REPLY TO A
ATTENTION OF

IMDU-HRA

20 September 2016

Mr. John Greenewald

Dear Greenewald:

This correspondence is in response to your Freedom of Information Act (FOIA) request referred to this office on May 23, 2016, received in this office on May 24, 2016, in which you requested, a copy of records, electronic or otherwise, of a printout/listing of all technical reports at DPG or West Desert Technical Information Center at Dugway Proving Ground that were dated/originated between 1960 and 1969.

As a preliminary matter, we would like to apologize for the delay in responding to your request. Because we are required to address a large number of FOIA demands, many involving sensitive records, we cannot always respond to requests as quickly as we would like. Accordingly, we handle backlogged cases on a "first in, first out" basis, a practice that has been recognized by the courts. See, e.g., *Open America v. Watergate Special Prosecution Force*, 547 F.2d 605, 614-16 (D.C. Cir. 1976). Nevertheless, we are sorry for any inconvenience this delay may cause.

Further, in processing your request, we came across some of the requested reports on the website Governmentattic, please see: <http://www.governmentattic.org/>.

Because some of the documents are already in a public domain, we will only process part of this request. Enclosed please find the list for years 1966-1969 which are not available on line at this time. There were no costs incurred to process your request. We will consider this FOIA completed and close it out at this time.

If this office can be of further assistance, please contact Zane Gonder at 435-831-2535, email: zane.p.gonder.civ@mail.mil.

Sincerely,

Zane Gonder
Government Information Specialist
Dugway Proving Ground, Utah
