision, and pursuant to the certification of that employee, attached to this declaration, there is no record that [FULL NAME] has registered with the Selective Service System.

I hereby declare under penalty of perjury that the statements I have made in this document are true and accurate, and hereby affix my signature and the seal of the Selective Service System in witness thereof this [DATE] day of [MONTH], [YEAR].
