J. Edgar Hoover:

Dear Sir:

Edward M.

I am dropping you a few lines to give you my opinion of why this country is going from bad to worse. The younger generation sees & reads about this rotten Kennedy clan - the corruption and lawlessness which they are part of in Boston and Mass. as a whole. The constitution says equal justice for everyone - why didn't he go to court for involuntary manslaughter? (10-15 yrs). A poor man would be serving his sentence already. I expect to see a revolution in this country brought on by politicians such as the Kennedys, Dod's, the Italian Judge who got a Superior Italian Judge friend to set his son free of multiple murder and drunk driving (justice?) How about 87 murders in Boston all unsolved. Edgar I think your department should have precedence over all law enforcement depts. or groups in the entire United States. Triple your manpower and move in anywhere where corruption and lawlessness exists. Their wealth and status does not and should not exempt them. I admire your unexcelled integrity and think you are the only man in this country that could do a real job on a real sick country.

Girl addicts pass bad checks for Mafia, Boston paper says

BOSTON—(AP) — The Boston Globe said today more than \$1 million in counterfeit money, stolen postal orders and bank checks have been passed in the Greater Boston area in the last month by female drug addicts working for the Mafia.

The girls were paid at least \$200 a week, supplied with false identification to pass the checks, set up in motels and high-class apartments, and chauffeured to and from the areas they worked, the Globe said it had learned.

One girl, the newspaper reported, said: "pushing paper (hum money or checks) is an easy way to make money. I don't get any qualms over it. I just want the money for the drugs."

The girls, mostly teen-agers, the story said, were recruited by the Mafia on Boston Common, in the night club and theater district or in various narcotics hangouts throughout the city.

The counterfeits and other negotiables, the Globe said, were shipped into the city by the Mafia and distributed to members of the organization.

"You only work a few weeks at a time, because the clerks will recognize you, one of the girls was quoted as saying. "But you can always get a job later. They always can use somebody like me."

Police had no immediate comment.

U.S. NEWS & WORLD REPORT, Oct. 20, 1969

An interview with Nguyen Gao Ky in the Oct. 13, 1969, issue of "U. S. News & World Report," page 61, misquoted the South Vietnamese Vice President. Because of garbled transmission of a cable from Saigon, Mr. Ky was quoted as saying that most of the 30 billion dollars of U.S. expenditures in Vietnam per year is used to "maintain President Thieu's armed forces." The sentence should have read that most of the 30 billions is used to "maintain the U. S. armed forces."

out a month. Many Laotian officials credit the U. S. with preventing a complete Communist triumph there. About half the country, nonetheless, is already under North Vietnamese control. Said one high Laotian official: "For once, you are doing everything right in Laos. The Communists have lost most of the gains they made during the past two years. They have been badly hurt by your bombing inside Laos. Of course, they will try again when the dry season starts. The Laotian Army may not be able to contain them entirely. But at least the country isn't in Communist hands. That's important to peace in this part of the world."

The Inquest Rules Kennedy Wants

BOSTON—Senator Edward M. Kennedy has asked the Supreme Judicial Court of Massachusetts to set ground rules for any inquest into the death of Mary Jo Kopechne.

Specifically, an attorney representing Mr. Kennedy requested:

- That the press and public be barred from the proceedings.
- That Judge James A. Boyle of the district court of Dukes County be disqualified from presiding.
- That Senator Kennedy be permitted a full legal defense by a lawyer empowered to cross-examine witnesses and object to evidence.

These requests were presented in a two-hour hearing October 8 before five justices of the Massachusetts court. An inquest had been scheduled for Septem-

ber 3 into the death of Miss Kopechne in Senator Kennedy's car last July 18. The inquest was postponed to let the State's highest court hear the appeal by Senator Kennedy.

Attorneys for Mr. Kennedy and nine other potential witnesses at the inquest argued that their clients' constitutional rights would be seriously compromised under rules set by Judge Boyle.

Senator Kennedy, his counsel said, would be "the focal point" in "an accusatory proceeding which could result in criminal action."

Joseph J. Hurley, an assistant attorney general who represented Judge Boyle, said an inquest could clear persons of suspicion. He added:

"Kennedy himself, on television, referred to innuendo and whispers and gossip. An inquest could serve to end this and to protect and clear the good name of Miss Kopechne as well."

Senator Kennedy,

May I introduce myself; I am [redacted] SS [redacted]

For the past three years I have conducted a private research into the riots, violence, disorders and assassinations in America. My findings are official documented facts. Some of my discoveries disclosed the recent attempt to murder you. That your accidents of the 60s were not accidents but attempts at your life. Other facts prove that your family tragedies are not the unnatural acts of fate but are man made disasters, designed to destroy your and are aimed at the wealth of your family; as similar schemes are directed at the wealth of other American families.

(My facts include: 1. You are marked for death in the very near future, I would say in the spring, 1970.)
1b. You could not have caused the death of the Kopechne girl in July, 1969. Officer [redacted] observed another man and woman in your car just before it was reportedly wrecked. This indicates that there was a plot to gain a witness to your being with Mary Jo at a certain time, thus, establishing you were with her in the car at or near the time the event was to be reported. His accurate recognition of the cars occupants saved your life. Mary Jo was probably already dead at the time. 1c. Alcoholic beverages are not the only means of getting intoxicated. The symptoms you mentioned to the press as experiencing after the alledged wreck of your car are also listed symptoms of Carbon monoxide intoxication, i.e. loss of memory, loss of the ability to recall, avoidance of unfamiliar situations. During the evening of the cook out you were exposed to elements that would cause carbon monoxide intoxication.

62-112941
ENCLOSURE

SEARCHED SERIALIZED

2. There were two persons known as Lee Harvey Oswald, working in the Texas School Book Depository in Dallas, Texas on the late President John F. Kennedy, was shot.

3. The same conspiracy caused the death of Senator Robert Kennedy, in Los Angeles, California, in 1968. I was in Los Angeles at the time and had written to the Senator informing him of some of my findings at the time, however, he was shot before I could see him in person. 3b The conspiracy is in great evidence here in that the slayer waited for his victim in the most unlikely place in the city to way-lay and shoot him; the kitchen of the hotel where a campaign party was planned. The Los Angeles papers reported the slayer waited for over an hour to shoot the Senator, this indicates the slayer knew before the Senator the exact kitchen section and the exact kitchen approach he would be coming, and the approximate time he was due. It further demonstrates the slayer knew the outcome of the close political race as much as 3 days before election. (This is assumed because the slayer was reportedly seen practising firing his weapon 2 days before the election day results.)

4. Kennedy men of the age of consent are destined-marked for an early demise in order that the Kennedy fortune will be easier to control. 4b. By destroying the Kennedy family they destroy the American image of close family, youth, successful goals, wealth. 4c. By slaying the Kennedys a symbolic image will arise displaying distaste for wealth and public office. 4d. Physical assassinations and character assassinations are added effects to discredit our democratic form of government; e.g. the man, the office, the government, the system.

I wrote to the head of the Democratic Party in this city in August, 1969 asking them to notify you of this plot against your family.

This is an ultra form of degeneration in this the age of symbolism; e.g. motivation by audio-visual means of communicational learning to the exclusion of personal tests of logic, reason, school curriculums, trial and

error, etc.; to solve problems.

I cannot advise a protection but I strongly advise you seek the full protection of the law Congress passed in 1950 that was designed to protect Presidents and Senators. If it was not passed, then, the law enforcement authority of the government will advise you.

It is not my intentions to frighten you but to warn you. I am personally familiar with the horror you must have suffered during the dark hours of harried mental confusion on that morning in July, 1969. e.g. you were reported as saying that you were not clear on exactly what happened and you probably never would recall it fully. These are indications that your actions were directed and probably the statements of the incident. You actually admitted committing acts you were not certain you performed. It can be explained. It was a state of condition much like a alcoholic state but it is not a alcoholic state. It is a form of hypnotism.

All of my findings are officially documented. I will send you details as I have found them within ten days of the date of this letter. I have no other means of communicating with you and shall not use any other except writing.

I ask no fee.

I have listed the cost of this letter to demonstrate teh power and the places these people can be found,

Dear Sir,

I am writing in the hope you will do something, for I promise you that if you don't, if it takes over the next 20 years I am going to get the case of President John F. Kennedy re-opened.

In the past your department have been ridecouled in the handling of the case.

Let me make it clear that I am quite prepared to give myself up to you and give you everything you want.

In 1948 I joined the Mafia organization and was inoguarated by the Supreme Boss who is a Governor of one of your states in America. From 1948-1960 I did a lot of gun smuggling, and held many secret documents relating to the security of America. In 1962 I attended a meeting during which the main discussion was the killing of President John F. Kennedy. Now, although you did tap a conversation on Nov the 9th relating to the killing this was deliberately done for you to hear. But although you caught one man and he was shot by another, up to now the man who really pulled the trigger is at large still, and the man who planned it all, for we knew we could not miss. In 1965 the killer was sent to me for a rest, but last October I sent him back upon instructions, for another assanin is to take place which is the last of the Kennedy's.

As I said before this is entirely up to you, but I can assure you that there is going to be quite a lot of killings.

Dear Sir

Before I continue any further, I have taken a bible and sworn to tell the truth, the whole truth so help me God. I also want to make it clear that if you do nothing about this, if it takes me the next 20 years, whether I enter America legally or not, I am going to clear up certain matters. Also I am quite prepared to come over to and give you the Bosses (?) of Mafia.

A. J. [Signature]

I am a Mafia, and joined the organization in 1948, although at the time I did not know. I used to do a bit of gun smuggling. In 1952 I went to Trinidad where I met Frank Sinatra, and collected Secret documents from him. In 1961 I attended a general meeting of the Mafia, during which time the main discussion was the Killing of John F. Kennedy and Martin Luther King. Although you may have closed your files on the killing of the President, you are wrong, the man who actually killed him, also the man who paid the killer is alive and at this moment preparing to kill Senator E. Kennedy and Mr. Nixon. What does your department stand for, it stands for justice, do you really want to see Justice done, if so, I am prepared to come over to American (you pay my passage) give you the Supreme Boss, and men who is responsible for all those killings and for the present disturbances. Is a man's life worth only \$20,000 dollars. You may say to yourself why after all these years to write or what does he hope to gain. Well I will tell you. I don't want anything from you or your government, and the only thing I will gain is peace of mind. I have had no peace of mind for the last 9 years, and in some ways I feel that I have robbed three women of their husbands, and children of their father. So once more if you want to see justice done, and to give peace of mind soon, send for me as quickly as possible, if not you are going to have two more Major Killings on your hands, and two more widows. I am taking a very big risk in even writing you, much more in willing to come to America, for if any of this leaks out I am a dead man, for you know what the Mafia is like, so if you do want my evidence and send for me (for that is the only way I will give you and names or evidence), please do it as secretly as possible.

-C-

DETAILS:

This matter is predicated upon receipt of a letter from the United States Secret Service, Washington, D. C., under date of December 3, 1969. This letter enclosed a letter addressed to Senator EDWARD M. KENNEDY, Washington, D. C., postmarked Atlanta, Georgia, November 24, 1969 and signed "The Committee of Two Hundred", a copy of which is set forth herewith:

November 23, 1969

Senator Edward M. Kennedy,
Senate Office Building,
Washington, D.C.

Dear Senator Kennedy:

In case you do not know who we are, let me inform you that we are a dedicated group of individuals who are determined that something will have to be done about Senator Edward M. Kennedy.

We are a carefully selected group. We are all WASPS. We all served as Officers in World War II, and all saw lengthy combat service, some in Europe, some in the Pacific. We are all College graduates, and many of us hold advanced degrees. We all come from good families -- the backbone of America -- and some of our families are prominent, -- perhaps not notorious, like the Kennedys, but prominent. We all hold good positions in Industry or the Professions. In our wartime service, each and every one of us has killed one or more of the enemy's troops, so we all have blood on our hands. We feel, however, that the persons we killed in battle were 100% better people than many whom we have to put up with today.

We do not like you, Mr. Kennedy. We think you are arrogant, spoiled, pampered, egotistical, incompetent and stupid. You are a disgrace to the Senate, and having you in the Senate is an insult to the American people.

We have decided to do something about this. We are dedicated to the task of removing you from office one way or another. We can be unscrupulous and we can be cold-blooded. Our membership is scattered throughout the fifty States, and we keep in touch with each other. We are after you, Mr. Kennedy, and one of us will get you.

You don't know who we are -- but we know who you are -- and that should give you something to think about

THE COMMITTEE OF TWO HUNDRED

AT 9-1955

The office of the United States Secret Service, also advised that a copy of this letter was also being furnished their Atlanta, Georgia office and that the United States Secret Service has no previous record of "The Committee of Two Hundred".

Mr. A. B. WENTZ, Special Agent in Charge, United States Secret Service, Atlanta, Georgia, on December 8, 1969, advised Special Agent [redacted] that his office had received a copy of the aforementioned letter. Mr. WENTZ also advised that he was to be given the results of the opinion of the United States Attorney regarding this letter.

b6
b7c

Assistant United States Attorney J. OWEN FORRESTER, Northern District of Georgia, Atlanta, Georgia, reviewed the contents of the letter addressed to Senator KENNEDY on December 10, 1969. Mr. FORRESTER said he believed that there is present a violation of Title 18, Section 876, United States Code, if the recipient of the letter (Senator KENNEDY) considered same to be a threat to injure him or take his life as construed by the judicial opinion set forth in the United States versus Prochaska 222 F. 2d. Mr. FORRESTER requested that Senator KENNEDY be interviewed to determine if he considered the letter to be a threat to injure him or take his life. If Senator KENNEDY's reaction was in the affirmative, then he (Mr. FORRESTER) desired investigation be conducted to possibly identify the person or persons responsible for sending this letter. Mr. FORRESTER suggested such investigation could include the obtaining of the names of the registrants of Hotel Utah and Motor Lodge, Salt Lake City, Utah, around period that instant letter was dated. He further stated that if Senator KENNEDY did consider this letter to be a threat to injure him or take his life and the persons who were responsible for sending said letter were identified, he would entertain prosecution.

A review of the current Atlanta Telephone and City Directories contain no information or reference to the "Committee of Two Hundred".

Mr. A. B. WENTZ, Special Agent in Charge, United States Secret Service, Atlanta, Georgia, on December 10, 1969 was advised of the opinion of Assistant United States Attorney J. OWEN FORRESTER. Mr. WENTZ stated his office is not conducting any investigation this matter at this time.

By communication dated December 15, 1970, the

By communication dated December 15, 1969, the Washington Field Office advised as follows:

On December 15, 1969, [redacted], Executive Assistant to Senator EDWARD M. KENNEDY, advised that the Senator and his Administrative Assistant [redacted] were not available for interview. Mr. [redacted] stated that all threatening or hate letters received by his office are not brought to the attention of Senator KENNEDY, unless there is an indication that the individual sending the letters may actually be in the area. Mr. [redacted] said he feels that an effort should be made to identify the persons responsible for sending the letter to Senator KENNEDY in this matter. b6 b7C

The discussion with [redacted], Executive Assistant to Senator KENNEDY, was furnished to Assistant United States Attorney J. OWEN FORRESTER, Northern District of Georgia, Atlanta, Georgia on December 16, 1969. Mr. FORRESTER stated that since Senator KENNEDY apparently had not seen the letter addressed to him and was unable to comment on same, the Federal violation he had referred to earlier could not be pertinent in this case.

Mr. FORRESTER said however that he would desire preliminary inquiry be made in Salt Lake City, Utah concerning individuals who may have possibly stayed at the Hotel Utah and Motor Lodge that might be known to the United States Secret Service or the Federal Bureau of Investigation.

The Washington Field Office by communication dated December 17, 1969, advised that the following organizations were also informed of the letter in this matter and no prosecutive information developed from them concerning same:

United States Capitol Police and Metropolitan Police Department, Intelligence Division, both of Washington, D. C.

The Salt Lake City Division by communication dated December 22, 1969, advised as follows:

On December 22, 1969, Mr. [redacted], Office Manager, for the Hotel Utah and the Utah Motor Lodge, which is owned by the Hotel Utah, Salt Lake City, Utah, advised that they have 405 rooms at the Hotel Utah and 156 rooms at the Motor Lodge, making a total of 561. It should be noted that both the Hotel and Motor Lodge are the largest in the Salt Lake City area and normally have full occupancy; therefore, there would be b6 b7C

AT 9-1955

approximately 3,000 names obtained from the Hotel and Motor Lodge records.

Mr. [] also advised that the stationery is placed in all rooms and could either be obtained by a guest or a friend who was visiting a guest, and also, anyone can go to the desk and ask for stationery and they would have no way of knowing whether he is a customer or not.

b6
b7C

Mr. [] advised that the hotel does not rent out typewriters and this would be handled by a catering service with all types and makes.

Assistant United States Attorney J. OWEN FORRESTER, Northern District of Georgia, Atlanta, Georgia, on December 22, 1969, addressed a letter to the United States Department of Justice, requesting an opinion regarding this matter.

On December 29, 1969, Mr. FORRESTER was advised of the number of names of the approximate number of guests that would have stayed at the Hotel Utah and Motor Lodge, Salt Lake City, Utah, during the period in question. He noted at this time that he had not received a reply to his aforementioned letter and he stated that until such time that he does, it would not be necessary to obtain the complete list of registrants at the Hotel Utah and Motor Lodge. He advised that in the meantime he would desire contact be made with the local authorities and Secret Service in the Salt Lake City area to determine if "The Committee of Two Hundred" is known to these agencies or if any possible suspects may be known. He advised he would communicate with the Atlanta Office when he receives Departmental instructions.

By communication dated January 8, 1970, the Salt Lake City Office advised as follows:

The following investigation was conducted by Special Agent [].

On January 6, 1970, Mr. ROBERT GRUBE, Special Agent in Charge of the local Secret Service Office, Salt Lake City, Utah, advised that he has never received any information concerning the Committee of 200 and could offer no possible suspects in this investigation.

b6
b7C

In addition, Lieutenant [] Intelligence Division, Salt Lake County Sheriff's Office; and Lieutenant [] Intelligence Division, Salt Lake City Police Department, were also contacted on January 6, 1970, and both

AT 9-1955.

advised they could furnish no information.

Mr. [REDACTED], Supervisor, Main Post Office, Atlanta, Georgia, advised on January 19, 1970, that he had determined the following in reference to the postmark on the envelope in this matter.

b6
b7C

He stated that this postmark had been made by a "mark facer canceler" and that this type of canceler is only used at the Federal Post Office Annex in this city. He stated that it would be impossible to determine where this envelope had been deposited since all mail in the Metropolitan Atlanta area, including the airport, is brought to the Main Post Office Annex for cancelling. In regard to the five cent stamp on the envelope, this type of stamp was issued in the 1968 Christmas Season, however, some of these stamps could have still been in stock in various post offices in 1969 or more probably would have been in the possession of the person who used same during that period of time.

Captain [REDACTED] Detective Bureau, Atlanta, Georgia Police Department on January 19, 1970, advised that he has not received any information concerning any organization known as the "Committee of Two Hundred" being in or around the Atlanta, Georgia area.

b6
b7C

On January 19, 1970, Assistant United States Attorney J. OWEN FORRESTER, Northern District of Georgia, Atlanta, Georgia, advised as of this date he had not received a reply to his letter of December 22, 1969 to the Department of Justice and any further inquiry in this matter would be held in abeyance.

On March 6, 1970, Mr. FORRESTER advised that he had telephonically discussed this matter with the Department of Justice and based on this discussion, he did not feel any further investigation was needed, however, he did furnish a letter to the Atlanta Office in this regard.

On March 25, 1970, Mr. FORRESTER stated that on March 20, 1970, he had again discussed this matter with Mr. [REDACTED] of the Department of Justice. Mr. FORRESTER stated that no further inquiry in this matter was desired and that he was not furnishing a letter to the Atlanta Office as previously indicated.

AT 9-1955

Mr. A. B. WENTZ, Special Agent in Charge,
United States Secret Service, Atlanta, Georgia, was advised
of the opinion of Assistant United States Attorney

RE:

Referral/Consult

The FBI at Washington, D. C., notified the U. S. Capitol Police and the Intelligence Division of the Metropolitan Police Department, both located at Washington, D. C., of the mailing of the above letter.

The FBI Laboratory searched the letter and the envelope in which it was mailed through the appropriate sections of the Anonymous Letter File without effecting an identification. The Laboratory determined the questioned typewriting appearing on the two specimens submitted most closely resembles a pica style of type spaced ten characters to the horizontal inch which has appeared on Royal typewriters. No watermark, indented writing, or other significant feature was observed which would indicate the immediate source of this material.

b6
b7C

RE: [REDACTED]

The FBI Identification Division, Latent Fingerprint Section, processed the original letter and envelope referred to above for possible latent prints of value. This processing resulted in developing one latent fingerprint on the envelope and seven latent fingerprints, two of which were made by sides and tips of fingers, on the letter. No identification record was located in the Identification Division for [REDACTED] on basis of available information.

[REDACTED]

Referral/Consult

Lieutenant Colonel [REDACTED], Assistant Chief of Police, Wichita, Kansas, was advised of the letter and the identity of its writer on May 1, 1970.

The contents of the above-quoted letter were discussed with Assistant United States Attorney Stephen K. Lester, Wichita, Kansas, on May 1, 1970, at which time Mr. [REDACTED] advised he would decline to consider prosecution as he did not feel the contents of the letter constituted a violation of the Federal Extortion Statute.

NATIONAL SOCIALIST WHITE PEOPLE'S PARTY
Also Known As The American Nazi Party,
American Nazis, The World Union of Free
Enterprise National Socialists, The
George Lincoln Rockwell Party

On May 26, 1969, a source advised that the American Nazi Party - World Union of Free Enterprise National Socialists (ANP-WUFENS) was organized by George Lincoln Rockwell at Arlington, Virginia, on February 26, 1956. It was based upon the concept of an international "National Socialist" movement, as espoused by the German Nazi Party, which was headed by Adolf Hitler. The ANP-WUFENS supports and follows the line of hatred against Negroes, Jews, and communists, through speeches, published literature, demonstrations and publicity-seeking devices for the purpose of seeking a legitimate dominant political party within the United States and foreign countries.

"The Richmond News Leader" issued dated April 4, 1963, published daily at Richmond, Virginia, stated that this organization is chartered in the State of Virginia as "The George Lincoln Rockwell Party" and that the Virginia Assembly prohibits the use of "Nazi" or "National Socialism" in a Virginia-chartered organization. As of January 1, 1967, the official name of this organization was changed to "National Socialist White People's Party," according to Commander Rockwell.

On August 25, 1967, George Lincoln Rockwell was assassinated in Arlington, Virginia, near the ANP Headquarters Building. The August 28, 1967, issue of the "Northern Virginia Sun," a daily newspaper published at Arlington, Virginia, stated that Matthias Koehl, Jr., took command of the Party after Rockwell's assassination.

MRS. [REDACTED]
SENATOR EDWARD H. KENNEDY - VICTIM
EXTORTION

The following letter was mailed to January 27, 1970, at Modesto, California, and was addressed to Edward Kennedy, Hyannis Port, Massachusetts. It was forwarded from the above address to Room 2400A, JFH Federal Building, Boston, Massachusetts, 02203.

"Edward K.

"So you K. sure pretty cockey. That K. kid flew on that big new plane disguised. You just have to make lead lines.

"The whole Kennedy family from the old Mrs. K. down are the lowest family in America. It's a disgrace for any K. holding a Gov. job. But every one feels you will get yours sooner or later, the sooner the better.

"All Dick Nixon could do to clean the Dem. mess it has taken to make in America is to his credit, he is sure trying. We know all those Dem. would clap & cheer him, then pick him to pieces. They are so jealous they stink. Look at that old Sister Kennedy over with Jackie & just making news. We hope she stays over there. All of you just hide under the Catholic Religion. You even commit murder and cover it up and lie & buy every body off.

This material was received on March 6, 1970, from [redacted], Liaison Division, United States Secret Service (USSS), 1800 G Street, Northwest, Washington, D. C. (WEG) by a Special Agent of the Federal Bureau of Investigation. USSS has made a check of their name files and visual files of previously submitted informants with positive results. Copies of this material was furnished to J. S. Capitol Police and Intelligence Division, Metropolitan Police Department (MPD), WEG, on March 6, 1970. USSS is holding their investigation in abeyance pending notification of whether or not the MPD is to conduct investigation in this matter.

On March 10, 1970, a review of the records of the Stanislaus County Sheriff's Office, Modesto, California, and of the Modesto Police Department, Modesto, California, revealed no arrest record for [redacted]. However, the files of the Modesto Police Department show that [redacted] Modesto, California, has been the complainant on numerous local matters, most recently on February 27, 1970. She has also received several traffic citations. The records show her date of birth to be March 14, 1939.

RE: [REDACTED]

b6

On March 10, 1970, Assistant United States Attorney William L. Shubb, Eastern District of California, Sacramento, California, advised he would decline prosecution in this matter in view of the fact the letter contains no direct reference to injuring persons, property, or reputation of Senator Kennedy, and in view of age and physical condition of subject, she possesses no real ability to carry out any threat.

On March 10, 1970, Lieutenant [REDACTED] Stanislaus County Sheriff's Office, and Lieutenant Lon Patton, Redondo Police Department, were advised of the circumstances of above letter.

The FBI Laboratory reported that examination of the original of the above quoted letter, and examination of the envelope in which it was mailed, revealed that the writing on both was written by the same person writing prior letter to Senator Edward Kennedy in January, 1969.

No latent fingerprints of value were developed on either of the above items by the FBI Identification Division.

RACIAL MATTER - STATECRAFT

(U) On January 17, 1971, the captioned individual advised that Dr. [Redacted] (formerly Information Officer of the National Socialist White People's Party (NSWPP)) and other unknown individuals had gone to the residence of [Redacted] also known as [Redacted] (editor and publisher of an extreme anti-Negro, anti-Semitic tabloid called "Statecraft"), on that date, knocked in [Redacted] door and threatened to kill him. According to [Redacted] and his companions left without harming [Redacted] but telephoned later and threatened [Redacted] in the presence of an officer of the Metropolitan Police Department (MPD), Washington, D. C. (MDC), who was investigating the alleged attempted break in.

A characterization of the NSWPP appears in the appendix of this communication.

A confidential informant who has furnished reliable information in the past advised on February 1, 1971, that [Redacted] had contacted NSWPP Headquarters in Arlington, Virginia, on January 29, 1971. The source subsequently learned that [Redacted] had requested the NSWPP to assist him in some manner against Dr. [Redacted] who had become in-

Records of the MPD, as reviewed on February 12, 1971, reflected a complaint made by [redacted] WDC, at 2:30 a.m., on January 17, 1971. [redacted], who claimed to be self-employed as a writer, alleged that unknown individuals had damaged the door to [redacted] apartment by kicking it. [redacted] reported that the incident might be related to political differences he was experiencing with certain unnamed associates. A supplemental report in the matter made on January 23, 1971, by the investigating officer, [redacted] stated that the complainant, [redacted], had advised on that date he believed he knew the identities of the perpetrators of the attempted break in on January 17, 1971, and that [redacted] had made a citizen's complaint to the United States Attorney's Office. The report indicated that a hearing had been scheduled for February 2, 1971, at the office of the United States Attorney.

b6
b7C

[redacted] was interviewed on February 12, 1971, and furnished the details of the reported attempted break in on January 17, 1971. [redacted] stated that his controversy with Dr. [redacted] arose from plans which he, [redacted], had publicly disclosed to contest Pierce's take over of the National Youth Alliance (NYA) (a right-oriented youth organization formed to counteract the "New Left" influence on American college campuses). [redacted] indicated that [redacted] and [redacted] (former Executive Officer of the NSWPP) had recently assumed control of the original NYA organization from [redacted], former National Organizer of the NYA. According to [redacted], he incurred the enmity of [redacted] and [redacted] when he announced in a recent issue of "Statecraft" the formation of a rival NYA organization with [redacted] of Centerline, Michigan, as National Chairman.

b6
b7C

~~CONFIDENTIAL~~

~~CONFIDENTIAL~~

[redacted]

[redacted] stated that the attempted break in on January 17, 1971, was followed by a telephone call from an individual whom he believed to be [redacted]. [redacted] said that the individual whom he believed to be [redacted] warned that continued efforts by [redacted] to promote a rival NYA would result in further reprisals. [redacted] said that the caller hung up when [redacted] told him he recognized the voice as [redacted]

b6
b7C

[redacted] further advised that following the attempted break in, [redacted] moved into the apartment with him to assist in protecting [redacted] person and his property. [redacted] displayed two shotguns, allegedly registered in the District of Columbia, which he had purchased since the attempted break in and referred to a "security system" consisting of a number of microphones which he had installed around the outside of the apartment.

[redacted] alleged that [redacted] and another individual (identified by [redacted] as [redacted]) had approached [redacted] apartment several days after the reported break in and were met by [redacted] who carried one of the shotguns. According to [redacted] ordered [redacted] and [redacted] to leave.

During the course of the interview with [redacted] [redacted] was referred to by [redacted] as a member of NYA and a member of [redacted] "Statecraft" staff. [redacted] indicated that [redacted] assisted him by gathering information and monitoring the "security system."

b6
b7C

[redacted] joined in the interview upon his arrival at the apartment. He verified the facts concerning his confrontation with [redacted] and [redacted] and added that he had telephoned [redacted] following the encounter and warned [redacted] not to return. [redacted] allegedly answered, "We will be back; maybe sooner than you think." [redacted] also admitted contacting [redacted] Commander of the NSMPP, to solicit [redacted] help in providing protection for [redacted]

~~CONFIDENTIAL~~

~~CONFIDENTIAL~~

[redacted]

[redacted] stated that following [redacted] contact with [redacted], he observed three unidentified men in the vicinity of his apartment. He said he assumed these individuals had been sent by [redacted] to provide him protection and that he had invited them into the apartment. However, [redacted] recognized two of these individuals as [redacted] and [redacted] whom he knew to be friends of [redacted]. [redacted] said that [redacted] and the third man left the apartment without causing trouble.

b6
b7c

[redacted] and [redacted] advised during the interview that a hearing had been held at the office of the United States Attorney regarding possible prosecution in connection with the attempted break in and threat against [redacted] on January 17, 1971. [redacted] said that an Assistant United States Attorney had determined that there was insufficient evidence upon which to base prosecution.

[redacted] disclosed that he had at first offered to cooperate with [redacted] and [redacted] in the reorganization of the NYA with the objective of building NYA into an effective, right-oriented youth group. He said, however, that he soon became convinced that [redacted] were only interested in developing NYA as a money making enterprise. He said, therefore, that he and [redacted] would continue efforts to close down through legal means the NYA organization controlled by [redacted] and [redacted]. [redacted] gave as an example of the type of action he is initiating against [redacted] the fact that he had caused their mailing permit as a non-profit educational institution to be cancelled by advising postal authorities of the true character of the NYA organization. Both [redacted] and [redacted] denied any intention to use violence in the controversy with [redacted], except in a situation where they might be forced to defend themselves from physical attack.

b6
b7c

Files of the United States Secret Service pertaining to the captioned individual revealed on February 3, 1971, that [redacted] had been arrested by the Claremont, California, Police Department on August 15, 1969, and charged with illegal possession of weapons and liquor. The arrest resulted from an

~~CONFIDENTIAL~~

[redacted]
allegation by [redacted] Islip Terrace, New Jersey, that he had hitchhiked a ride in an automobile driven by [redacted] who was traveling to the West Coast and that [redacted] had claimed he was on his way to California to kill President Richard M. Nixon.

According to information furnished by [redacted] [redacted] claimed to be a killer and a "contract man" and exhibited several weapons. [redacted] allegedly told [redacted] that he planned to take care of Nixon during that week and intended to kill Senator Edward M. Kennedy in another month. [redacted] allegedly stated that Nixon practiced too much liberalism. [redacted] advised that he was subsequently kicked out of the car by [redacted] and furnished information regarding the threat against the President to the Limon, Colorado, Sheriff's Office.

[redacted] was interviewed by Agents of the United States Secret Service on August 14 and 15, 1969. He denied any desire to kill President Nixon and claimed to be in California for the purpose of visiting a girlfriend at Costa Mesa, California. He admitted that he believed the President to be "liberal" in his political thinking and that he thought Senators Kennedy and Eugene McCarthy and Hubert H. Humphery should be eliminated from the United States Government. [redacted] admitted driving with a simulated .45 caliber pistol in his lap in order to scare people and to keep from being robbed by hitchhikers he picked up. He also admitted fabricating stories in order to impress hitchhikers he picked up on the road.

Investigation by the United States Secret Service revealed that the pistols reportedly carried by [redacted] were in fact models, but that he did have in his possession a semi-automatic M-2 carbine and three thirty-round "banana clip" magazines. He also carried two partially filled bottles of whiskey and from 200 to 300 copies of the "Statecraft" publication.

[redacted] parents, [redacted] [redacted] N.W., WDC, were contacted during the

course of the Secret Service investigation. They advised that their son has a great interest in firearms and had received psychiatric care for approximately one year at age eleven as the result of an incident wherein he discharged a weapon given to him by his grandmother. This investigation also revealed that [redacted] had a friend named [redacted] may be identical with [redacted] formerly publisher of "Statecraft.")

The Secret Service file pertaining to [redacted] contained the following descriptive and background information:

[REDACTED]
NATIONAL SOCIALIST WHITE PEOPLE'S PARTY
Also Known As The American Nazi Party,
American Nazis, The World Union of Free
Enterprise National Socialists,
The George Lincoln Rockwell Party

On May 26, 1970, a source who has furnished reliable information in the past advised that the American Nazi Party - World Union of Free Enterprise National Socialists (ANP-WUFENS) was organized by George Lincoln Rockwell at Arlington, Virginia, on February 26, 1959. It was based upon the concept of an international "National Socialist" movement, as espoused by the German Nazi Party, which was headed by Adolf Hitler. The ANP-WUFENS supports and follows the line of hatred against Negroes, Jews, and communists, through speeches, published literature, demonstrations and publicity-seeking devices for the purpose of seeking a legitimate dominant political party within the United States and foreign countries.

"The Richmond News Leader" issue dated April 4, 1963, published daily at Richmond, Virginia, stated that this organization is chartered in the State of Virginia as "The George Lincoln Rockwell Party" and that the Virginia Assembly prohibits the use of "Nazi" or "National Socialism" in a Virginia-chartered organization. As of January 1, 1967, the official name of this organization was changed to "National Socialist White People's Party," according to Commander Rockwell.

On August 25, 1967, George Lincoln Rockwell was assassinated in Arlington, Virginia, near the ANP Headquarters Building. The August 28, 1967, issue of the "Northern Virginia Sun," a daily newspaper published at Arlington, Virginia, stated that [REDACTED], took command of the Party after Rockwell's assassination. This source advised that the organization continues with its aims and goals mentioned above.

RE: [redacted]
Alleged Threat to Kill
Senator Edward M. Kennedy

COMPLAINANT

[redacted] Franklin,
Ohio, an employee of Monsanto Research Corporation,
Miamisburg, Ohio, on July 13, 1971, furnished
the following information to the Federal Bureau
of Investigation and the United States Secret
Service (USSS):

b6
b7C

[redacted] was at that
time, staying temporarily at [redacted]
Middletown, Ohio, the home of his parents,
and [redacted], who were vacationing in
Florida and who are expected to return about
July 19, 1971.

[redacted] and the [redacted] Family all came
originally from the State of Kentucky and [redacted]
has been acquainted with the family since about
1945.

During conversation on July 11, 1971,
[redacted] was discussing his political beliefs and
his anticipation of being a candidate for the
Presidency of the United States in 1972 on a
peace platform. He mentioned his dislike of
the rich and the Kennedy Family in particular,
whom he considers war criminals. He "stated
or implied" that he would like to get rid of
the Kennedy's including Senator Edward M. Kennedy,
however, [redacted] is unsure if [redacted] used the word
kill in conversation. [redacted] felt that kill was
implied.

ENCLOSURE

RE: [REDACTED]

[REDACTED] has resided in California and had only recently returned to the Middletown, Ohio area. He mentioned that he planned to go on to Boston, possibly Washington D.C., on or about July, 19, 1971.

b6
b7C

[REDACTED] was interviewed July 13, 1971, at [REDACTED], Middletown, Ohio by a Special Agent of the Federal Bureau of Investigation (FBI) and of the USSS. He denied making any threat to kill Senator Edward M. Kennedy, but stated that the world should be rid of him. [REDACTED] said that "Kennedy was not worth killing even."

[REDACTED] claimed to have worked for Senator Robert Kennedy during his 1968 campaign and that he last saw Senator Edward Kennedy the night that Robert Kennedy was shot and killed in California.

b6
b7C

Additionally, [REDACTED] stated that the Kennedy Family is wealthy and they had refused to pay him for his help in the 1968 campaign. The Kennedy's also would not furnish him money for his own forthcoming presidential campaign.

It is [REDACTED] plan to leave Middletown, Ohio during the week of July 18, 1971, and travel to Washington, D.C., the United Nations, and Boston, Massachusetts. On this trip, he plans to contact veterans' groups in Boston to solicit funds for backing for his program during his proposed presidential campaign.

RE: [REDACTED]

[REDACTED] stated he would be driving a 1962 Valiant station wagon, light blue, bearing 1971 Ohio License 4417 IU. He plans to sleep in this vehicle during his trip.

b6
b7C

As to income, [REDACTED] stated that he is a resident of the State of California, and that he receives about \$190 monthly from the State in welfare payments. He is otherwise unemployed.

Through contact with the USSS Office, Cincinnati, Ohio, it was determined that [REDACTED] was interviewed by the USSS at the Northwest Gate of the White House in Washington, D.C., May 11, 1971, and that on May 12, 1971, he was admitted to Saint Elizabeth Hospital, Washington, D.C., as an emergency mental case, after reportedly threatening the life of the president. When interviewed in the hospital and by the USSS, he denied making any threats, saying he would take care of President Nixon politically after he took care of the Kennedy Family. [REDACTED] reportedly stated that he intends to make these trips to Boston and Washington, D.C., to "embarass the Kennedy imperialistic clan."

The diagnosis of [REDACTED] condition made at Saint Elizabeth Hospital as being Paranoid Schizophrenie with a poor prognosis.

b6
b7C

USSS files show that [REDACTED] admits prior confinement, Agnew State Hospital, San Jose, California, Austin State Hospital Austin, Texas and that he received out-patient psychiatric treatment at Mount Zion State Hospital San Francisco, California.

RE: [REDACTED]

b6
b7C

[REDACTED] reportedly also claimed to have been a member and former chairman of "Western Edition Community Organization" at San Francisco, California in 1967 and 1968, seeking justice in Urban Renewal. He also claimed to have attended San Francisco State College, San Francisco, California, Miami University at Oxford, Ohio, and Georgia State College, place not indicated.

On the night of July 13, 1971, information set forth above was in substance, furnished to Sergeant [REDACTED] who was at that time ranking officer on duty, Middletown, Ohio Police Department, and Captain [REDACTED], acting Chief of Police, Middletown, Ohio on the morning of July 14, 1971.

Captain [REDACTED] said that checks of the residence at 3200 Lefferson Road by the Middletown Police regarding [REDACTED] automobile, have been made, and that his description and automobile have been furnished to all officers of the Middletown Police, so that they would be aware of his background in the event local statutes were violated by [REDACTED].

Captain [REDACTED] said his department could not arrest [REDACTED] for commitment to the mental institution under State Of Ohio Law, on the basis of available information. He suggested that commitment for observation is possible if such action was initiated by [REDACTED] parents reportedly vacationing in Florida. Captain [REDACTED] said he was not inclined to solicit parental commitment since [REDACTED] is not an Ohio resident.

b6
b7C

RE: [REDACTED]

b6
b7C

A Special Agent of the USSS on July 14, 1971, discussed this matter with County Prosecutor Richard Wessell, Hamilton, Ohio, Butler County, in which Middletown is located. Mr. Wessell affirmed the opinion of Captain [REDACTED] to the effect that commitment of [REDACTED] is not possible under state law, unless such action was initiated by the [REDACTED] Family.

This matter was discussed on July 14, 1971, with Assistant United States Attorney Arthur T. Jackson at Dayton, Ohio. Subsequently on July 14, 1971, Mr. Jackson said that he had talked with Mr. James Myers, General Crime Section, United States Department of Justice, Washington, D.C., and that he and Mr. Myers agreed that any real or implied threats against the life of Senator Kennedy made by [REDACTED] are not in violation of Title 18, Section 351, United States Code. Both Messrs Jackson and Myers consider the allocations to be of a very serious nature, and feel that [REDACTED] movements should be restricted, if legally possible. In this regard, both concurred that since the FBI has no jurisdiction, primary responsibility lies with the USSS, in view of alleged threat against the president.

b6
b7C

All of the information set forth above has been freely exchanged as obtained between the FBI and the USSS at Dayton, Ohio.

The following description was obtained from the USSS at Cincinnati and through personal observation during interview by a Special Agent of the FBI:

Dear Edward,

You should be able to recall - Commission of July 6th, 71, a particular excerpt which reads:-

Queried the other: "What if they kill him, like they killed Him on Calvary?"

They won't kill Our Archservant! Because, they know what shall happen to their people, were they to merely try. Not No one is going to so much as lay a finger on Our Archservant! God will see to that!

Rest assured, Edward, observation is equally applicable to you and Edward Brooks, in the cause of your faithfulness to roles - as expected of His Appointees. Not a hair, under such a circumstance, shall be touched on your heads!

Here is a striking example of His care, of the rare, He has set aside to administer to His exclusive affects. In this case, averred my Father unto me:-

They are coming to kill you. Fear not, I shall be with you.

Frankly, I looked forward to a foolhardy attempt of that nature. Notwithstanding, felt sure, I shall look down on the remains of the would-be assassins. It shall so chance, in harmony with me, you, and Brooks, owing to our exclusive roles - receiving our undivided loyalty. As expected of servants in our position. Amen.

Dad Kennedy has been warned by me never to seek the Presidency.

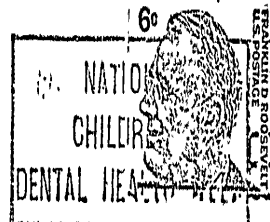

We all know the Communist party is run by the Mafia, some of the President's closest advisors are Communists. Dad would get exactly what his brothers got.

Let's hope he will not choose to run.

ENCLOSURE

Dear Sir, I like to tell you about Mr. & Mrs. [redacted] Lincolnwood, Illinois. Mr & Mrs [redacted] many of their friends and I - come to United States illegal. Why? I tell you why. We are ukrainians born in Russia. During the world war 2 we were in red army. Germans captured us and place in camp in Germany. In 1942 our general Andrei Andreevich Vlasov denounced Stalin and helped the germans mobilize over 600,000 russians prisoners into Hitlers service. We were in that army. Hitler used us, but remained suspicious of Vlasov and his soldiers. He said: today you work with us - tomorrow with somebody else. and he was right. When the war was almost over we discover that Germans will lost the war, so we decided to help Czechoslovakia to support the uprising in Prague. We ripped the swastikas from our uniforms and betray Hitler. Czechs used us, but when Russian army with Marshall Koniev were about to enter the city - the Czechs had asked us to leave. Our help was no longer needed. We were dismissed by the czechs. We were feared that our countrymen Russian would show us no mercy, so we stayed back toward the southwest. About half of us escaped across the Anglo-American lines in Germany. At Yalta, Churchill and Roosevelt had agree to return to Rucia any soviet citizens that are in their occupation zones. So we grabbed any civilian clothes and pretended to be Czechs, Polish, Yugoslavian etc. In order to come to United States (because there was no place for us to go) we had to lie about our nationality. So we witness for each other and sign as to be other slovac citizens. I come to US as a jugoslavian D.P. I like this country and for years I felt guilty about my past. But Mr & Mrs [redacted] are different. They always criticized everything America is doing and they says: we never forget "Yalta" and that is why we hate United States and when we will have chance, we will revenge. When they in any party or concepx where are ukrainian peoples, they play politics and try to turn everybody against United States. But in front of the american people they are so nice. They pretend to be so good citizens, that nobody will suspect who they really are, and what they really think about United States. Most of us are not US citizens. I am afraid to apply for citizenship, that some how my past may come out in investigation. But I am loyal to United States and I am appreciated to be here. Many of my friends warning me to be careful what I say in front of Mr and Mrs [redacted] because now they work with communists. Mr [redacted] believe that Russian will come to America soon, so he want to be safe in case that this will really happen. Last time we had drinks together, he said that if Kennedy or Muskie would be a president in 1972 - he will see to that, that they will be dead. In my opinion activity of these people leads to deeper hatredness among their friends to everything what is American and such activity should not be tolerated. I think that you would like to know this information about these kind of peoples because these kind people are poison for the United States.

"Friend" [redacted]

PS. My cousin was captured by Americans and sent back from Germany to USSR and was hanged together with Vlasov and others. I always think that this could happen to me also, that's why I thanks god for being here and safe. Why others dont think that way?

Kennedy Man With Two Faces

ST. PETERSBURG — There are times when even a convicted man is given a second chance, but there are many who are not about to give this same chance to Senator Kennedy after the escapade which resulted in the drowning of Mary Jo Kopechne. This is understandable!

The records of anyone accused of a crime are aired before the public in minute detail, but the findings of that tragic night in Chappaquiddick remain under lock and key.

Furthermore, the Senator has never shown any enmity toward those who have betrayed and made public secret government and FBI documents, instead, he contends that people are entitled to know the truth but he does not put into practice his theories when he himself is involved.

Senator Kennedy is the first to denounce any man with a questionable past, and he would be the first to demand that such a man not be elected to the Presidency! He is perfectly aware that his collaborators are moving heaven and earth to put him in the White House, but has done nothing to stop them.

Should it come to pass that the Senator would become a Presidential candidate, just as many people of Czech ancestry would vote for a Czech, and the Polish people for Muskie, so too would many Catholics vote for a Catholic, paying no heed whatsoever to the man's character or his policies, i.e.; they would vote for the Catholic Kennedy; the one who seeks to render powerless a President who is trying to save 69,000 American service men and prisoners of war in Vietnam; who conveniently ignores that the Communists are the aggressors, not the President; who would not mind if the Communists took over Vietnam, which

Kennedy Tried To Cover Up

TEMPLE TERRACE — In answer to Mrs. Donald R. Manley's letter of May 10, I feel I must ask how she justified Edward Kennedy's actions immediately following the accident which claimed Mary Jo Kopechne's life. Did he rush to the nearest house or telephone? Did he inform the police right away? Of course not. He talked with his cousin and called his attorney.

He tried to cover up his involvement by being at a hotel making his presence known. It was only after he realized

would result in the wholesale slaughter of the South Vietnamese.

Since I am Catholic and of Czech ancestry, I am well aware of people's racial chauvinism and religious bigotry. Kennedy himself demonstrates these same characteristics when he would have us become involved in his ancestral Ireland's problems, while consistently demanding our immediate withdrawal from Vietnam and disregarding the consequences.

Any Catholic who would cast his vote for Ted Kennedy only because of his religion or parental nationality, would be doing our country and the Church as much harm as the man with two faces — Senator Kennedy!

Defective Should Not Be President

TAMPA — In reply to the letter of Mrs. D. R. Manley, I would like to say that I don't think people are so much throwing stones at Senator Kennedy.

As she states, it was an unfortunate accident. For that we are not blaming Mr. Kennedy.

But at a time such as that he panicked and lied.

I have compassion and sympathy for Mr. Kennedy and I also have the same feelings for retarded and mentally defective children, but I would not want them for President of these United States.

It is as simple as that.

MRS. E. M.

Letters must bear the writer's true name (signed in ink or pencil) and street address but, if specifically requested, only initials will be used in publication. The Tribune reserves the right to reject any letter or shorten it to meet space requirements. Normally, a letter may not exceed 500 words and must be written on only one side of the paper. Only original letters, written exclusively to The Tribune, will be considered. Poetry cannot be used.

there was no way out that he admitted the whole tragic story.

As for Mr. Roy S. Anthony playing "God", I am sure this was not his intention. However, it never ceases to amaze me the aura of God that surrounds the Kennedy's!

Dear Mr. [Redacted]

I liked your letter so much
that it was printed in the Tribune
and I thought you might like
one of these cards —

A very conservative General
in the Army gave me one
and I ordered two hundred
from the address given on the
card. —

I have tried to spread these
throughout the country — and
I hope you will too —

Oh, my darling, oh, my darling,
oh, my darling, Mary Jo,
You are lost and gone forever,
and the truth we'll never know.
You were dancing at a party,
and the hour was getting late.
Then Teddy took you "ruin"
and it proven to be your fate.
A right turn, he was not used to,
to the left he always strayed.
And this, my darling Mary,
is why your life did fade.
Ten hours, you did stay there,
in the water far below.
And where was Ted those hours?
Getting sober, as we know.
"A lady killer, that is Teddy."
Were the cries on the next day,
With a neck brace to hold his head up,
The TV viewers heard him say;
"A,a,a, daba, daba — daba, daba,
daba, daba — daba — do,
Elect me for President,
I'll take U.S. for a ride too."

May 26, 1972

[redacted] the letter and card that I spoke to you about and the letter in the Tampa Tribune which started this odd set of circumstances. If you will notice, there were two other letters against Kennedy in the Tribune that day, May 22. I wonder if they too received a visit from Mr. [redacted] of Tampa. There is no question about it that these cards could incite, stimulate, provoke or instigate some "nutsy" to take a pot shot at Kennedy. While I don't want to see him become President, I'm not about to sit by and say nothing if this is on a national scale, because we could have another Wallace "incident".

b6
b7c

The man who came to my door said he would like to speak to me after he had read if I had written the letter about Kennedy. I told him he could speak to me but I wasn't about to let him in because I was getting a lot of calls since the letter was published and I didn't know him. He took out an identification card, Capt. [redacted], USNR. I told him that meant nothing to me either and what was it he wanted? He said, "Here I want you to have this" and handed me the same card I had received through the mail just before I called you. Then he asked me what kind of a background do I have? I said I didn't think that mattered, and he said well he would like to know because he would like for me to speak at the Torch Club. By then I began writing things down, I told him I have many things in my mind and if he wants me to speak I want to pull it over. He said fine, write it down, it's a club of prominent business men and meets once a month at the Sheraton Motor Inn.

I was again asked about my background. Did I go to College? I said no. Where did I work? I told him at the Veterans Administration. What could I speak about, as he has been following my articles and letters for a long time? I said Communism. He asked if I would write it down. I told him no, I can speak as it comes to me I do not need to write anything down. So he asked how long I have been in this country? I said I was born here. Well where do you get your ideas, how is it that you can write this way, he asked? I said, I feel a much higher power guides my hand because I am not really that smart. Now THAT floored him. For a moment I thought I lost him, but no he came back and began telling me what I ought to write about the Bremer case. I said that I do not wish to monopolize the Tampa Tribune. He said that was all he knew Mr. [redacted] the Editor, because he had spoken at the Torch Club.

I called Mr. [redacted] and he said yes he had spoken there several years ago, but has had no contact with it since then and doesn't know what the Club is like now although it had been a Club of prominent men. Mr. [redacted] would not understand though that Mr. [redacted], whom he had heard about, would be handing out the "Wanted" cards. I had read the poem to Mr. [redacted] and he did not like it, he said cards like that would incite some people, and that he thought they were pretty far out to be healthy.

I told Mr. [redacted] that I would think it over and if he really wanted me to speak he should let me know, but not this coming month as my sister was coming ~~to~~ to visit me and I would be pretty busy. He said OH we book the lectures about a year ahead of time, so you can think it over. I was certainly happy that I had the presence of mind not to tell him I was leaving for Mexico.

b6
b7c

Then Mr. [redacted] asked if I had some means of transportation. I said no I didn't but if I accepted I would get someone to drive me. He said he wouldn't think of it. There are two members here in St. Petersburg who would be glad to take me.

But Mr. [redacted] does not know is that if you would want me to attend the meetings, I would ask that an Agent come with me. I am not about to get into a strangers car and go to Tampa in view of the literature that is being passed out.

In fact I am not about to become involved if there is a conspiracy for another shooting, and I will not attend the meeting unless you people would want me to do so.

I found today that my mind is working just as quickly as it has in the past and I have done similar work for the FBI before and I can do it again.

Neither am I about to play into somebody's hands if that is the reason for my strange visitor.

I think this covers it all. Oh yes, when I said that I feel a power stronger or higher than I guides my hand when I write he said, very emphatically, I wouldn't say things like that, don't get involved in something like that! I asked him why not, since it was the truth? That was when I thought I had lost him. He must be anti-God too.

God willing I shall be home the 15th of June, and I am leaving the 3rd should you wish to get in touch with me before I leave or after I get back.

Kindest regards to you and Mr. [redacted]

MR McGovern,

This will be the same letter that I'm sending to three other political figures. The contents of this letter was dictated by OURA Board between 12:10 + 2:00 AM. ON May 1, 1972.

ON MAY 4. 4 Political Figures including yourself, Sen Kennedy, Sen Muskie, and the speaker of the House of Representatives will be assassinated in the capitol Bldg, in your own offices.

We understand that this could trigger a revolution in the U.S.

The bombing is preplanned; the type bomb will be dynamite with a contact fuse placed under chairs.

The person that will do this is a capitol guard whose purpose is reprisals against demonstrators.

NAME Sgt [redacted] (or a combination of these letters) 32 yrs old.

The guard does not have keys to the offices but will get them from some other person who evidently doesn't know what he is going to.

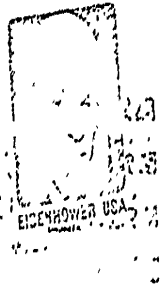

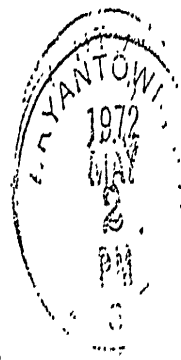

This will signal a (g) change for the worse in America. There will be a repression of rights + freedoms. This will go on for four years then get better.

The equipment to make the bombs should be able to be found in a garage that belongs to this man within a block from his home. We feel it our duty to help. Please don't consider this a joke. Even if our information is incorrect you owe it to yourself to check. We have done our part. We do this because we want to help + think you would do the same for us.

Mr. Kennedy,

I'm not much of a letter writer, but I have something of the utmost urgency that you must know about. Actually there are two of us here, and the following events have been related by OUISA Board. This letter is written in all sincerity.

ON May 4 the time may be in the afternoon, but I'm, or we are not sure. But it will be May 4th. 4 Political figures including yourself, Sen Muskie, Sen McGovern and the speaker of the house of Representatives are to be assassinated in the United States Capitol Bldg in your own offices. We understand that this could trigger a revolution in the U.S.

This Bombing is proplanned; the type bomb will be a dynamite bomb with a contact fuse placed under those four peoples chairs.

The person that will do the bombing is a capitol guard, whose purpose is

Reprisals against demonstrators. The Guard is Sgt [redacted] (on a combination of these letters) and he is around 32 yrs old.

The guard does not have the keys to the offices but will get them from some other person who evidently doesn't know what he is going to do.

This is to signal a bad change of life in America. There will be a repression of rights and freedoms for four years then it is to get better again, better than it is now.

The equipment to make the bombs should be able to be found in a garage that I think belongs to Sgt. [redacted] within one block of his home. I feel (WE) it our duty to help.
